**Doing Cultural Geography** Pamela Shurmer-Smith, 2001-12-12 Doing Cultural Geography is an introduction to cultural geography that integrates theoretical discussion with applied examples. The emphasis throughout is on doing. Recognising that many undergraduates have difficulty with both theory and methods courses, the text demystifies the 'theory' informing cultural geography and encourages students to engage directly with theory in practice. It emphasises what can be done with humanist, Marxist, post-structuralist, feminist, and post-colonial theory, demonstrating that this is the best way to prompt students to engage with the otherwise daunting theoretical literature. Twenty short chapters are grouped into five sections on Theory, Topic Selection, Methodology, Interpretation and Presentation. The main text is intercut with questions, suggestions for activities and short sample extracts from scholarly texts, chosen to exemplify the subject of the chapter and to stimulate further reading. Chapters conclude with glossaries and suggestions for further reading. Doing Cultural Geography will facilitate project work from small, classroom-based activities to the planning stages of undergraduate research projects. It will be essential reading for students in modules in cultural geography and foundation courses in human geography and theory and methods.

**Rescue at 2100 Hours** Tom Trumble, 2013-05-22 February 1942. The Japanese invasion of Timor has begun and attempts to evacuate a group of 29 Australian airmen, charged with keeping an airfield operational until the last moment, are thwarted. Under the leadership of Bryan Rofe, a 24-year-old meteorological officer, the airmen make for remote jungle along the northwest coast. All attempts to rescue the group fail. Malaria-ravaged and starving, these men are taken to the limits of their endurance for 58 days. When a 300-strong Japanese patrol is sent to hunt them down all hope seems lost, until they receive a strange signal from sea - an American submarine has been dispatched to their position. With the Japanese closing in, only courage will keep them alive. Using diaries of the airmen and wartime records, Rofe's grandson Tom Trumble brings to life one of the greatest stories of survival and escape of the Second World War. From the young man who stepped up to bring his men home and the Japanese soldier sent to

hunt down the Australians, to the American submarine captain and the Timorese fisherman who saved them, this is an insight into the extraordinary things that happen to ordinary men in war. 'Fascinating ... Intimate passages exploring passion, separation and loneliness bring the protagonists to life in a way rarely achieved in narratives dealing with events now 70 years in the past ... Trumble, a master of his material, builds the suspense without running aground on the rocky shallows of melodrama. His characters appear true to life and the events he describes are related with what appears to be unfailing historical accuracy. This is one of the few recent works of military history that can be read as a thriller. There should be more like it.' Canberra Times 'Gripping from the get-go ... Vivid images inflame the pages and the book smoulders with intensity ... Driven by love and respect [for the airmen], Tom Trumble recounts their journey into hell with journalistic flair, empathy and restraint ... This book resonates.' Sunday Tasmanian 'a gripping tale ... which has you glued to the page'. Steven Carroll, Sydney Morning Herald 'A ripping yarn of courage against the odds, great resourcefulness and a daring night rescue by submarine.' Courier-Mail 'Trumble gives a gripping account of one of those many little-known stories worthy of a big-budget Australian film.' Daily Telegraph

Earth Storm Mons Kallentoft,2018-01-25 From the internationally bestselling author Mons Kallentoft comes a dark and thrilling new Mali Fors mystery. If you love Jo Nesbo and Samuel Bjork, you'll love Mons Kallentoft. Praise for the Malin Fors series: 'One of the best-realised female heroines I've read by a male writer.' Guardian 'Kallentoft's books have been called beautiful, exquisite and original. I can see why.' Literary Review 'This is a worthy successor to Larsson's Millennium trilogy.' Booklist Starred Review In the early hours of the morning, the naked body of a young man is discovered in a ditch next to Gota Kanal. The cause of death is mysterious; the body bears no visible traces of violence. The man is soon identified as Peder Akerlund, a former Swedish politician, excluded from his party for racism but since reformed. Then sixteen-year-old Nadja Lundin is reported missing, possibly abducted, the same evening, and there are signs that suggest the two cases might be connected. But what do the victims have in common? And why were they chosen? Gradually, Malin Fors realises that they are dealing with someone who is playing a game with them, who speaks through murders and who will not be silenced. What is he or she trying to say? Desperate to find Nadja alive, the team race against the clock to find an answer before it's too late...

**Eat. Sweat. Play** Anna Kessel,2016-05-31 What does it mean to be a sporty woman in the 21st century? From the launch of Net-A-Sporter, serving up sports clothing for fashionistas, to the introduction of #plankie as the new Instagram selfie for yoga bunnies; exercise for women has finally gone mainstream. But if sweating has never been so hot for female celebrities, then why are there still so many obstacles for girls and women when it comes to sport? Why do girls still hate school sports lessons? Why is sport consistently defined as male territory, with TV cameras replicating the male gaze as they search out the most beautiful women in the crowd? Will women ever flock to watch football, rugby and boxing in their millions? Or turn up to the park with friends for a Sunday morning kickabout? How long do we have to wait to see the first multi-millionaire female footballer or basketball player? Eat. Sweat. Play is an engaging and inspirational work by sports writer Anna Kessel. PRAISE FOR EAT. SWEAT. PLAY Anna Kessel's book should inspire a whole generation of women. It ought to be on the school curriculum. Hadley Freeman Fascinating, compelling and thought-provoking The Pool A piercing call to arms, [Anna] argues that if women and girls embrace being active, it will lead to a sea change for women's bodies, self-image and outlook.
