Handbook of Brewing William Hardwick,1994-11-15 Offers detailed studies of beer and its production as well as its commercial and economic aspects. All beverages worldwide which are beer-like in character and alcoholic content are reviewed. The book delineates over 900 chemical compounds that have been identified in beers, pinpoints their sources, gives concentration ranges, and examines their influence on beer quality. This work is intended for brewing, cereal and food chemists and biochemists; composition, nutrition, biochemical, food and quality assurance and control engineers; nutritionists; food biologists and technologists; microbiologists; toxicologists; and upper level undergraduate and continuing-education students in these disciplines.

Financing the Sport Enterprise Thomas H. Sawyer,Michael G. Hypes,Julia Ann Hypes,2004 Designed to meet the standards established by the National Association for Sport and Physical Education (NASPE) and the North American Society for Sport Management (NASSM), this book is intended to provide professional practitioners and students in sport management a book with comprehensive survey coverage of the many traditional and innovative aspects of financial management. The focus of this text is upon the basics of financial management including, but not limited to: diversification of revenue, acquisition of revenue resources, financial management, auditing, sponsorships, licensing, franchises, fund raising, and more. Different from most general finance texts, this book focuses on and uses many examples specific to the sports field. Plus, it has many practical examples and ideas for the practitioner to use. With this knowledge, readers will be able to take a proactive role in confronting the fiscal challenges faced by their organisation.
