The Origin of Consciousness in the Breakdown of the Bicameral Mind Julian Jaynes,2000-08-15 National Book Award Finalist: “This man’s ideas may be the most influential, not to say controversial, of the second half of the twentieth century.”—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. “Don’t be put off by the academic title of Julian Jaynes’s *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor.”—The New York Times “When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, *The New Yorker* “He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior.”—American Journal of Psychiatry

365 Days to Alaska Cathy Carr,2021-01-19 Cathy Carr’s *365 Days to Alaska* is a charming debut middle-grade novel about a girl from off-the-grid Alaska adjusting to suburban life. Eleven-year-old Rigel Harman loves her life in off-the-grid Alaska. She hunts rabbits, takes correspondence classes through the mail, and plays dominoes with her family in their two-room cabin. She doesn’t mind not having electricity or running water—instead, she’s got tall trees, fresh streams, and endless sky. But then her parents divorce, and Rigel and her sisters have to move with their mom to the Connecticut suburbs to live with a grandmother they’ve never met. Rigel hates it in Connecticut. It’s noisy, and crowded, and there’s no real nature. Her only hope is a secret pact that she made with her father: If she can stick it out in Connecticut for one year, he’ll bring her back home. At first, surviving the year feels impossible. Middle school is nothing like the wilderness, and she doesn’t connect with anyone . . . until she befriends a crow living behind her school. And if this wild creature has made a life for itself in the suburbs, then, just maybe, Rigel can too. *365 Days to Alaska* is a wise and funny debut novel about finding beauty, hope, and connection in the world no matter where you are—even Connecticut. “Rigel’s big heart made my own heart ache. A funny and poignant fish-out-of-water tale with all the right feels and an important reflection on how we can all find our way home.” —John David Anderson, author of *Ms. Bixby’s Last Day* “Rigel’s suspenseful journey toward finding a home for her brave and wild heart is one that will help us all discover the beauty and uniqueness of where we are.” —Francisco X. Stork, author of *Marcelo in the Real World* “Readers will want to travel alongside Rigel as she struggles to survive the halls of middle school as well as she did the Alaskan bush. *365 Days to Alaska* is a wonderful debut novel about compassion, belonging, and finding your way home when you feel lost in the wilderness.” —Lynne Kelly, author of *Song for a Whale* “Cathy Carr’s debut is a poignant novel about family and truth, particularly the uncomfortable truths between fathers and daughters, told in a voice full of insight, love, and humor. She’s an author to watch, full of wisdom and exquisite heart.” —Carrie Jones, NYT bestselling author of the *Need and Time Stoppers* series “Rigel Harman isn’t just any outsider—she’s an Alaskan Bush outsider. Carr’s empathic and outstanding debut novel will move readers of all ages, creating internal acceptance not only for Rigel but also for ourselves.” —Bethany Hegedus, author of *Grandfather Gandhi*

Acronyms Abbreviations & Terms - A Capability Assurance Job Aid ,2005 The FAAT List is not designed to be an authoritative source, merely a handy reference. Inclusion recognizes terminology existence, not legitimacy. Entries known to be obsolete are included because they may still appear in extant publications and correspondence.

Microeconometrics A. Colin Cameron,Pravin K. Trivedi,2005-05-09 This book provides the most comprehensive treatment to date of microeconometrics, the analysis of individual-level data on the economic behavior of individuals or firms using regression methods for cross section and panel data. The book is oriented to the practitioner. A basic understanding of the linear regression model with matrix algebra is assumed. The text can be used for a microeconometrics course, typically a second-year economics PhD course; for data-oriented applied microeconometrics field courses; and as a reference work for graduate students and applied researchers who wish to fill in gaps in their toolkit. Distinguishing features of the book include emphasis on nonlinear models and robust inference, simulation-based estimation, and problems of complex survey data. The book makes frequent use of numerical examples based on generated data to illustrate the key models and methods. More substantially, it systematically integrates into the text empirical illustrations based on seven large and exceptionally rich data sets.

The Non-designer's Design Book Robin Williams,2015 A lot has happened in the world of digital design since the first edition of this title was published, but one thing remains true: There is an ever-growing number of people attempting to design everything from newsletters to advertisements with no formal training. This book is the one place they can turn to find quick, non-intimidating, excellent design help from trusted design instructor Robin Williams. This revised and expanded classic includes a new chapter on designing with type, more quizzes and exercises, updated projects, and new visual and typographic examples that give the book a fresh, modern look. In *The Non-Designer's Design Book*, 4th Edition, Robin turns her attention to the basic principles that govern good design. Perfect for beginners, Robin boils great design into four easy-to-master principles: contrast, repetition, alignment, and proximity (C.R.A.P.!). Readers who follow her clearly explained concepts will produce more sophisticated and professional work immediately. Humor-infused, jargon-free prose interspersed with design exercises, quizzes, and illustrations make learning a snap—which is just what audiences have come to expect from this bestselling author.

Will It Make The Boat Go Faster? Harriet Beveridge,Ben Hunt-Davis,2020-03-28 With its winning mix of gripping narrative and easy-to-implement performance-raising tips, this book has become a best-selling classic. It’s garnered 5-star reviews and wide-ranging endorsements – from Sebastian Coe and Dame Kelly Holmes to Lord Digby Jones

Public Safety Diving Walt Hendrick,Andrea Zaferes,2000 Written for instructors, dive team captains, surface teams, and underwater personnel alike, this book offers definitive information on procedures for safe operations, proper methods of training, and how to make appropriate purchasing decisions. Various techniques and types of equipment are discussed and assessed. Included also are chapters on methods of search in black water, swift water, and contaminated water, as well as techniques for evidence recovery.

