*You're on the Crazy Train and I'm Driving* William Means ,2021-03-10 You're on the Crazy Train and I'm Driving By: William Means You're on the Crazy Train and I'm Driving is a story of author William Means's life so far (age sixty-seven). Means had a very tough time early in his years growing up in a big family in Pittsburgh, PA. In those years he encountered some very trying times. As Means met his future wife things turned for the better. His friends tell him that his stories seem not believable but he can assure you they are real. Means came close to making some very bad decisions along the way and took some wrong turns, but with help from his wife, he stayed on track. Everyone that has listened to his stories has told him to write a book about them, so that's what he did! Means easily could have ended up on the wrong side of the law but something told him to go with what his wife was telling him and it worked. His stories remind him of the TV show This Is Us but his stories probably are a little juicier. Means is a hard guy Yinzer from Pittsburgh that somehow ended up in Cincinnati with a great family. His readers will learn the true meaning of the phrase

*Driving the Road of Life with a Flat Tire* Gary Yordon,2016-11-29 Welcome to the world of Gary Yordon—former politician, part-time television host, and accidental newspaper columnist. When Yordon's world began giving him stories too good not to immortalize, he sent one to a friend at a newspaper. Two years and seventy-five columns later, he had a rabidly loyal readership. Their persistent requests led to this collection. There is nothing above Yordon's satire, including his lack of home repair skills, addiction to Steven Seagal movies, and kidney stone intolerance. (Okay, maybe Yordon is normal in that regard.) He admits to actively resisting the temptation to write excessively about his mother, who is a living, breathing, Neil Simon play. My ninety-year-old mother is a fierce shopper. Put a parachute on sale and Mom's all over it because it's not about need, it's about price. She'd buy a show pony to get a free harness. She passed the shopping gene to me. If I hear the phrase 'as seen on TV,' I know I'm in trouble. At 3 a.m., the Leopard Print Cat Tunnel for \$19.95 is too good to pass up. Now all I need is a cat. Tender moments are tucked away in this book too, especially

those related to Yordon's relationship with his profoundly challenged son, Zachary. Learn more about Gary Yordon at [ZPRgroup.com](http://ZPRgroup.com).

**Hey, I'm Marty. I Drive the Bus!** Book II Martin Molinaro, 2010 Marty is a Professional Bus / Shuttle Driver and has been driving for many years. His occupation is one that puts him up front and personal with a special sector of our society; Bus Passengers. Over the years he has accumulated an assortment of short stories while driving a city transit bus; he wishes to share these stories with you. Many of these stories are serious while others are mind boggling, hilarious or just make you say, Oh my gosh; what were they thinking. He has written this book using the following parameters: there are no swear words in this book (He doesn't need to use profanity to get his point across); he does not identify any ethnic backgrounds of the people in his stories (Marty wants people to view people without prejudice and bias) and lastly he was honest and told the truth to the best of his ability (By doing this he has found out that people don't like the truth and will go to extremes to avoid it.) Marty's writings are unique because he writes like he talks. He does this so that he can relate to anybody who has ever told a story. The stories that he tells are inspirational, motivational and humorous. He has become a Master Story Teller and shares his stories with all who will listen. So get on board; Put your fare in the box; Grab a seat and be prepared for the ride of your life! **HEY, I'M MARTY. I DRIVE THE BUS! BOOK I** is currently being sold worldwide.

**Move Over, I'm Driving!** Damian McGee, 2021-07-20 At one point, I was so tired and frustrated because all the 'normal' ways of handling situations were not working. I was tired of being told to forgive everyone regardless of what they'd done to me. I was tired of waiting for forgiveness for every mistake I'd made. No matter what I did, I wasn't finding the closure everyone said was available. To make matters worse, I then was told that all of life's struggles were considered baggage that somehow made me unworthy of chasing and obtaining my dreams. If you're like me, you're realizing that some of the more conventional ways of thinking don't create the promised results, and it's exhausting to keep trying! In **Move Over, I'm Driving!**, you'll learn that always trying to conform to the norms of handling life's situations is not the only option. Through my own experiences, I will show you: Closure isn't guaranteed, and seeking it may be holding you back. You don't have to give or be given forgiveness We all have baggage, and it should inspire you, not restrict you Life is a car, and you need to be the driver, not the passenger. You'll discover that a changed way of thinking will prevent you from waiting for perfection in the various situations you will experience in your life. Imperfection fuels passion so take control now despite your situation.

