The Amazing 2000-Hour Flashlight Ronald Brown, 2014-01-15 The Amazing 2000-Hour Flashlight shows how to add a 30-cent resistor to a \$5 flashlight and create a light that produces useful illumination for 2000 hours on the same battery. Detailed instructions. 54 illustrations. A half-hour project. No soldering required! The standard for useful light is defined and various lights compared to it. Brand names and part numbers and where to buy them (Home Depot, Radio Shack, etc.) are all identified. Related topics include bypassing the resistor, rechargeable batteries, and how to substitute other battery sizes. Don't be afraid of the dark, we chide our children. Don't be a 'fraidy cat. Really? An underground parking garage in a blackout is intimidating. Getting the right prescription out of the medicine closet in the dark will make a 'fraidy cat out of anybody. Delivering a baby in the dark is life-and-death. But you can take control. For a very small sum you can have a flashlight that runs for weeks at a time on the same battery. What do they say? Do it now while it's fresh in your mind. Two free bonuses are included: (1) a chapter from *Lanterns, Lamps & Candles* (a different book on lighting by the same author) and (2) a chapter from *The Prepper's Guide to Food Storage* by Gaye Levy (proprietor of the Web site Backdoor Survival).

A Dark, Dark Cave Eric Hoffman, 2016-05-24 On a cold night, under a pale moon, a brother and sister explore a dark, dark cave. Strange creatures skitter along the walls while bats brush past. A wild howl makes the cave feel just a teensy bit darker. But readers are in for a delightful surprise when a beam of light reveals a softer side of the cave. Told in spare rhyming text alongside stunning illustrations, *A Dark, Dark Cave* will ignite a young reader's imagination and inspire creative play. This just-spooky-enough story is sure to become a read-aloud favorite.

How To Be An Amazing Speaker Lloyd Luna,2015-12-04 This book is about how to become an amazing public speaker, creative communicator, effective presenter, and humorous messenger. Summing up, it tells many stories of triumph and defeat, stories of pride and terrible shame, stories of friendship and stories of enmity, inspiring stories on how Lloyd Luna became one of the highest paid motivational speaker in the Philippines and Asia today. From the introduction After an hour of motivational talk that I'd spice up with nonstop humor, the audience often just couldn't get enough of me. They would shout "More! More!" in chorus and I would then oblige them by extending my talk for another 30 minutes or so. Often, after only the first five minutes, the audience in a good many of such talks would rather that the speaker stop and leave the stage. Why then would they want an extension in my case? Do they love my presentation? Do they love being entertained while

being taught at the same time? Or do they just plain love me? Make a guess. Because unless you see me on stage or watch me on YouTube, you won't have a proper appreciation of how I do it. But as tempting as it is to make this book about me, it really isn't about me. It's really about you. It's just that I can only do it by talking about me. I just need to tell stories about me to make a point, that's all. For this book is not a product of a routine Google search or the typical how-to that you find in the Internet. To teach you about public speaking, I can only talk about my own successes and failures in doing it. Indeed, this is about my real-life experiences in public speaking.

Revelation Unsealed Donald A. Salerno Jr, 2004 Finally, a book which simplistically, insightfully and systematically presents an integrated, concrete overview of the 22 chapters, or 404 verses, of the book of Revelation. Revelation Unsealed is unique in a number of major areas. It is the first book to approach the text of Revelation from what is termed the Pre-Wrath Rapture perspective. This is the hotly debated view that the church will enter the Seventieth Week, undergo the great tribulation of the Antichrist, and be gathered off the earth before the wrath of God unfolds. This view is presented in a logical scenario, which is then placed within the overall context of the Apocalypse. Also contained is an entirely fresh biblical perspective of the emergence of the Antichrist. Additionally, this book also fully covers the relevance of world events, the amazing track

record of biblical prophecy, the fulfillment of the seven religious feast of Israel, the battle of Armageddon, and the Millennial Kingdom of Jesus Christ. All of these issues are addressed in a concise and simple manner with numerous charts and illustrations to aid the reader in easily conceptualizing and visualizing what is outlined. Its contents will challenge both the newest Christian and the seasoned biblical scholar.

The Amethyst Augustus Glazier, 2018-05-06 Mysteriously awakening in an alien world with knights, dragons, and powerful spirits, John fights to forge his own destiny, and realize a part of himself he'd lost. John finds that he is the Oracle of the Sun, and everyone claims he looks strikingly similar to the previous Oracle who went missing as Broken hunts him down. Broken is what one would describe as discarnate; he has six hands and no body to accommodate his comically large top hat. For the most part, he acts as the antagonist, but there are others that seek a way to the gods through John as well.

Flashlight Night Matt Forrest Esenwine, 2017-09-19 Flashlight Night is an ode to the power of imagination and the wonder of books. Three children use a flashlight to light a path around their backyard at night; in the flashlight's beam another world looms. Our heroes encounter spooky woods, a fearsome tiger, a time-forgotten tomb, an Egyptian god, a sword-fighting pirate, and a giant squid. With ingenuity, they vanquish all, then return to their tree house—braver, closer, and wiser than before—to read the books that inspired their adventure.

There are also off-camera flash techniques including detailed instructions for a basic two-light manual setup that serves as Verosky's typical gear for editorial work. This leads into the core chapter, Standardization, which is about making your gear easier to use and eventually master. The book continues with techniques, examples and diagrams for indoor and outdoor lighting, then several "backstories" quickly detailing shoots with several of the portrait subjects featured in the book.

Higher Wisdom Roger N. Walsh, Charles S. Grob, 2005-09-01 From the Back Cover: Psychedelics have been a part-often a central and sacred part-of most societies throughout history, and for half a century psychedelics have

rumbled through the Western world, seeding a subculture, titillating the media, fascinating youth, terrifying parents, enraging politicians, and intriguing researchers. Not surprisingly, these curious chemicals fascinated some of the foremost thinkers of the twentieth century, fourteen of whom were interviewed for this book. Because no further human research can be done, these researchers constitute an irreplaceable resource. Higher Wisdom offers their fascinating anecdotes, invaluable knowledge, and hard-won wisdom—the culmination of fifty years of research and reflection on one of the most intriguing and challenging topics of our time.
