Clay Water Brick Jessica Jackley,2015-06-23 In the tradition of Kabul Beauty School and Start Something That Matters comes an inspiring story of social entrepreneurship from the co-founder of Kiva, the first online microlending platform for the working poor. Featuring lessons learned from successful businesses in the world's poorest countries, Jessica Jackley's Clay Water Brick will motivate readers to more deeply appreciate the incredible entrepreneurial potential that exists in every human being on this planet—especially themselves. “The heart of entrepreneurship is never about what we have. It's about what we do.” Meet Patrick, who had next to nothing and started a thriving business using just the ground beneath his feet . . . Blessing, who built her shop right in the middle of the road, refusing to take the chance that her customers might pass her by . . . Constance, who cornered the banana market in her African village with her big personality and sense of mission. Patrick, Blessing, Constance, and many others are among the poorest of the world's poor. And yet they each had crucial lessons to teach Jessica Jackley—lessons about resilience, creativity, perseverance, and, above all, entrepreneurship. For as long as she could remember, Jackley, the co-founder of the revolutionary microlending site Kiva, had a singular and urgent ambition: to help alleviate global poverty. While in her twenties, she set off for Africa to finally meet the people she had long dreamed of helping. The insights of those she met changed her understanding. Today she believes that many of the most inspiring entrepreneurs in the world are not focused on high-tech ventures or making a lot of money; instead, they wake up every day and build better lives for themselves, their families, and their communities, regardless of the things they lack or the obstacles they encounter. As Jackley puts it, “The greatest entrepreneurs succeed not because of what they possess but because of what they are determined to do.” In Clay Water Brick, Jackley challenges readers to embrace entrepreneurship as a powerful force for change in the world. She shares her own story of founding Kiva with little more than a laptop and a dream, and the stories and the lessons she has learned from those across the globe who are doing the most with the least. Praise for Clay Water Brick “Jessica Jackley didn't wait for permission to change the world—she just did it. It turns out that you can too.”—Seth Godin, author of What to Do When It's Your Turn “Fascinating . . . gripping . . . bursting with lessons . . . Jessica Jackley has written a remarkable book . . . so thoroughly well meaning and engagingly put it is too magnetic to put down.”—Financial Times “Clay Water Brick is a tremendously inspiring read. Jessica Jackley, the virtuoso co-founder of the revolutionary microlending platform Kiva, shares uplifting stories and compelling lessons on entrepreneurship, resilience, and character.”—Adam Grant, author of Give and Take “A blueprint for anyone who wants to make the world a better place and find fulfillment in

the process, no matter how scarce their resources or how steep the challenge.”—Arianna Huffington “This book is inspirational. And honest and practical. . . . Well written, thoughtful: a selfless account of how to succeed by doing right and following your heart.”—Booklist

If I Break 3 Book Bundle Portia Moore, This bundle includes the prequel to IF I Break Before Him, If I Break, Before I Break and Almost Broken. “Think of the worst breakup you ever had. If it didn’t end with your boyfriend asking you for a threesome the day after taking your virginity, I’ve got you beat. All I’ve ever wanted was to experience a love like my parents had. They told me all those stories about love when I was a little girl, and how it’s the key to living happily ever after. Well, I started to think those were all lies. Love is a trick, and it doesn’t exist. Who needs romance when it only ends with you crying your eyes out? So I went on strike two years straight: no love, no men... and it was going well! But then this guy Steven smiled at me and then his best friend Michael kissed me and, well, this story is so complicated there has to be a good ending to it. Right? Or maybe my Fairy Godmother’s a major bi-tch.”

The Way I Used to Be Amber Smith, 2022-12-29 THE TIKTOK SENSATION THAT EVERYONE IS TALKING ABOUT 'After finishing this book, my heart was pounding and I couldn’t find words big enough to describe how brilliant, beautiful, and powerful it is.' L.E. Flynn, author of All Eyes On Her All Eden wants is to rewind the clock. To live that day again. She would do everything differently. Not laugh at his jokes or ignore the way he was looking at her that night. And she would definitely lock her bedroom door. But Eden can’t turn back time. So she buries the truth, along with the girl she used to be. She pretends she doesn’t need friends, doesn’t need love, doesn’t need justice. But as her world unravels, one thing becomes clear: the only person who can save Eden ... is Eden.

