The Real Werewives of Colorado Box Set Vol. 2 Books 4-6 Kristen Strassel, Join The Real Werewives for this fun and STEAMY season on Colorado Ranch and follow each couple as they find true love after forty. Meet the contestants: Instant Mate Hi, I'm Blaire. I've never shied away from a challenge, so when my sister suggests I apply for The Real Werewives, I send in an audition video. What are my chances of getting picked? I'm forty and a former racecar driver with a taste for controversy. But a wolf on Colorado Ranch actually chose me as his forever mate. Austin's got a competitive streak that gets my motor running. We dare each other to see who can come up with the best date, but soon I learn this sexy cowboy had his former life ripped away from him. I'm determined to help him heal his wounds because our over-the-top dates might be the only thing that can save Colorado Ranch. This is one challenge I absolutely can't refuse. Rebel Mate Hi, I'm Roxy. Everyone assumes I applied to The Real Werewives to find the love of my life, but I came to tell my side of the story--it's time my voice is heard. At one time, I was America's Sweetheart. I starred in movie after movie and won major awards all before the age of ten. Everyone thought my life was perfect. That was until I emancipated from my parents and woke up in Vegas married to the world's most notorious rock star wolf. We weren't in love, and it didn't last. It was a cry for help. The scandal got attention--the wrong kind. Directors refused to return my phone calls, and the press went from Princess Roxy to Poor Roxy overnight. It's been almost twenty-five years since my fall from grace, and I want to set the record straight. Turns out, there's been a sweet cowboy wolf waiting for me on Colorado Ranch all this time. He says he's always known I was his mate, and he wants to give me the home and family that's become my dream. Hollywood? I don't need them anymore. But that rock star from my past? He just might get the last word. Surprise Mate Hi, I'm Tina. I came to The Real Werewives to help the wolf get the girl. But I never planned to be that girl. Taking this job was risky. From the start, it was more than another gig. I had something to prove as much as the wolves on Colorado Ranch--that a pack could take human mates and make it last forever. My plan was to produce the shows, and never let any of them know why this meant so much to me before I went onto the next job. Now we're on the last episode. Sterling is one confused wolf. He's brought many Werewives to the ranch, and now he's decided I'm his mate. There's no way I can be. Or can I? This wild wolf wants to break down the walls I've built around my heart and teach me a thing or two about myself. But there's a reason I've been running, and I can't fall for him. If history repeats itself, I could be the downfall of this pack.

Flawless Heather Graham, 2016 No one writes suspense like Heather Graham Read this brand-new romantic thriller by one of today's most popular authors... There's a pub in New York City that's been in the Finnegan family for generations. Now Kieran and her three brothers own it. Kieran Finnegan is also, as it happens, a criminal psychologist--a fitting reaction, perhaps, to her less-than-lawful teenage past. Meanwhile, New York's Diamond District has been hit by a rash of thefts. No one's been killed--until now. FBI agent Craig Frasier is brought in to investigate; he and Kieran meet at a jewelry store in the middle of a heist. She's there to unsteal a flawless stone taken by her light-fingered youngest brother as an act of vengeance. Craig's there to stop the gang. But the police and FBI begin to wonder if there are two gangs of diamond thieves, the original and a copycat group of killers--who seem to think their scheme is as flawless as the stones they steal. Thrown together by circumstance, drawn together by attraction, Kieran and Craig are both assigned to the case. But to Kieran's horror, there's more and more evidence that, somehow, the pub is involved. Because everyone goes to Finnegan's

Xanthou'S Christmas Gift Gloria Morgan, 2017-12-29 Cree Summersby is focused on opening an antique store, not on pursuing men who think they are Gods gifts to women. But when her path crosses with the drop-dead gorgeous shipping tycoon Alexei Xanthou, she cannot help but rethink her views. When their eyes lock, Cree feels like she has been put under a spell. Alexei, dubbed a womanizer by the press, would like to be known as a man of substance, not a playboy. When he sees the ravishing Cree in a restaurant, he sets out to show everyone just how wrong they are about him and how right he is for her. As Cree begins to fall in love, she wonders whether Alexei will ever be able to reciprocate, whether she can make him happy, or whether they even have a future together. Alexei has his own challenges as an ex-girlfriend returns to claim what she believes is hers. Now only time will tell whether Cree will overcome her fears and Alexei can put the past behind him so they can realize their own happily ever after. In this contemporary romance novel, the paths of an independent woman and a millionaire intertwine as they set out on a journey to discover whether passion can truly lead to love.

Matters to Me M.E. Carter, 2020-07-16 My name is Heath Germaine. As the starting cornerback for the Southeast San Antonio University football team, all eyes are on me. Under such crushing pressure, there's no room for error in my bid to reach the NFL and help support my large family. With stakes this high, who can afford distractions? Not me, which is how I ended up in a fake relationship with the most irritating woman I know -- Lauren Bagley. As a competitive gymnast, her only focus is securing a spot at the college nationals competition. If being her pretend boyfriend helps keep the idiot guys on her team off her back and the cleat chasers off mine, it's a price I'm willing to pay. Nothing is real. We're only pretending. Everything's a game. So why does she suddenly matter to me? Matters to Me is the fourth book in the bestselling Hart series but can easily be read as a standalone.
