What Jah Feels Moses Shehan Dana Lee, 2017-07-06 What Jah Feels: The Words of the Scribe is a book written to evoke emotion into the reader and provoke deep thought into the daily life of those who peruse its pages. The common theme found in this writing is echoed by the title. We are not here alone. We are directed, nurtured, and even inspired by a force or forces beyond our general sensory awareness. Our spirits are alive and influenced by past loves, angels, feelings, and emotions, but most of all, by an all-wise God who feels every emotion we do and fills us with his inspiration and his own desires to direct our every step. Whether it is the movement of the pen or the thoughts of desire held between a man and the woman he loves, all these things are governed by a deeper sense found

in the soul and spirit. Etched in these pages is the story of an Old Testament Torah scribe found in the modern world. It is a diary, a learning manual, a meditative script, or just a psalm of Shehan the little hands of Jah.

The mystical worldview is the axis of this book, but its branches stretch out to key issues in the Bratslavian world such as belief and imagination, dreams and the land of Israel, melodies and song.

Born to Run Christopher McDougall,2010-12-09 A New York Times bestseller 'A sensation ... a

rollicking tale well told' - The Times At the heart of *Born to Run* lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

Deleuze and Race Arun Saldanha,2012-11-26 The first collection to theorise race and racism through the philosophy of Gilles DeleuzeIn this volume, an international and multidisciplinary team of scholars inaugurates the Deleuzian study of race through a wide-ranging and evocative array of case studies.Deleuze and Guattari provided new concepts of how humans are differentiated, through processes of state formation, capitalism, madness and desire. While sexual difference has received much attention in Deleuze studies, racial difference is a thornier problematic. As this collection of essays shows, Deleuze and Guattari had extremely original things to say about race, and the politics of phenotype and origin is never far from any engaged consideration of how the world works.

Knowing the Infinite Creator Angel V. Ornedo Jr.,2013-06-11 If you live as a purpose, objective driven person, a human being of persistence and substance, you will find this book very informative, a perspective of how to be successful in any of your positive endeavours, spiritual in objectivity, scientific in perspective and written with a real eye for service to other people. If your desires are only material in nature, this may not fit your profile as this book is a combination of success of spiritually and scientifically driven people, materially and spiritually with a major touch of helping other people as this is the real intention of the writer, learning and knowing how to serve others as service to others is service to the CREATOR. Abundance is a positive way of helping people and the Universe supplies everyone this wealth continuously, endlessly and without exhaustion!! Chapters I, II and III are devoted to our Maker, the Infinite Creator, Infinity, the Source Energy and names he is often called ALL THERE IS/ALL THAT IS. God gave us free will and no one, not even the Angels and the Higher Beings, RA, Christ or other Icons can violate this, otherwise they will come back to the Wisdom vibration and density of soul development. We have guardians, confederates and spiritual guides who are always there to guide us but they can never violate this rule, FREE WILL is given to us humans and all the entities of creation be they at the 4th or the seventh density of existence. Human beings have a penchant for discovery of things that have been discovered in the past. We always say we discovered, innovated or created when in fact as you read from artifacts of yore or the libraries of Nineveh discovered in Southern Iraq or Mesopotamia, almost everything we have today have been

discovered or are in use during those times including lap tops, geodetic laser measuring devices, jet planes, helicopters, airplanes even tractors. Tractors are described as roaring machines that cultivates the soil in Africa. Take it from author Zechariah Sitchin and you will wonder. Thus the human being is a Creator itself created by the Maker to create beautiful things so Infinity can experience it thru us. We even duplicated and know and applied in our power systems the basic creation of God, Fusion. The olden civilizations, that in Egypt, and the Americas are filled with facts that detail achievements of the human race and teachings that are truth but today have been adulterated to appear as possible witchcraft when in fact are real descriptions of the Law of One taught by the golden people of Venus, that of RA social memory complex and the higher beings of nearby stars which can be seen at our dark night stars of Arcturus and Sirius. The Orion star are of the negative origin and their teachings are yes, negatives like that one we call Yahweh who masquerade teaching positive but in the real sense negative. Again these are the teachings of Thou Shalt Not as it gives to you the negatives. Why would you teach thou shalt not kill! You can simply say Though shall love thy neighbour as you love thyself! This is the positive way, never an inkling of bad that will definitely sink in our one year old brain, always a year old so says the adept. Our world has been a belligerent, troubled civilization as far as my memories can remember, World War I, II and the Cold War, from my childhood to the present.
