Bird at the Buzzer Jeff Goldberg,2019-05-07 On March 6, 2001, the top two women's college basketball teams in the nation, UConn and Notre Dame, played what was arguably the greatest game in the history of the sport. When UConn's Sue Bird hit a twelve-foot pull-up jumper at the buzzer over national player of the year Ruth Riley in the Big East Tournament championship game, it marked the end of an epic contest that featured five future Olympians and eight first-round WNBA selections. Bird at the Buzzer re-creates this unique season with a detailed account of the games that led up to--and beyond--the tournament final: profiles of the two coaches, UConn's Geno Auriemma and Notre Dame's Muffet McGraw; close-ups of the players who made the year so memorable; and, finally, an in-depth recap of the game worthy of being designated ESPN's first-ever women's basketball Instant Classic. Author Jeff Goldberg shows us the drama on the court and behind the scenes as the big game pitted Riley and the upstarts from Notre Dame against what many believed was the most talented team in UConn history, under Hall of Fame coach Auriemma. A see-saw affair in which neither team led by more than eight points, the 2001 Big East championship game encapsulates the quintessential inside story of the individual talents and skills, team spirit and smarts, and the moment-by-moment realities of college athletics that made this season a snapshot of sports at its finest.

Coach Wooden and Me Kareem Abdul-Jabbar, 2017-05-16 Former NBA star and Presidential Medal of Freedom recipient Kareem Abdul-Jabbar explores his 50-year friendship with Coach John Wooden, one of the most enduring and meaningful relationships in sports history. When future NBA legend Kareem Abdul-Jabbar was still an 18-year-old high school basketball prospect from New York City named Lew Alcindor, he accepted a scholarship from UCLA largely on the strength of Coach John Wooden's reputation as a winner. It turned out to be the right choice, as Alcindor and his teammates

won an unprecedented three NCAA championship titles. But it also marked the beginning of one of the most extraordinary and enduring friendships in the history of sports. In *Coach Wooden and Me*, Abdul-Jabbar reveals the inspirational story of how his bond with John Wooden evolved from a history-making coach-player mentorship into a deep and genuine friendship that transcended sports, shaped the course of both men's lives, and lasted for half a century. *Coach Wooden and Me* is a stirring tribute to the subtle but profound influence that Wooden had on Kareem as a player, and then as a person, as they began to share their cultural, religious, and family values while facing some of life's biggest obstacles. From his first day of practice, when the players were taught the importance of putting on their athletic socks properly; to gradually absorbing the sublime wisdom of Coach Wooden's now famous Pyramid of Success; to learning to cope with the ugly racism that confronted black athletes during the turbulent Civil Rights era as well as losing loved ones, Abdul-Jabbar fondly recalls how Coach Wooden's fatherly guidance not only paved the way for his unmatched professional success but also made possible a lifetime of personal fulfillment. Full of intimate, never-before-published details and delivered with the warmth and erudition of a grateful student who has learned his lessons well, *Coach Wooden and Me* is at once a celebration of the unique philosophical outlook of college basketball's most storied coach and a moving testament to the all-conquering power of friendship. Coaching Basketball Kevin Sivils, 2013-12-16 Why the 1-4 High? Why run all of your set plays, quick hitters or entry plays from a 1-4 high set? Good question. Here are the reasons this alignment is great for all set plays: Less is more. This one set keeps things simple for your players. It creates excellent spacing. Offense is all about good spacing. This alignment creates good scoring opportunities for every position. It is easy to create plays for any type of shot necessary from this alignment. The plays can be run to either side of the court simply by running the mirror image of the play. It is very easy to get into from a numbered fast break system. It denies the defense from establishing its defensive priorities, making this alignment difficult to defend from the onset. What are defensive priorities? Regardless of the type of defense run, most traditional defensive systems want to establish the following priorities: Be able to apply tremendous pressure on the ball and provide help to the on-the-ball defender. Be able to provide help in any situation. Protect the rim and low post areas. Force the ball out of the middle to one side to establish a ball side and help side, allowing the defense to outnumber the offense 5-3 by virtue of the two help defenders. Defend two offensive players with one defender if possible (usually a zone defense). Establish good inside positioning for defensive rebound coverage. Clog the lane area with help defenders to prevent lane penetration via pass, cut or dribble; low post entry passes; backdoor cuts for lay-ups. Some of the ways the 1-4 high alignment prevents the defense from establishing its priorities include preventing the defense from being able to establish a help side defense, forcing the defense away from the lane area and rim, opening the area up for penetration of one form or another, and requiring the defense to guard each offensive player, including the ball, with only one defender, and operating the offense from the middle of the court to initiate the attack. In addition to the advantages the 1-4 high set denies the defense, it is versatile due to the fact all of the plays can be run as mirror images. Any play depicted being run to

