How to Sweet-Talk a Shark Bill Richardson, Kevin

Bleyer, 2013-10-15 Sharks are not evil. But they're single-minded and very, very hungry. On land, they take the form of bosses, businesspeople, colleagues, family, and sociopathic neighbors. In the world of former governor of New Mexico and US ambassador to the United Nations Bill Richardson, they have taken the form of the most powerful people in the world. He's engaged in high-stakes, face-to-face negotiations with Castro, Saddam, the Taliban, two generations of North Korean leadership, and many more of the world's most infamous dictators—and done it so well he was known as the Undersecretary of Thugs while with the Clinton administration. Now the 5-time Nobel Peace Prize nominee tells these stories—from Washington, DC, to the Middle East to

Pyongyang—in all their intense and sometimes absurd glory. How to Sweet-Talk a Shark is a rare, candid, and entertaining glimpse into an insider's world of high-stakes negotiation—showing Richardson's successes and failures in some of the world's least friendly places. Meanwhile, readers get frank lessons in the art of negotiation: how to prepare, how to size up your opponent, how to understand the nature of power in a standoff, how to give up only what is necessary while getting what you want, and many other strategies Richardson has mastered through at-the-table experience—and from working with other master negotiators like Presidents Obama and Clinton, and Nelson Mandela. These are takeaways that anyone can use to negotiate with the power brokers, dealmakers, and, yes, the hungry sharks in their own lives.

Misunderstood Shark Ame Dyckman, 2018-04-24 From bestselling author Ame Dyckman and illustrator Scott Magoon comes the laugh-out-loud story about a Misunderstood Shark who just wants to show the world who he really is... Every beachgoer knows that there's nothing more terrifying than a... SHARRRK! But this shark is just misunderstood, or is he? In a wholly original, sidesplittingly funny story, New York Times bestselling author Ame

Dyckman and illustrator Scott Magoon take this perennial theme and turn it on its (hammer)head with a brand-new cheeky character. The filming of an underwater TV show goes awry when the crew gets interrupted by a... SHARRRK! Poor Shark, he wasn't trying to scare them, he's just misunderstood! Then he's accused of trying to eat a fish. Will Shark ever catch a break? After all, he wasn't going to eat the fish, he was just showing it his new tooth! Or was he? Explosively funny, extraordinarily clever, and even full of fun shark facts, this surprisingly endearing story gets to the heart of what it feels like to be misunderstood by the people around you. With a surprise twist ending, our Misunderstood Shark will have kids rolling with laughter!

I Escaped The World's Deadliest Shark Attack Scott

Peters, Ellie Crowe, 2019-09-28 A young sailor is trapped in the ocean, surrounded by hundreds of man-eating sharks, during the deadliest attack the world has ever seen. Can he escape? From multi-award-winning Ellie Crowe and Scott Peters. 16-year-old Josh is thrilled to be a crew member aboard the mighty USS Indianapolis. But when a Japanese torpedo strikes in the middle of the night, it tears the warship in half. Josh is thrown from the deck and plunged deep into the black ocean. In horror, he watches the massive vessel begin its death plunge, threatening to pull him down with it. Josh is no swimmer. He's a baseball player from San Antonio, Texas. He's way out of his element. Soon, hundreds of sharks begin to circle. He's living his worst nightmare, but for how long? How can he survive with no lifeboat, no food or water, and countless hungry sharks? Every hour is a fight because if he gives

up, he'll never make it home. But does he have what it takes to survive? With no rescue team in sight, can Josh ever hope to escape? On July 30, 1945, the USS Indianapolis was torpedoed at 15 minutes past midnight. It sank in 12 minutes. The survivors spent four days fighting off the deadliest shark attacks in history. This is the 3rd children's book in the I Escaped Series about brave kids who face real-world challenges and find ways to escape. Sure to appeal to fans of books like I Survived by New York Times Bestseller Lauren Tarshis, stories about the Titanic, and readers of Alan Gratz. An important, relevant tale of bravery and friendship during a terrible tragedy in American history.

How to Draw Sharks Arkady Roytman, 2015-11-18 Easy-to-follow book shows how to use basic geometric shapes to form 31 varieties of the toothy predators, from the great white and the hammerhead to the tiger, bull, and saw sharks. Blank practice pages.
