The Right Way to Hire Financial Help, second edition Charles A. Jaffe,2001-02-12 Detailed, practical advice on hiring financial advisers. Hiring financial help is a task that many otherwise savvy people approach the wrong way, opting to go on recommendations from family and friends, chance encounters, or advertisements rather than on sound research. In engaging, accessible prose, nationally syndicated columnist Charles A. Jaffe takes the reader through the basics of how to locate appropriate candidates, understand their credentials, check references, conduct initial interviews, maintain control of the relationships and one's finances, and fire an adviser who is not working out. The book contains guidance on hiring and checking the backgrounds of seven types of advisers—brokers, financial planners, insurance agents, lawyers, tax preparers, bankers, and real estate agents—as well as specific questions to ask to determine whether an adviser is a good, qualified match. In addition the book offers guidance on how to help the

advisers function as a team. The author's aim is to help the reader assemble and manage a pool of advisers to serve every major financial need for the rest of his or her lifetime. This new edition has been updated throughout. It includes, hundreds of Web addresses and an online resources directory. Two new chapters discuss online advice services and how to choose an online broker.

The White Coat Investor James M. Dahle, 2014-01
Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans,

provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a Backdoor Roth IRA and Stealth IRA to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor Much of my financial planning practice is helping doctors to correct mistakes that reading this book

would have avoided in the first place. - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research. - William J.
