Maasai Language & Culture Frans Mol,1996 The Maasai, basically a cattle-keeping people, live in East Africa on both sides of the Kenya-Tanzania border. . . . [Their] language and culture [are] under great stress and pressure from present-day ideas of modern life. . . . Maasai children learn their language from their mothers, but most of these children when they go to school will never learn to read or write in their mother tongue. None of them will ever know the basics of the grammar of their own language. This book tries to preserve as much as possible of Maa, the language, and Olmaa, the culture. It may best be described as a depository of linguistic and cultural data of the Maasai. -- Introduction, p. iii.
