A Minute to Think Juliet Funt,2021-08-03 “You’re going to want to share copies of this book with your overbooked friends and colleagues, but before you do, take some time to read it yourself. Funt’s wisdom around making space is priceless.” —Seth Godin, author of *The Practice* Do you wish you

could stop the mayhem of work and life and just take a minute? Do you sense you could contribute more if there were a little more room in the day? Does busyness deprive you and your burnt-out team of the oxygen your talents need to catch fire? Many have felt that way, yet taking a pause has seemed impossible—until now. In *A Minute to Think*, Juliet Funt, a globally recognized warrior in the battle against busyness, provides a powerful guide that will give you the permission, framework, and specific direction you need to do the following: Regain control of your overloaded, caffeinated, inbox-worshipping workday Liberate yourself and your teams from burnout and busywork Reclaim creativity and focus despite the chaos around you Bring thoughtfulness into designing your next work norms Tame the beast of email and escape the mire of meetings Find your precious minute to think You're not alone in your yearning for freedom from constant reactivity. The global workforce today is so fried that it belongs in the food court of a county fair. We're relentlessly behind the curve, dousing fires everywhere, and our 3 a.m. insomnia provides the only unscheduled thinking time of the day. What we need reinserted in our lives is the missing element of white space—short periods of open, unscheduled time that, when recaptured, change the very nature of work. White space is the stepping back, the strategic pause, the oxygen that allows the sparks of our efforts to catch fire. White space has the power to radically—and simply—reinvent the way we approach work in this maxed-out, post-COVID 21st-century world. With Juliet's memorable stories, easy-to-use tools, and razor-sharp instruction, she carves for us an escape route from the overwhelming amount of low-value tasks and the daily avalanche of e-mails, meetings, decks, and reports. Using research, client stories, and a relatable voice, Juliet shows all of us how to reclaim time for thinking and make room for what truly matters. Whether you are an individual trying to build a more sane and humane flow of daily work, a team that wants new levels of efficiency and effectiveness, or an entire organization changing your

culture toward thoughtfulness, this book will lead you there.

**Just a Minute** Wess Stafford,2013-12-17 How long does it take to make a difference in the life of a child? For good or for ill, individual moments in a young person's life can make all the difference in their future. It may be something said or done by an adult who hardly thinks about it: a hug, a compliment, an intriguing question, a sincere applause. But in that moment, the child discovers who they are, what is important to them, why they matter, and sometimes even what their destiny will be. Most of us want to help encourage and build into this next generation, most of us see the need all around, but we just have no idea where to begin. Now, with this book, you know where to begin and you know that it only takes Just a Minute. Follow along as Dr. Wess Stafford, president of Compassion International, shares stories and experiences to introduce you to the difference you can actually make anywhere on the spectrum of child development. From helping meet physical needs to breaking down emotional barriers and from discovering latent talents to equipping with spiritual insights, these stories are a catalyst for action. You don't have to be a teacher, a parent, a pastor, or a doctor to make a difference in the life of a child. You only have to be willing!

The victim's step-brothers, Rishabh and Arya,embark on a journey to unearth the truth, a journey riddled with fallacies and conspiracies, planted intentionally. What connection is there between a missing blue envelope, a misplaced sweater and stray footprints in a room. than they imagined?

This honest, sensitive and beautifully illustrated picture book is designed to help explain the concept of death to children aged 3+. Written in Alex's own words, it is based on the real-life conversations that Elke Barber had with her then three-year-old son, Alex, after the sudden death of his father. **The House of Quality in a Minute** Christian N. Madu,2019-12-01 Quality function deployment (QFD) is an effective tool to help organizations to become more competitive by designing their products and services to satisfy customers' requirements. This book is precise and direct and focuses on the key issues in building the House of Quality otherwise known as Quality Function Deployment (QFD). By reading this book, the manager understands how to solicit customer requirement information, how design requirements are matched to customer requirements, how priorities of

customer needs are established, and how activities are benchmarked. Furthermore, this new edition expands the topic to include process change initiatives on the premise that QFD cannot be achieved if the organization itself is not transformed to achieve customer satisfaction. The manager is guided on how to solve critical problems to achieve customer satisfaction. The book guides the reader to understand how companywide quality activities are related to QFD. This association is often lacking in other presentations that treat QFD as if it is independent of other quality efforts, such as process change initiative. The book will therefore include information on related quality initiatives such as:

- Identification of customer needs
- Benchmarking & re-engineering
- Strategic planning
- Quality assurance
- Stakeholder teams
- Cost control & productivity improvement
- Six sigma
- Process change initiative
