Unlocking the Truth Unlocking the Truth, Charisse Jones, 2015-05-05 A rock band on the cusp of massive stardom, *Unlocking the Truth* is made up of three thirteen-year-old African American boys: Malcolm, Jarad, and Alec. When not in school they spend their time as rock stars opening for the likes of Queens of the Stone Age, Motorhead, and Guns N' Roses, and crowd surfing at Coachella. They are currently working on their soon to be released debut EP. The key to their success: hard work, dedication, passion, and focus on their art. Part memoir and part guide book, the boys share the essential truths and principles, such as faith, determination and friendship, that led to their success and continue to drive them. The book will inspire and be a resource for kids looking to realize their own dreams, as well as parents who want to support their children's aspirations.

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your

Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Musical Emotions Explained Patrik N.

Juslin, 2019-04-02 Can music really arouse emotions? If so, what emotions, and how? Why do listeners respond with different emotions to the same piece of music? Are emotions to music different from other emotions? Why do we respond to fictional events in art as if they were real, even though we know they're not? What is it that makes a performance of music emotionally expressive? Based on ground-breaking research, *Musical Emotions Explained* explores how music expresses and arouses emotions, and how it becomes an object of aesthetic judgments. Within the book, Juslin demonstrates how psychological mechanisms from our ancient past engage with meanings

in music at multiple levels of the brain to evoke a broad variety of affective states - from startle responses to profound aesthetic emotions, and explores why these mechanisms respond to music? Written by one of the leading researchers in the field, the book is richly illustrated with music examples from everyday life, and explains with clarity and rigour the manifold ways in which music may engage our emotions, in a style sufficiently engaging for lay readers, yet comprehensive and novel enough for specialists.

Community Series: Towards a Meaningful Instrumental Music Education. Methods, Perspectives, and Challenges - Volume II Andrea Schiavio,Marja-Leena Juntunen,Dylan van der Schyff,Luc Nijs,2024-02-26 Trying to understand the complex interplay between effective learning and personal experience is one of the main challenges for instrumental music education. Much of the research that focuses on effective learning outcomes often adopts experimental methodologies that do not allow for a thorough examination of the subjective and social processes that accompany each student's musical journey; on the contrary, contributions dedicated to the detailed analysis of the learners' lived experience often do not offer generalizable outcomes to different types of learning and teaching.

Her Country Marissa R. Moss,2022-05-10 In country music, the men might dominate the radio waves. But it's

women—like Maren Morris, Mickey Guyton, and Kacey Musgraves—who are making history. This is the full and unbridled story of the past twenty years of country music seen through the lens of these trailblazers’ careers—their paths to stardom and their battles against a deeply embedded boys’ club, as well as their efforts to transform the genre into a more inclusive place—as told by award-winning Nashville journalist Marissa R. Moss. For the women of country music, 1999 was an entirely different universe—a brief blip in time, when women like Shania Twain and the Chicks topped every chart and made country music a woman’s world. But the industry, which prefers its stars to be neutral, be obedient, and never rock the boat, had other plans. It wanted its women to “shut up and sing”—or else. In 2021, women are played on country radio as little as 10 percent of the time, but they’re still selling out arenas, as Kacey Musgraves does, and becoming infinitely bigger live draws than most of their male counterparts, creating massive pop crossover hits like Maren Morris’s “The Middle,” pushing the industry to confront its racial biases with Mickey Guyton’s “Black Like Me,” and winning heaps of Grammy nominations. Her Country is the story of how in the past two decades, country’s women fought back against systems designed to keep them down and created entirely new pathways to success. It’s the behind-the-scenes story of how women like Kacey, Mickey, Maren, Miranda Lambert, Rissi Palmer, Brandi Carlile, and many more have reinvented their place in an industry stacked against them. When the rules stopped working for these women, they threw them out, made their own, and took control—changing the genre forever, and for the better.

Esperanza and All My Hope Carlos Garcia, 2015-03-13

There he goes again, driving with his head down every chance he has. He's going through something, but every year, nothing ever seems to change. School is going to start again in a couple of days, and he has no new clothes for his boys. The clothes they have are worn out with gravel and sweat entangled within the cloth. Their feet keep growing, but they'll only get laces after the old ones wear out and finally break. We must learn from our mistakes. And know that it's okay to make mistakes, but to ignore them is to repeat them, and if we repeat them, this cycle will never end. There he goes again driving, wondering what type of man would let his children walk into a classroom with that feeling of failure stamped to their future before they cross in the classroom door. He's counting his money to see if he can at least buy some soap before turning into the grocery store. After counting the change in his hand, his eyes turn red. He wants to cry. He wants to hit something. It needs to come out. It will come out. He hides his face from his sons who are wondering why the car is not moving. It's hard to be a full-grown man and to have that feeling of hopelessness that you can't take care of your own children. In their eyes, there's nothing that you can't do, but you know the difference. Don't see me cry. I can't break down right now. Why can't I do it? Why can't I make it through the week? Why do I have to beg? But I will beg for my children's sake. They deserve better. I'll keep looking for that job, start that business my wife and I always want and always talk about, tired of just talking about it though. Ten years together. Two children

we have brought into this world. We've got to stop driving in circles for our children sake. We can do amazing things for our children. And, children, learn from our mistakes. We don't want you to struggle, but if you do struggle, know it will get easier in time and that your family always loves you. There he goes again driving, thinking which road looks the best. He can't afford to turn down the wrong road. But how does one know which path will lead to prosperity? His children beg him to go while his wife touches his hand reassuring him that wherever they go, they go together. Slowly the brake pedal releases and the car starts to move even as he's not sure which direction to turn the wheel. And there he goes. God bless. Your mother and I know that feeling. Sometimes you just have to push the gas pedal and see where God takes you.
