Life Through the Eyes of a Hurricane Doggie-Dog! Tracy A. Spaine,2011-10 Hurricane is a loveable and energetic golden retriever who embraces life and all it entails, enchanting readers with his escapades as glimpsed through the eyes of a dog. But Hurricane is not just any dog. His deep-felt empathy and compassion is evident in his life story, Life through the Eyes of a Hurricane. Hurricane gives us a taste of what encompasses life for a dog, and forces us as humans to look beyond what we see as just a dog mentality to one of appreciation. Read about his compulsion with socks, the anxious and fearful moments as he waited to be chosen from his litter, and how he dealt with the death of an animal companion. This engaging book shows the special relationship that Hurricane has built with each of his human family members, and the enjoyment he takes while accompanying family excursions to the mountains and waters of North Carolina. Hurricane is an endearing God's creature that welcomes life and all it has to offer. May we all learn to live life as completely! Tracy A. Spaine's husband and son encouraged her to write about Hurricane and his antics in her blog. They were welcomed with such delight that a few readers indicated I need to write a book. She is a special education teacher near Raleigh, North Carolina. <http://SBPRA.com/TracyASpaine>

Mississippi Barking Chris McLaughlin, 2021-08-26 On August 29, 2005, the worst natural disaster in the history of the United States devastated the city of New Orleans and the Gulf Coast of Louisiana and Mississippi. Like many others in America and around the world, Chris McLaughlin watched the tragedy of Katrina unfold on a television screen from the comfort of her living room on Cape Cod in Massachusetts. In the devastation afterwards, almost 2,000 people and an estimated 250,000 animals had perished. Miraculously, many pets did manage to survive. But in the months that followed the hurricane, thousands of them were fending for themselves in the ruins of devastated neighborhoods. They roamed the streets in feral packs or struck out alone. Their plight triggered a grassroots rescue effort unlike any this country had ever seen, and while relief organizations such as the Red Cross were tending to the human survivors, and movie stars and celebrities were airlifting food and endorsing seven-figure checks, a much smaller and meagerly funded effort was underway to save the four-legged victims. With no prior experience in disaster response and no real grasp of the hell that awaited them, scores of animal lovers, including McLaughlin, made their way to the Gulf Coast to help in any way they could. Including photos from four-time Pulitzer Prize-winning photojournalist Carol Guzy, *Mississippi Barking* spans the course of two years as McLaughlin and others ventured into the wreckage of the Gulf Coast to rescue the animals left behind. McLaughlin tells the moving stories of the people she met along the way, both those who lost everything to the hurricane and those working beside her rescuing and transporting animals away from the neglected, derelict conditions in which they barely survived. Within this story of tragedy and cruelty, suffering and ignorance, *Mississippi Barking* also bears witness to selfless acts of bravery and compassion, and the beauty and heroics of those who risked everything to save the animals that could not save themselves.

The Case of the Hurricane Hounds B. R. Snow, 2017-06-09 Suzy, along with Josie and Chef Claire, has finally succumbed to her mother's

pressure and are in the Cayman Islands for some relaxation and time in the sun. But on their first night there, a major storm blows through, and Suzy and Josie head outside to rescue a stray bloodhound they saw on the beach earlier in the day. But their rescue effort needs to be expanded when they realize the agitated bloodhound is trying to protect a female basset hound and her six puppies. When the power goes out while they're trying to get all eight dogs settled into her mother's garage, Suzy wonders if their first day of vacation could get any stranger. Her question is soon answered when the lights come back on and Wily, a local financier with a reputation for philandering, is found stabbed to death in the living room. Before Suzy has time to even focus on who might have killed him, Jerome Crenshaw, an incredibly wealthy resident, gets killed in his own house the same way as Wily. And as she embarks on trying to solve the murders, it soon becomes apparent that her mother has some ulterior motives of her own that could force Suzy, Josie, and Chef Claire to make some life-altering decisions. Surrounded by the ocean, and confronted with a diverse group of individuals as well as a few stingrays that are just a bit too close for comfort, all three women begin to wonder, that if they had wanted weirdness and murder, why did they leave home in the first place. The Thousand Islands Doggy Inn Mysteries features two of the smartest and funniest lead female protagonists to hit the cozy mystery scene in a very long time, and Suzy and Josie's affection for food and their boundless love and devotion to their dogs puts this new series in the don't miss category.