the right hand side of the court can be run in its mirror image on the left hand side of the court. This short book contains 30 plays to attack man-to-man defenses, zone defenses, to obtain 3-point shots, low post shots, and on-the-ball screens to create penetration opportunities. These simple plays are an excellent way to score after a time out, a dead ball or as an entry to motion or other offenses.

The Sixth Man Andre Iguodala,Carvell Wallace,2020-06-16 **The Instant National Bestseller** The standout memoir from NBA powerhouse Andre Iguodala, the indomitable sixth man of the Golden State Warriors. Andre Iguodala is one of the most admired players in the NBA. And fresh off the Warriors' fifth Finals appearance in five years, his game has never been stronger. Off the court, Iguodala has earned respect, too—for his successful tech investments, his philanthropy, and increasingly for his contributions to the conversation about race in America. It is no surprise, then, that in his first book, Andre, with his cowriter Carvell Wallace, has pushed himself to go further than he ever has before about his life, not only as an athlete but about what makes him who he is at his core. The Sixth Man traces Andre's journey from childhood in his Illinois hometown to his Bay Area home court today. Basketball has always been there. But this is the story, too, of his experience of the

conflict and racial tension always at hand in a professional league made up largely of African American men; of whether and why the athlete owes the total sacrifice of his body; of the relationship between competition and brotherhood among the players of one of history's most glorious championship teams. And of what motivates an athlete to keep striving for more once they've already achieved the highest level of play they could have dreamed. On drive, on leadership, on pain, on accomplishment, on the shame of being given a role, and the glory of taking a role on: This is a powerful memoir of life and basketball that reveals new depths to the superstar athlete, and offers tremendous insight into most urgent stories being told in American society today.

The Road To 138 Ross Preston, 2013-12-15 In November 2012, Jack Taylor, an unknown 5'10 guard from Grinnell College, an out-of-the-way Division III school, made history. He scored 138 points in a single game, shattering a 57-year-old NCAA record and becoming an instant celebrity. The sports world rushed to newspapers, talk radio, Twitter, and ESPN to praise his achievement - or denounce it as a travesty, a sham, and a mockery of the game of basketball. But no one knew the whole story ... until now. In *The Road to 138*, former Grinnell player Ross Preston delivers a behind-the-scenes account of the fastest, craziest, most innovative basketball team in the country: the aptly-named Pioneers. For the last 20 years, they've used a unique, extremely chaotic playing style called The System to turn the game on its head. What makes The System so different? How does it work? Why do so many people seem to hate it? Why would a team choose to play basketball that way? Do the Pioneers just want to break records and get on TV? And most importantly, how does one guy even manage to take so many shots in a 40-minute game? Preston answers these questions and more, drawing on extensive interviews with players and coaches as well as his own experience playing for the Pioneers. Soaring victories. Bold experiments. Unlikely stars. From the early struggles of The

System to the larger-than-life controversy of Taylor's historic night, The Road to 138 is the surprising, fascinating, often hilarious story of the Grinnell Pioneers, a team that ESPN has called bat-dung insane, a circus freakshow, and the greatest college hoops show on Earth.
