The Historic Memorial District of Downtown Indianapolis Rudy Schouten,2020-08-03 Old Indianapolis bears little resemblance to the new one, but Indy's unique trail of war memorials has a powerful way of linking the two. The Soldiers and Sailors Monument is unmistakably emblematic of the Circle City. The Indiana War Memorial, an inexplicably well-kept secret, is the nation's largest memorial established for veterans of the Great War. And the American Legion's National Headquarters in Indianapolis remains a testament to the grit that put the city on the map. Author Rudy Schouten tracks the origins of Indy's monuments and memorials, not just to tell the story of limestone and granite rising out of the ground, but to help make note of the sacrifices that paved a city's trail of gratitude.

Looking Forward, Giving Back Kenneth L. Turchi,2021 They came to America from eastern and central Europe before the Civil War. Many of them started out as peddlers, selling pots and pans in the Jewish neighborhoods of Indianapolis. By 1900 these enterprising peddlers had opened storefronts along Washington Street, and their businesses grew with the city. At the same time, the city's Jewish merchants-Efroymson, Wolf, Strauss, Block, Blickman, Goodman, and others-never forgot their gratitude to the people of the city that made them successful. The stores they owned have faded into history, but their founders' generosity lives on in the twenty-first century--

Vanished Indianapolis Edward Fujawa,2023-09-04 Uncover lost gems of Circle City history More than two centuries removed from its founding, Indianapolis has seen its share of landmarks and landscapes pass into memory. Some have totally vanished, such as the National Road covered bridge over the White River, the Marion County courthouse , the 1835 Indiana statehouse, and the previous headquarters for the long-standing Flanner House organization. Others still exist, but not in their original location or form, like Pogue's Run, the Central Canal through downtown, and the remnants of structures at Riverside Park. Indianapolis historian Edward Fujawa explores the history of lost sites, how they appear today, and how some are still used or repurposed.

Naptown Memories Raymond M. Featherstone,2006-10 Even in those days, kids in grade school were slaves to fashion and creatures of habit. One of those creatures of our habit was the infamous raccoon skin

cap, a must head covering for a ten-year-old boy. No doubt the clothing fad originated with the popular 1936 movie, *Daniel Boone*, starring George O'Brien. Author Raymond M. Featherstone Jr. details the experiences of his middle class Indianapolis family during the Great Depression and World War II, offering a lighthearted and humorous look at the 1930s and 1940s through the eyes of a young boy. Journey to the heart of Featherstone's neighborhood as he describes his childhood antics, eccentric neighbors, and family escapades. Featherstone recalls the fads, fashions, and expressions of the era, and includes several thumbnail sketches of people, places, and things in the public eye. Ranging from a brief look at the 1933-34 Chicago World's Fair to the history of the yo-yo and to Featherstone's daily trips to the drugstore for Old Lady Schenzel's bottle of Virginia Dare port wine, *Naptown Memories: One Boy's Life Growing Up In Indianapolis-1930s & 1940s* paints a charming yet realistic portrait of this significant era in America's history.

Insiders' Guide® to Indianapolis Jackie Sheckler Finch, 2010-03-23 A first edition, *Insiders' Guide to Indianapolis* is the essential source for in-depth travel and relocation information to Indiana's capital city. Written by a local (and true insider), this guide offers a personal and practical perspective of Indianapolis and its surrounding environs.

Indianapolis Jeffrey Tenuth, 2004 With its selection as Indiana's capital in 1821, Indianapolis was destined to become a major Midwestern hub. Through the decades that followed, the Circle City led Indiana into its golden age, when the state was one of the largest industrial and agricultural producers in the nation. Forced to reinvent itself after the decline of heavy industry, Indianapolis now supports a diverse technology- and service-based economy and proudly proclaims itself the amateur sports capital of the world.

Indianapolis Then and Now Nelson Price, 2004 Roaring to life after a rather inauspicious start, Indianapolis became known as the Crossroads of America during the early 1900s. Mansions were built along North Meridian Street, industries employed thousands, and jazz music was played into the night. Price shows black-and-white images from the city's glorious past alongside eye-catching contemporary photographs of how the scene looks today. The result is a mixture of preservation and change in this historic city. -- adapted from jacket

On This Day in Indianapolis History Dawn E. Bakken, 2016-01-18 Although best known for *The Greatest Spectacle in Racing*, Indianapolis claims countless fascinating stories that happened off the track--one for every date on the calendar. In a single day on January 1, 1970, Indianapolis jumped from the nation's twenty-sixth largest city to number eleven. On July 25, 1934, gangster and native son John Dillinger was laid to rest in Crown Hill Cemetery, where chips of his four successive gravestones became favorite city souvenirs. On September 17, 1945, the nation finally learned that Indianapolis was the top-secret manufacturing center for the Norden bombsight, crucial to Allied victory. And on September 6, 1959, jazz musician Wes Montgomery and his brothers finished recording one of their most popular albums. One day at a time, author Dawn Bakken chronicles a year of people, places and events in Circle City history.

Wicked Indianapolis Andrew E. Stoner, 2011-06-28 These are not the aspects of Indianapolis history

you'll see flaunted in visitors' brochures. These are the abhorrent, the grim, the can't-look-away misdeeds and miscreants of this city's past, when bicycle messenger boys peddled through the night to link prostitutes with johns and when the bigoted masses tightened their grip on the city behind mayor and Klansman John Duvall. From the unseemly to the deviant to the disastrous, Hoosier Andrew E. Stoner brings you lives as out of control as the worst wreck at the Indy 500 with a history as regrettable as it is riveting.

African Americans in Indianapolis David L. Williams, 2022-02-08 Indianapolis has long been steeped in important moments in African American history, from businesswoman Madame C. J. Walker's success to the rise of the Ku Klux Klan to the founding of Crispus Attucks High School, which remained segregated through the 1960s. In *African Americans in Indianapolis*, author and historian David Leander Williams explores this history by examining the daunting and horrendous historical events African Americans living in Indianapolis encountered between 1820 and 1970, as well as the community's determination to overcome these challenges. Revealing many events that have yet to be recorded in history books, textbooks, or literature, Williams chronicles the lives and careers of many influential individuals and the organizations that worked tirelessly to open doors of opportunity to the entire African American community. *African Americans in Indianapolis* serves as a reminder of the advancements that Black midwestern ancestors made toward freedom and equality, as well as the continual struggle against inequalities that must be overcome.
