Ice Attack Beatrice C. Vandervelde,2002 Alex and Bill are hockey teammates who haven't been hitting it off lately. Then a freak accident changes everything.

Ice Attack Beatrice Vandervelde,2003-01 Alex and Bill were once an unbeatable combination on the Lakers hockey team. Alex, with his shorter legs and lower center of gravity, can be faster than a speeding bullet on the ice. He hates being short, but uses it to his advantage. When he passes to Bill, the captain of the team and star player, the puck always finds the net. But Alex and Bill haven't been hitting it off lately. Bill's show-off tactics are getting on Alex's nerves. During one game, Alex refuses to pass the puck to Bill. Suddenly, the two boys seem more like enemies. Bill even gets the team to gang up Alex. As Alex feels more and more under attack, he considers quitting the game. A freak accident changes everything...

The Mark of Perillius Atonus L. Perry, 2011-05 SINEXIA is a bastard world that never should have existed. Its birth was an accident. Born of war and anointed with savagery, its lands were conquered by magicians, monsters, and creatures that some would revere as gods or demons. Just as Earth holds Sinexia's Origin, Sinexia holds the fate of the Earth. The Sinexia series chronicles the events that bind Earth and Sinexia. Read them and become engrossed in the tales of honor, love, despair, and action that cycle in a ring of creation and cataclysm. The Mark of Perillius follows the adventures of a young orphan who inherits the powers and abilities of his fabled ancestor. He is taken from the only normalcy he has ever known and tossed into a world of mystery and magic. Once there, he must learn to master his newfound abilities while encountering a host of rich characters, places of wonder, and dire situations. The orphan's name is Emberillius. He begins his journey as a sixteen year old young boy. He must spend nine long years in Sinexia if he is to have any chance at all of saving the Earth from an impending catastrophe. It is during this time that he learns about love, war, hate, responsibility, life, death, good, evil, and sacrifice as he matures into a man. Through the trails of life an orphan is forged into a hero. www.sinexia.net ATONUS L. PERRY has always been fascinated with tales of fantasy

and wonder. Being the son of a librarian, he spent many of his weekends and summers reading books. The only thing he loved more than reading was indulging in creative writing. As he matured he began to take an interest in Japanese animation, comic books, and role playing video games. After immersing himself in the media storylines he loved so much, he discovered that there was not enough action in most of the stories he loved. So, he vowed to one day write a story that was not lacking in action. One day, after an assignment in one of his college English classes called for an outline of an epic adventure, he made good on that vow and began writing stories that deliver page turning action. He writes for the people who feel dissatisfied with the stories they love so much. Atonus L. Perry lives in Shreveport, Louisiana with his son, Isaiah Alexander Perry.

Coastal And Ocean Engineering Practice Young C Kim,2012-06-08
Successful coastal and ocean engineering projects rely on practical experience with technical tools and knowledge available to the engineer. Often, problems arise from projects that are too complex for theoretical description, which require that engineers exercise sound judgment in addition to reliance on past practical experience. This book focuses on the latest technology applied in design and construction, effective engineering methodology, unique projects and problems, design and construction challenges, and other lessons learned. In addition, unique practices in planning, design, construction, maintenance, and performance of coastal and ocean projects will be explored.

THE ENDLESS WALL JL De Leon,2023-01-10 The Great Valley has only known peace for millennia. The land is shared between four races: the humans, the winged helioses, the short but skilled enans,

and the gigantic shikkans. But harmony is broken when strange rock monoliths start appearing all over the land, granting extraordinary powers to whoever touches them. The shikkans, though once willing to share it all, suddenly march to war in a bid to take control of all the regions where the monoliths have appeared. It seems nothing can prevent the fall of the remaining three races—until the teenage children of the helios king find an unusual connection with the monoliths. The king's children, two helioses and two humans, begin to discover their role in a conflict that's threatening to destroy the Great Valley, their world contained and surrounded by the everlasting barrier known as the Endless Wall.

The Attack of the Ice Reich Paul Scheeler,2022-08-24 Peter Smythe always thought he was more of a loser than a hero. That all changes with a high school crush, a field trip gone wrong, and a ring that he never, ever should have put on. Suddenly, Peter's life of exceptional boredom and insignificance is transformed when he is pulled into Miria, a world on the verge of annihilation. The sister of "Cog," the most powerful god in Miria has gone missing. Together, their combined power held back the Ice Reich—an empire of fallen gods and ice monsters—for thousands of years. Now, the Ice Reich is poised to destroy Miria. When it finishes with Miria, it will destroy everything in the Nine Realms, including Peter's best friend, his favorite teacher, and his family if Peter and his friends aren't up to the task. To return home, Peter must forge friendships with the most unlikely of people and master the power of his ring. As he navigates a world of gods and monsters, he and his friends must find Cog's sister and untangle an ancient plot all before a ticking clock strikes its final hour.
