»Digital Culture & Society« is a refereed, international journal, fostering discussion about the ways in which digital technologies, platforms and applications reconfigure daily lives and practices. It offers a forum for critical analysis and inquiries into digital media theory and provides a publication environment for interdisciplinary research approaches, contemporary theory developments and methodological innovation. The third issue »Politics of Big Data« edited by Mark Coté, Paolo Gerbaudo, and Jennifer Pybus, critically examines the political and economic dimensions of Big Data and thus details its contestation. The contributions focus on the materialities and processes which manifest Big Data and explore forms of value beyond the state and capital. These range from open data initiatives, social media metrics, machine learning algorithms, data visualisation to data dashboards, critical data analysis, and new modes of data action research and practice.

**Resistance** Souha Bechara, 2003-12-19 In 1988, at the age of twenty, Souha Béchara attempted to assassinate General Lahad, chief of militia in charge of Israeli-occupied Southern Lebanon. Immediately apprehended, interrogated, and tortured for weeks, she was sent to Khiam, a prison and death camp regularly condemned by humanitarian organizations. After an intense Lebanese, European, and even Israeli campaign in her favor, she was released in 1998. In a time when special attention is paid to the violent conflicts in the Middle East, and Americans despair of understanding what motivates Palestinian suicide bombers, the story of a secular Orthodox Christian left rebel risking her life to rid her country of occupying forces will resonate with Americans looking to understand why young Palestinian girls blow themselves up in crowded Jerusalem markets. Finally a book appears which clarifies, in the most personal terms, why the conflict in Israel and Palestine continues unabated. Coming directly from the voice of a practitioner of armed struggle who was labeled a terrorist, Resistant 1. Humanizes the most misunderstood side of the situation, 2. Offers an insight into the roots of a complex social problem and 3. Provides a personal memoir of resistance and oppression.

**Rebirthing a Nation** Wendy K. Z. Anderson,2021-04-22 Although US history is marred by institutionalized racism and sexism, postracial and postfeminist attitudes drive our polarized politics. Violence against people of color, transgender and gay people, and women soar upon the backdrop of Donald Trump, Tea Party affiliates, alt-right members like Richard Spencer, and right-wing political commentators like Milo Yiannopoulos who defend their racist and sexist commentary through legalistic claims of freedom of speech. While more institutions recognize the volatility of these white men's speech, few notice or have thoughtfully considered the role of white nationalist, alt-right, and conservative white women's messages that organizationally preserve white supremacy. In Rebirthing a Nation: White Women, Identity Politics, and the Internet, author Wendy K. Z. Anderson details how white nationalist and alt-right women refine racist rhetoric and web design as a means of protection and simultaneous instantiation of white supremacy, which conservative political actors including Sarah Palin, Donald Trump, Kellyanne Conway, Sarah Huckabee Sanders, and Ivanka Trump have amplified through transnational politics. By validating racial fears and political divisiveness through coded white identity politics, postfeminist and motherhood discourse functions as a colorblind, gilded cage. Rebirthing a Nation reveals how white nationalist women utilize colorblind racism within digital space, exposing how a postfeminist framework becomes fodder for conservative white women's political speech to preserve institutional white supremacy.

**New World Pope** Michael L. Budde,2017 He has captured the imagination of people around the world, including those who thought they were done with Christianity. In ways no one could have expected and no one predicted, Pope Francis has become a living example of what it might mean to be a Christian in our time and place. The modern world was not ready for Pope Francis, but as has been demonstrated--in his travels to the United States and around the world, in his calls for mercy and defense of the vulnerable--Pope Francis was ready for the modern world. New World Pope: Pope Francis and the Future of the Church explores how Jorge Mario Bergoglio became Pope Francis--the ideas, experiences, influences, and passions that have formed this pastor who has inspired, challenged, encouraged, and angered people worldwide. Ten experts from around the world--scholars, journalists, church leaders, and others--provide insights into the origins and trajectories of Pope Francis' vision and hopes for the Christian community in our day. Persons intrigued by Pope Francis will find deeper insights into his witness via this exploration of the roots and trajectories of his sense of Christian mission and discipleship. Books about Pope Francis understandably proliferated as his charisma ignited responses from around the globe. New World Pope is distinguished by the range of perspectives among its authors, from journalist to theologian, Jewish rabbi to Catholic cardinal, biblical to Ignatian reflection. Together the authors present an insightful portrait of Francis' past formation, present vision, and, most importantly, the trajectory of his future impact on the church and on the world. --Timothy Matovina, University of Notre Dame This volume offers us great insight into this somewhat confusing or surprising figure. We are enlightened and challenged by the essays in this volume; challenged to confront Francis' call for 'pastoral conversion.' Yet this volume . . . does not lapse into the adolescent temptation of suggesting complete rupture. Rather, the continuity . . . is clearly outlined. I could not recommend this collection highly enough. --Conor Cunningham, author of Darwin's Pious Idea: Why the Ultra Darwinists and Creationists both Get it Wrong Michael L. Budde is Professor of Catholic Studies and Political Science at DePaul University in Chicago, where he is also Senior Research Scholar in the Center for World Catholicism and Intercultural Theology. His published work

focuses on ecclesiology, political economy, and world Christianity; recent works include *The Borders of Baptism* and the coedited *Witness of the Body*.

**Joel & Cat Set the Story Straight** Nick Earls, Rebecca Sparrow, 2007-07-30 *Joel and Cat Set the Story Straight* is two weeks in the life of Joel Hedges and Cat Davis. Joel would prefer to get through his final year of high school without Cat Davis or his mother's faux Spanish boyfriend and just hang-out with his best-friend Luke. Cat Davis has an annoying best-friend, an even more annoying little brother, and a deep abiding hatred of Joel Hedges. Due to an unfortunate incident involving a leaking pen and suspected outbreak of Bird Flu, Joel and Cat are forced to sit next to each other in Extension English. To make matters worse, and to their mutual horror, they are paired together for a tandem story writing assignment. What ensues reveals a lot about how smug teenage boys are and what teenage girls really think. No, wait - it's about a sane female and an insane male. It's about revenge and mistaken identity.
