Sufi Martyrs of Love C. Ernst,B. Lawrence,2016-04-30 Sufism is a religion which emphasizes direct knowledge of the divine within each person, and meditation, music, song, and dance are seen as crucial spiritual strides toward attaining unity with God. Sufi paths of mysticism and devotion, motivated by Islamic ideals, are still chosen by men and women in countries from Morocco to China, and there are nearly one hundred orders around the world, eighty of which are present and thriving in the United States. The Chishti Sufi order has been the most widespread and popular of all Sufi traditions since the twelfth-century. **Sufi Martyrs of Love** offers a critical perspective on Western attitudes towards Islam and Sufism, clarifying its contemporary importance, both in the West and in traditional Sufi homelands. Finally, it provides access to the voices of Sufi authorities, through the translation of texts being offered in English for the first time.

Religious Response to Social Change in Afghanistan, 1919-29 Senzil K. Nawid, 1999 The bulk of the study in this volume is based on indigenous sources. In addition to the legal codes, it draws on official publications of the Afghan government, reports of parliamentary debates, periodicals, newspapers, and Afghan and British archival materials. It also draws on information provided by Afghan and Western historians and on personal interviews. British-Soviet rivalry and the extended

Anglo-Afghan conflict are sub-themes of the book. Both provide useful background information to recent political developments in Afghanistan.--Jacket.