Bricks C.M. Benet, 2022-03-16 Why Bricks? Throughout my life, I've built walls of protection to keep people out, an encompassing tower of protection from the pain and hurt I have experienced. As I grew closer and closer to the Lord, He showed me a new way, a way that required walls to come down, a full demolition of thought patterns about my own life. He showed me the tower of protection I built was a prison. Bricks is a vulnerable account of my personal journey to freedom and restoration. It goes to the depths exposing trauma, yet God reveals Himself over and over; He was there all along. Each one of us has a story; many times we discredit its value, yet to someone else it just might be a lifeline. I pray my story will be an encouragement and insight into your own struggles. Breaking free from past hurt and making peace with our journey is true freedom. From childhood to marriage to parenting and everything in between, I pray Bricks touches your heart and brings you restoration and a deeper love for our amazing Savior. He is the answer, always. May God bless you as you take a walk with me and Jesus through my story. Create in me a clean heart, O God, and renew a right spirit within me. --Psalm 51:10 2

Break It Up E.M. Tippetts, 2014-12-17 This book has characters in common with the Someone Else's Fairytale series. Kyra Armijo is making a few changes in her life. One of them being, she's no longer going to give it up to every guy who looks at her twice. And she's putting her hopes and dreams for her future first. When the aspiring photojournalist gets the opportunity of a lifetime to tag along with international boy band sensation, Triple Cross, she can't pass up the chance. The only problem is that she's in love with one band member, dodging the unwanted attention of another, and desperate to keep her turbulent past under wraps. Triple Cross have nice guy appeal, approved of by parents the world over, but have just let go their longtime manager, who controlled their clean image and media exposure with an iron fist. When Zach Wechsler, the object of Kyra's affection, begins to show interest, she has to be careful. Surely one girl can't destroy a band that's been together for ten years... only what if she can? Kyra knows she's one bad decision away from ruining everything she's worked for, and taking the hottest act of her generation down with her. This new adult book is suitable for all ages. Order of the Someone Else's Fairytale Series: Someone Else's Fairytale Nobody's Damsel Break It Up (spinoff) A Safe Space (spinoff) The Hunt for the Big Bad Wolf

Lab Rats Dan Lyons, 2018-10-23 New York Times bestselling author Dan Lyons exposes how the new oligarchs of Silicon Valley have turned technology into a tool for oppressing workers in this passionate (Kirkus) and darkly funny (Publishers Weekly) examination of workplace culture. At a time of soaring corporate profits and plenty of HR lip service about wellness, millions of workers--in virtually every industry -- are deeply unhappy. Why did work become so miserable? Who is responsible? And does any company have a model for doing it right? For two years,

Lyons ventured in search of answers. From the innovation-crazed headquarters of the Ford Motor Company in Detroit, to a cult-like Holocracy workshop in San Francisco, and to corporate trainers who specialize in . . . Legos, Lyons immersed himself in the often half-baked and frequently lucrative world of what passes for management science today. He shows how new tools, workplace practices, and business models championed by tech's empathy-impaired power brokers have shattered the social contract that once existed between companies and their employees. These dystopian beliefs--often masked by pithy slogans like We're a Team, Not a Family -- have dire consequences: millions of workers who are subject to constant change, dehumanizing technologies -- even health risks. A few companies, however, get it right. With *Lab Rats*, Lyons makes a passionate plea for business leaders to understand this dangerous transformation, showing how profit and happy employees can indeed coexist.

Philosophy Sucks . . . Kids Right In! Nel de Theije - Avontuur,Leo Kaniok,2014-12-09 Philosophizing – considering life questions – stimulates thinking: processing information, reasoning, thinking creatively, evaluating alternatives. Many children are natural philosophers. They observe the world around them from a young age, have a keen sense of right and wrong, and ask endless questions. Stories – fables, fairy tales, parables – are a classic device for teaching lessons about life, morality, chance, consequences, and other cultures to audiences both young and old. Philosophy Sucks...Kids Right In! is a guide that parents and educators can use to structure and guide this process. Contributors Nel de Theije and Leo Kaniok have collected 40 short stories that encourage children to ponder the themes of happiness, love, friendship, peace, freedom, respect and equality – and more. An introductory chart clearly lays out the age groupings the stories are appropriate for, a primary theme, possible secondary themes, and the teaching purpose of the story. Many stories come with discussion papers that suggest areas of exploration with children of different age groups (4-6, 6-8, 8-10 and 10-12) and grades. The open-ended questions stimulate children to experience the stories more intensely, encourage self-reflection, and seek their own answers to the big questions of life.
