*This 'n That* Bette Davis,2017-04-04 Originally published in 1987, a collection of anecdotes as well as opinions pro and con on a wide range of subjects by legendary actress Bette Davis--now in ebook for the first time! A woman of strong appetites and opinions, Bette Davis minces no words. In frank, no nonsense terms she talks about the stroke that nearly killed her, and inspires us with the story of her subsequent recovery from cancer--a lively and encouraging account shot through with the star's unique blend of spunk and wit. Davis was famous for being as unsparing of herself as she was of others. Among the others of this book are President Ronald Reagan, who was a contract player at Warner Bros. when she was; Joan Crawford, her costar in *Whatever Happened to Baby Jane?*; Humphrey Bogart; Marilyn Monroe; Elizabeth Taylor; and Helen Hayes, Bette's costar in her first film after her illness, *Murder with Mirrors*. She also talks about her deep friendship with her longtime assistant, Kathryn Sermak, who nursed Davis back to health after her stroke and ushered her back into acting when Davis's doctors thought all hope was lost. As Davis says, If everyone likes you, you're doing your job wrong. This is a unique and controversial book by one of the most incandescent and unconventional acting talents of all time, as magnetic and supremely talented as the lady herself.

*Heirloom Fruits and Vegetables* Toby Musgrave,2012-06-05 A celebration of the beauty and rich history of heirloom varieties of fruits and vegetables. Fruits and vegetables have been a central part of our diets since time immemorial, and the history of their cultivation is rich with intriguing facts: Samuel Pepys's diary entry for August 22, 1663, reveals that "Mr Newburne is dead of eating Cowcumpers" (cucumbers); many tomato varieties were first bred in the United States and are still available, from "Striped German" to "Pink Ping Pong" to "Zapotec." Today, numerous traditional fruit and vegetable varieties--the so-called heirloom or heritage varieties--are disappearing, a catastrophic loss of horticultural heritage and genetic diversity. But gardeners have reason to be optimistic. A group of dedicated growers around the world is seeking to conserve surviving heritage varieties for their significant advantages over newer cultivars: they are more adaptable, they have good storage properties, and they often have a superior taste. Presented by season, this overview first tells the story of the cultivation of fruits and vegetables through the ages, and then each type is discussed: where it originated, indigenous uses and folklore, how it got its name, legends and beliefs that have become attached to it, and the odd uses to which it has been put.

*New York Court of Appeals. Records and Briefs.* New York (State).,

Once Bitten, Twice Shy Jennifer Rardin, 2007-10-08 I'm Jaz Parks. My boss is Vayl, born in Romania in 1744. Died there too, at the hand of his vampire wife, Liliana. But that's ancient history. For the moment Vayl works for the C.I.A. doing what he does best -- assassination. And I help. You could say I'm an Assistant Assassin. But then I'd have to kick your ass. Our current assignment seemed easy. Get close to a Miami plastic surgeon named Assan, a charmer with ties to terrorism that run deeper than a buried body. Find out what he's meeting with that can help him and his comrades bring America to her knees. And then close his beady little eyes forever. Why is it that nothing's ever as easy as it seems?

**Torah Yoga** Diane Bloomfield, 2004-03-31 This highly original book introduces a fascinating new approach to yoga and Torah by combining the practice of classic yoga postures with traditional and mystical Jewish wisdom. Each chapter begins by presenting a central Jewish spiritual concept that engages readers of all faiths on a personal level. It offers an in-depth exploration of the concept, quoting and commenting on sacred Jewish texts from the Pentateuch (Five Books of Moses) and other sources. It then guides its readers with mastery and clarity through a meditation and a set of fundamental yoga postures--clearly illustrated by beautiful photographs--for both beginning and advanced yoga students. The Torah concept is actualized and experienced through the practice of these postures. Torah Yoga helps to heighten awareness of body, mind, and spirit? it illuminates the heart of Jewish wisdom.

*Astrological Prediction: A Handbook of Techniques* Oner Doser, 2015-01-15 This new work by popular Turkish astrologer Oner Doser embodies an important new trend in astrology: the harmonizing of traditional and modern techniques for contemporary astrologers. In this first English edition, Oner Doser presents numerous powerful and ancient techniques for natal charts, focusing on the use of time lords, planets and places which manage one's life, in order, for various amounts of time. The traditional techniques here include: Ptolemy's Ages of Man, triplicity periods, distributions or directions through the bounds, primary directions, profectio, and firdaria. Contemporary techniques include secondary progressions, solar arcs, and transits. Of special importance is the use of several techniques together, such as transits to a solar return, or in conjunction with firdaria periods. With concluding chapters on eclipses and solar returns, Doser provides valuable advice for using these techniques in rectification.
