Tamil Alphabet Book Dinesh Verma,2011-04-13 This alphabet book is meant to introduce the Tamil (Tamizh) alphabet to children in the U.S. and other countries who are more comfortable with English. This book is divided into seven sections. In the first section, the alphabet chart of Tamil is provided. In the second section, the vowels of Tamil are introduced. In the third section, the consonants of Tamil are introduced. In the fourth section, the Grantha consonants, letters borrowed from Sanskrit in Tamil, are introduced. In second through fourth sections, each letter is introduced by means of a picture of a Tamil word containing the letter. A reasonable approximation to pronouncing the letter and the word in English is given. The English translation of the word and the name of the letter is also provided. In the fifth section, the form of different consonants when they are combined with different vowels are shown. In the sixth section, the basic Tamil numbers are introduced. The final section provides a simple overview of some rules for Tamil pronunciation.

Vedic Mathematics Made Easy Dhaval Bathia,2005-01-01 A Simplified Approach For Beginners& Can you multiply 231072 by 110649 and get the answer in just a single line? Can you find the cube root of 262144 or 704969 in two seconds? Can you predict the birth-date of a person without him telling you? Can you predict how much money a person has without him telling you? Can you check the final answer without solving the question? Or, in a special case, get the final answer without looking at the question? Can you solve squares, square roots, cube-roots and other problems mentally?All this and a lot more is possible with the techniques of Vedic Mathematics described in this book. The techniques are useful for students, professionals and businessmen. The techniques of Vedic Mathematics have helped millions of students all over the world get rid of their fear of numbers and improve their scores in quantitative subjects. Primary and secondary school students have found the Vedic mathematics approach very exciting. Those giving competitive exams like MBA, MCA, CET, UPSC, GRE, GMAT etc. have asserted that Vedic Mathematics has helped them crack the entrance tests of these exams.

Aalakaalan / ??????? R. Sethuraman / ???. ?????????,2021-10-07 There is no motive without a reason. Just like a coin has two sides, every word's meaning has its own understanding. To the best of my ability and in order to put forth an important ideology across, I have managed to analyze and interpret certain happenings with different interpretations and connotations. We know that several rivers and numerous waterfalls merge into the sea, but where are these diverse set of characters and small stories travelling towards? Will they all meet at the point of destruction or creation? Nowadays, with almost everything coming under the radar, what if there is a significant something which has still managed to escaped this, trying to take over creation? It is the destructive poison Halahal, which is extremely powerful, and even the Devas and Demons hide themselves in fear! What if this poison is about to devastate the earth? This full-fledged war is between the forces of the endless energy on one side and an army of absolute supremacy on the other - and the self-centered citizens of the world helplessly watch whatever is happening. Who will win this war? Everyone needs a saviour now just like Neelkant, who will come to protect the people? This is what Aalakaalan is about
