Lobbying for Change Alberto Alemanno,2017-05-01 'We need effective citizen-lobbyists – not just likers, followers or even marchers – more than ever. I have no hesitation in lobbying you to read this book.' Bill Emmott, former editor in chief, the Economist Many democratic societies are experiencing a crisis of faith. Citizens are making clear their frustration with their supposedly representative governments, which instead seem driven by the interests of big business, powerful individuals and wealthy lobby groups. What can we do about it? How do we fix democracy and get our voices heard? The answer, argues Alberto Alemanno, is to become change-makers – citizen lobbyists. By using our skills and talents and mobilizing others, we can bring about social and political change. Whoever you are, you've got power, and this book will show you how to unleash it. From successfully challenging Facebook's use of private data to abolishing EU mobile phone roaming charges, Alberto highlights the stories of those who have lobbied for change, and shows how you can follow in their footsteps, whether you want to influence immigration policy, put pressure on big business or protect your local community.

Costonis,1989 In Icons and Aliens, John Costonis looks at such pairings and probes why they evoke outrage, why the outraged seek the protection of the legal system to prevent the pairings, and what the law can - and cannot - do in response. Bridging the fields of law and design, Costonis discards conventional rationales for aesthetics policymaking in favor of a compelling account of the psychological forces driving America's support for historic preservation, neighborhood conservation, and environmenralism. Numerous New Yorker cartoons and black-and-white photographs accompany the text, depicting the strength and foibles of legal aesthetics.