**Earth Force Shemer Kuznits,2019-04-30** On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

**How to Drive Safely Damian Brindle,2018-03-27** Did You Know That Texting While Driving Increases Your Risk of a Car Accident by 23 Times? Or that the average duration of distraction was a staggering 135 seconds? Sadly, new, teenage drivers are most at risk for fatal car accidents for two main reasons: Their inexperience driving (which leads to hasty, poor decisions), and Peer pressure from friends (which causes them to make dumb, reckless decisions) They need to understand how to drive safely right from the start, and this book will help you do just that. In fact, we'll detail 49 expert tips, tricks, and advice that any driver--new or old--should be aware of before hitting the road. Who I Am, Why Listen To Me My name is Damian Brindle. **Driving Culture in Iran** Reza Banakar,2015-12-18 Iran has one of the highest rates of road traffic accidents worldwide and according to a recent UNICEF report, the current rate of road accidents in Iran is 20 times more than the world average. Using extensive interviews with a variety of Iranians from a range of backgrounds, this book explores their dangerous driving habits and the explanations for their disregard for traffic laws. It argues that Iranians' driving behaviour is an indicator of how they have historically related to each other and to their society at large, and how they have maintained a form of social order through law, culture and religion. By considering how ordinary Iranians experience the traffic problem in their cities and how they describe traffic rules, laws, authorities and the rights of other citizens, *Driving Culture in Iran* provides an original and valuable insight into Iranian legal, social and political culture.

Moncivais,2019-10-22 IF YOU DRIVE A VEHICLE, YOU NEED THIS BOOK! Here's the deal. We have a huge problem and it must be corrected immediately! From 2000 to 2018, we have had 768,828 people killed in United States in auto accidents (from National Safety Council's Accident Facts)! The past three years (2016-2018), we have had over 40,000 fatalities each year! These are the most in the

past nine years, which tells me our training system is not working! This is UNACCEPTABLE! If you drive a vehicle, you need to go through this training! It will be one of the most important books you will ever read! How many of these people would have said they were good drivers? Yes, almost all of them! Fact: 25 percent of all fatal auto accidents are DUI accidents. The other 75 percent of the fatal accidents I classify as sober-related accidents! A problem this book will address in simple detail. Fact: The only way you would attend a driver safety course is by receiving a citation; you attend the class and say, This was a great refresher. I'm glad I took it. This is not a refresher but a survival course! The solution to preventing these staggering statistics is retraining the 210 million drivers on the road with a fundamental, focus-concept training with accident situations. This training is intended to make you a proactive driver versus a reactive driver! Being reactive, most of the time, is too late! I have done much research and developed simple analogies, concepts, and accident-possibility situations that will change your mindset and driving behavior every time you get behind the wheel. Driving Institute of America (DIA) wants to make you a DIA-Certified Teen Driver versus just a teen driver! There is a huge difference! Your life is worth a whole lot more than the cost of this book! You will understand that every time you get behind the wheel, YOU ARE ENTERING THE MOST DANGEROUS PLACE IN THE WORLD THE PUBLIC HIGHWAYS! Never forget this! 100 PERCENT FOCUS AND SAFE DRIVING! You saved my life three different ways! Dee D., Austin, TX I've been a driver for over thirty years and this training taught me some life-saving skills! Matt T., Leander, TX I definitely think everyone who drives a vehicle absolutely needs this training! Tom J., Cedar Park, TX It definitely made our teen more responsible by completing all the certifications. It was an eye opener! Shorouk N., Austin, TX Thank you, this information has helped me so much and it made me more attentive to my own driving habits. Deni H., Austin, TX Yes, I believe everyone who completes this training will be a much more knowledgeable and safer driver. Karen E., Spokane, WA

I'm Light Gary Gerson, 2015-05-04 Uber is changing the transportation industry forever and making us re-think black car service for everybody. With the touch of a button, the perfect vehicle arrives to whisk you to your dreams... but is driving a car really that simple? Borrowing from Zen and the Art of Motorcycle Maintenance and a middle-aged On the Road, this book takes us on a journey through the corners of Detroit as it recovers from the most significant municipal bankruptcy in U.S. history. From the pristine and decadent suburbs to the graffiti-tagged ruins, with industrial captains and strippers, I'm Light shows us the shine and the shadows as they unfold through the tinted windows of Gerson's Cadillac. He discovers a city that is at once romantic and terrifying, with resurgent pockets of rebirth

and dark stagnant corners you dare not traverse. Mix hopeful takes on this area's position as a thriving worldwide commerce hub with touches of physics and humanity and you have a revealing drive on the mean streets all around Detroit. Buckle up, Baby.
