How to Develop Your ESP Susy Smith,2000-02 Susy Smith wrote *How to Develop Your ESP* many years before she founded the Survival Research Foundation and also the Susy Smith Project at the University of Arizona which is now recognized as the center of Afterlife Codes research. It tells a lot more than just how to try to learn techniques of using telepathy, clairvoyance and precognition, for it also wants to help those who desire to learn to communicate with beloved friends and relatives who have passed on. Many aspects of the psychical field, such as healing, celebrity seances, psychic surgeons, possession, and physical phenomena are discussed here, with fascinating case histories throughout. Reading about how others have advanced their abilities, as well as the problems and experiences they have had, is informing and entertaining even for those who have no desire to personally work on their own ESP development. Be sure to visit the Afterlife Codes website of the Susy Smith Project at www.afterlifecodes.com.

How to Test and Develop Your ESP Paul Hudson,2001 Hudson shows readers how they can discover and strengthen their psychic abilities.

Manning, a noted expert in the field of parapsychology, has been helping even the most skeptical people recognize their ESP, clear away blocks to extrasensory development, and use their psychic abilities to enrich every aspect of their lives. Dr. Manning’s *Helping Yourself with ESP* gives you simple exercises and practical, down-to-earth advice that will show you how to:

How to Test and Develop Your ESP Paul Hudson,2001-03-20 Psychic abilities such as telepathic communication, clairvoyance, and premonitions have intrigued believers and the curious for ages. In *How to Test and Develop Your ESP*, Paul Hudson provides those interested in psychic phenomena with experiments to help discover and strengthen their own skills. Favoring practice over theory, Hudson shares his years of research and experiments with people interested in unlocking their potential. The book covers extra-sensory perception as well as interpreting dreams, recalling the lives of past incarnations, understanding the out-of-body experience, experimenting with psychokinesis, and exploring other parapsychological phenomena.

Develop Your ESP Nina Ashby,2017-01-01 Have you ever heard the telephone ring and known who was calling before anyone spoke? Or had a gut feeling about someone or something that ultimately proved true? Most of us ignore experiences like these because we can see no physical basis for believing in our dormant psychic abilities. Call it intuition, a hunch, a feeling, or ESP, this elusive knowledge can provide information, motivation, or direction about various aspects of our lives. Nina Ashby, teaches readers: How to listen and be receptive to the inner messages received by your intuitive senses How to use techniques and exercises to develop and control your psychic abilities This is a program that can quickly enhance anyone’s

ability to go beyond the 5 senses and enter another dimension of awareness. Find out which psychic talents you possess and develop those particular gifts with a mix of theory and practical exercises. Learn to understand the body's energy fields and auras and see why the spiritual plane is every bit as important as the physical world. Then get a complete psychic education, from cleansing rituals and focusing your inner energy charges to reading auras and using divination techniques such as tarot, I Ching, and psychometry to interpret signs and messages. Charts, tables, and graphs illustrate the theories.

The author spent a life time searching for ways how to open his third eye, so he can tune into the astral cosmic internet. With over 30,000 self-induced out of body experiences, years of blindfold ESP training and remote viewing experimentation he gives the quickest techniques how one can reach a very advanced level of psychic development. How to Use ESP Dorothy Spence Lauer, Brad Steiger, 1998

The Reality of ESP Russell Targ, 2012-12-19 On February 4, 1974, members of the Symbionese Liberation Army kidnapped nineteen-year-old newspaper heiress Patricia Hearst from her Berkeley, California apartment. Desperate to find her, the police called physicist Russell Targ and Pat Price, a psychic retired police commissioner. As Price turned the pages of the police mug book filled with hundreds of photos, suddenly he pointed to one of them and announced, "That's the ringleader." The man was Donald DeFreeze, who was indeed subsequently so identified. Price also described the type and location of the kidnap car, enabling the police to find it within minutes. That remarkable event is one reason Targ believes in ESP. Another occurred when his group made \$120,000 by forecasting for nine weeks in a row the changes in the silver-commodity futures market As a scientist, Targ demands proof. His experience is based on two decades of investigations at the Stanford Research Institute (SRI), which he cofounded with physicist Harold Puthoff in 1972. This twenty-million dollar program launched during the Cold War was supported by the CIA, NASA, the Defense Intelligence Agency, and Army and Air Force Intelligence. The experiments they conducted routinely presented results could have happened by chance less than once in a million. Targ describes four types of experiments: Remote Viewing, in which a person describes places and events independent of space and time. For example, while in California Price drew to scale a Soviet weapons factory at Semipalitinsk with great accuracy later confirmed by Satellite photography. In another remote viewing, Targ accurately sketched an airport in San Andreas, Columbia himself. Distant Mental Influence, where the thoughts of the experimenter can positively or negatively affect the physiology (heart rate, skin resistance, etc.) of a distant person. Whole field isolation, where someone in a state of sensory isolation accurately describes the visual experiences of someone else in another place Precognition and retrocausality, showing that the future can affect the past. That is, the elephant you see on television in the morning can be the cause of your having dreamed about elephants the previous night. Final chapters present evidence for survival after death; explain how ESP works based on the Buddhist/Hindu view of our selves as nonlocal, eternal awareness; discuss the ethics of exercising psychic

abilities, and show us how to explore ESP ourselves. "I am convinced," Targ says, "that most people can learn to move from their ordinary mind to one not obstructed by conventional barriers of space and time. Who would not want to try that?"

