As Cool As I Am Pete Fromm,2007-04-01 As a teenager pretty much left to raise herself, Lucy Diamond is a narrator with a radiant yet guarded heart. As she races at breakneck pace toward womanhood, everything is at stake for her, producing an urgency and dread that she holds at bay with humor and grace. But while Lucy charges ahead, her mother's youth is fading. Simultaneously embracing and resisting their similarities, Fromm reveals both women's emotional vulnerabilities and their deep mutual need. Conveyed through dialogue that is both laugh-aloud-funny and true, Lucy stands out in contemporary literature for her large heart and inimitable grit.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled *The Last Lecture*. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Blue Door, Red Bowl Joseph C. Forehan, 2021-11-30 By any standard and all expectations, James leads a typical Southern California middle class upbringing. AYSO soccer, a treehouse, best friends, a first love, and then off to college. But what happens when things unexpectedly fall apart? What happens when the security and hope of a quiet and satisfying childhood is upended with death, drugs and bad relationships? This is James' story. A story about falling down, getting back up and then falling down even further. Set in the 90's and early 2000's, this story takes place in a time before social media, smartphones and all that comes with the world we know today. This is a story based on social interactions and a life that is led outside, a life not set behind screens and status updates. *Blue Door, Red Bowl* tells the story of a man trying to make things right, a story about a life with its challenges but ultimately, a life worth living.

Just Be Cool, Jenna Sakai Debbi Michiko Florence, 2021-08-03 Fans of Lisa Greenwald and Wendy Mass are sure to fall head-over-heels for this funny, sweet story of crushes, competition, and the confusing reality of middle school. Heartbreak is for suckers. -- Jenna Sakai When Jenna gets dumped over winter break, it confirms what she learned from her parents' messy divorce: Relationships are risky and only lead to disappointment. So even though she still has to see her ex-boyfriend Elliott at newspaper club, Jenna is going to be totally heartless this semester -- no boys, just books. But keeping her cool isn't always easy. Jenna's chief competition for a big journalism scholarship is none other than Elliott. Her best friend Keiko always seems busy with her own boyfriend. And cute-but-incredibly-annoying Rin Watanabe keeps stealing her booth at the diner she's been hiding at every day after school. Rin is every bit as stubborn and detached as Jenna. And the more Jenna gets to know him, the more intriguing a mystery he seems. Soon Jenna is starting to realize that being a loner is kind of, well, lonely. And letting people in might just be a risk worth taking.

Chew with Your Mind Open Cameron Day, 2021-06-30 Allow me to blast a ray of sunshine through the murky clouds hovering over advertising agencies and marketing departments alike. If you've got talent, I can keep you from rolling an embarrassing string of gutter balls. *Chew With Your Mind Open* is here to make it make sense to the degree that advertising ever will. The politics. The personalities. The nonstop problems in need of smart and effective solutions. I was lucky. I had a great thinker in my corner for over two decades. A rock-solid, real-live 24/7 mentor. My father, Guy Day, knew the advertising racket well and was no stranger to remarkable creative work. He co-founded Chiat/Day as a writer and was the agency's

president, twice. My dad helped inspire some of the best advertising of the 20th century, Apple's 1984 Super Bowl spot for example. He also inspired me. What my father gave me, is what I'm now ready to give you. Just enough big-picture guidance to be dangerous. My advice can keep you from falling into unproductive time-sucks and sinking in conceptual quicksand. I'll help you avoid the chronic wallowing, unneeded politicking, and blame game that's all too common in the business. I'll help you develop good habits that will serve you well in the worst of times. Throughout my book, I'll share how I got -- and still get -- my best thinking through the gauntlet without collecting a huge assortment of knives in my back. Granted, a few of them will be unavoidable. I'll address that part, too. My knowledge comes from real-life experiences, and my book is broken down by subject and is served one easily digestible nugget at a time. Sometimes my experiences are funny, other times embarrassing, but they always reveal an underlying truth and a learning opportunity that could spare you some scar tissue. Along the way, readers will be in the room with me as I present work, defend it, debate clients, and push the best thinking forward.