Orphan Island Laurel Snyder,2017-05-30 A National Book Award Longlist title! A wondrous book, wise and wild and deeply true. —Kelly Barnhill, Newbery Medal-winning author of *The Girl Who Drank the Moon* This is one of those books that haunts you long after you read it. Thought-provoking and magical. —Rick Riordan, author of the *Percy Jackson* series In the tradition of modern-day classics like Sara Pennypacker's *Pax* and Lois Lowry's *The Giver* comes a deep, compelling, heartbreaking, and completely one-of-a-kind novel about nine children who live on a mysterious island. On the island, everything is perfect. The sun rises in a sky filled with dancing shapes; the wind, water, and trees shelter and protect those who live there; when the nine children go to sleep in their cabins, it is with full stomachs and joy in their hearts. And only one thing ever changes: on that day, each year, when a boat appears from the mist upon the ocean carrying one young child to join them—and taking the eldest one away, never to be seen again. Today’s Changing is no different. The boat arrives, taking away Jinny’s best friend, Deen, replacing him with a new little girl named Ess, and leaving Jinny as the new Elder. Jinny knows her responsibility now—to teach Ess everything she needs to know about the island, to keep things as they’ve always been. But will she be ready for the inevitable day when the boat will come back—and take her away forever from the only home she’s known? A unique and compelling story about nine children who live with no adults on a mysterious island. Anyone who has ever been scared of leaving their family will love this book (from the *Brightly.com* review, which named *Orphan Island* a best book of 2017).

The Old Man and the Sea Ernest Hemingway,2022-08-01 DigiCat Publishing presents to you this special edition of *The Old Man and the Sea* by Ernest Hemingway. the acknowledgment and passion it deserves as a classic of world literature.

Narrative of the Life of Frederick Douglass, an American Slave Frederick Douglass,2018-08-09 Narrative of the Life of Frederick Douglass, an American Slave Frederick Douglass wrote in 1845. It's an autobiographic story about slavery and freedom, constant aim to run away from the owner and at last become a free man. One failure follows another one. But in the end the fortune favours Douglass and he runs away on a train to the north, New-York. It would seem he is free now. Suddenly, he realises that his journey isn't finished yet. He understands that even after he got free he can't be at real liberty until the slavery is abolished in the USA...

On Scene Coordinator Report ,2011 The purpose of this report is to document the response to the oil spill that resulted from the explosion on the Deepwater Horizon mobile offshore drilling unit on April 20, 2010. On scene coordinator report, Deepwater Horizon oil spill, submitted to the National Response Team, September 2010. On November 18, 2010, the National Response Team (NRT) requested submission of an On-Scene Coordinator (OSC) report for the Deepwater Horizon spill to the NRT Response Committee, pursuant to the National Contingency Plan (NCP). The NART's request listed 33 specific topics be addressed in the report. The list of specific topics addressed in the report expanded to 56 to cover additional focus areas of the Federal On-Scene Coordinators (FOSCs)--Executive summary.

Alcoholics Anonymous Bill W.,2014-09-04 A 75th anniversary e-book version of the most important and practical self-help book ever written, Alcoholics Anonymous. Here is a special deluxe edition of a book that has changed millions of lives and launched the modern recovery movement: Alcoholics Anonymous. This edition not only reproduces the original 1939 text of Alcoholics Anonymous, but as a special bonus features the complete 1941 Saturday Evening Post article "Alcoholics Anonymous" by journalist Jack Alexander, which, at the time, did as much as the book itself to introduce millions of seekers to AA's program. Alcoholics Anonymous has touched and transformed myriad lives, and finally appears in a volume that honors its posterity and impact.

Popular Science ,2003-12 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

I Survived the Sinking of the Titanic, 1912 (I Survived #1) Lauren Tarshis,2011-10-01 The most terrifying events in history are brought vividly to life in this New York Times bestselling series! Ten-year-old George Calder can't believe his luck -- he and his little sister, Phoebe, are on the famous Titanic, crossing the ocean with their Aunt Daisy. The ship is full of exciting places to explore, but when George ventures into the first class storage cabin, a terrible boom shakes the entire boat. Suddenly, water is everywhere, and George's life changes forever. Lauren Tarshis brings history's most exciting and terrifying events to life in this New York Times bestselling series. Readers will be transported by stories of amazing kids and how they survived!

Into the Wild Jon Krakauer,2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but *Into the Wild* is a mystery of the highest order. —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

To Life! Linda Weintraub,2012-09-01 This title documents the burgeoning eco art movement from A to Z, presenting a panorama of artistic responses to environmental concerns, from Ant Farms anti-consumer antics in the 1970s to Marina Zurkows 2007 animation that anticipates the havoc wreaked upon the planet by global warming.

Frankenstein (Modern English Translation) Mary Shelley,2019-05 Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's *Frankenstein*, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting.

Network World ,1996-11-25 For more than 20 years, Network World has been the premier provider of information, intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. Readers are responsible for designing, implementing and managing the voice, data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce.

Out Of Control Kevin Kelly,2009-04-30 Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

Management Information Systems Kenneth C. Laudon,Jane Price Laudon,2004 Management Information Systems provides comprehensive and integrative coverage of essential new technologies, information system applications, and their impact on business models and managerial decision-making in an exciting and interactive manner. The twelfth edition focuses on the major changes that have been made in information technology over the past two years, and includes new opening, closing, and Interactive Session cases.