You Can Be a Psychic Jordan Day, 2023-01-12 The human personality has no limitations except those which it accepts. There are no limits to its development or growth, if it will accept no limits. There are no boundaries to the self except those boundaries which the self arbitrarily creates and perpetuates. There is no veil through which human perception cannot see, except the veil of ignorance which is pulled down by the materialistic ego. -JANE ROBERTS *** Learn 15 powerful techniques for awakening your psychic ability! *** I am a psychic. I don't say this to brag, because there is nothing 'special' about me. I am simply awake to many of my abilities and apply them through the practice of ESP - Extra-Sensory Perception. I specialize in using ESP in casinos - I play roulette, slots, blackjack, craps, poker, and I bet on sports. I do so using the information that I access through ESP. The Door to the nonphysical realm provides me with an edge to beat the casinos around the world. But this book is not about me. It is about you. I want you to experience ESP for yourself. I want you to develop your own ESP abilities and so confirm not just its existence, but the Reality of the nonphysical realm from which everything comes and to which everything goes in the end. I have not always been a psychic, not consciously. I have 'developed' this ability over the last two decades. Better word is 'awakened'. The psychic abilities are always there, but they are not accessible. We can awake them through deliberate and conscious practice. ESP is just like any skill - you have to know the right techniques and then practice a lot. The abilities that I have awakened, you can also awaken. There is nothing 'special' about me (or about anyone else, no matter what powers they possess, because we truly are all One). The truth is that you already are a psychic right now. I cannot tell you that you will be a psychic in the future because that reality is already here. It is sort of like saying: In the future, you will be able to see with your eyes. That would be silly. You have eyes already, and if you have any idea about how to use them, then seeing is both easy and automatic. Psychic ability is already in you, because within yourself is a Door through which you can access what has traditionally been called the 'psychic realms'. This book, and the techniques in it, is designed help you open that Door, walk through it, and use what is behind it for your benefit and for the benefit of others. The three big benefits are: - **RAPID GROWTH** - you will grow quite a bit, spiritually and personally (in fact, trans-personally). While learning ESP, you will develop yourself, and expand. You will pick up new tools and develop new skills. You will find yourself to be able to do things that you were never able to do before (or thought that you were never able to do). You will open doors to new areas of awareness and explore and find new things there. That, in and of itself, it tremendously exciting. - **SHITLOAD OF FUN** - learning ESP and then practicing ESP is so much fun. Transcending the seeming limits of the physical world and of the ego is one of the most fun things that you can do. - **ABUNDANCE** - you will be able to use ESP to manifest abundance in your life. You can apply ESP in many different ways: healing, financial success, relationships... etc. You can become abundant in any area of your life that you desire. ESP grants you access to previously unknown information that you can apply in as many ways as you like. I talk about this more in *Money and ESP*, which you can download for free on our website emopedia.com. ESP is a **SUPERPOWER. PERIOD.** The difference is that you don't have to be a genetic freak, or suffer through a nuclear disaster, or be bitten by a radioactive spider. It is a superpower that you can develop with daily practice.

Learning to Use Extrasensory Perception Charles T. Tart, 2001-07-18 All attempts to test people's ESP abilities overlook the fact that ESP is an undeveloped function, so we have to learn how to use it to begin

with, not just see how much ESP we can show. Psychologist Charles T. Tart applied basic principles of learning to this task to show how training under conditions of immediate feedback could enhance ESP ability. This highly readable book, originally published by the University of Chicago Press, is the theory and a comprehensive study suggesting the principles can work.

Everybody's Guide to Natural ESP Ingo Swann, 2018-09-02 In this milestone book, Ingo Swann guides the reader through revolutionary techniques he developed and tested in thousands of experiments, with startling results, for tapping ESP potential. His exciting new concepts of "mind mound," "mind manifestation," and the "ESP core" help readers demystify ESP and link this important inner reality to what is already known about dreams, memory, quantum physics, and human creativity. Swann shows how to become more receptive to the "deeper self" and make contact with the hidden reality in which ESP operates.

Telepathy Tom Pearson, 2005 Telepathy, a component of extrasensory perception (ESP), has been studied and tested extensively by the scientific community since the 19th century, yet it remains a mystery. Investigating minor events (such as knowing when the doorbell is about to ring) as well as more serious attempts at mind-to-mind communication, this guide encourages the development of the natural gift for telepathy. After introducing the history of telepathy research, the book teaches how to access and nurture telepathic abilities by using techniques and exercises, such as meditation and crystals, that enhance and train the dormant telepathic mind.
