Instant Magic Jon Tremaine, 2009-02 Abracadabra! Amaze your friends with these fantastic magic tricks, clearly explained with simple step-by-step instructions and colour illustrations. Instant Magic contains 23 magic tricks plus expert advice and tips on how to become a master magician.

Magic for Beginners Walter Brown Gibson, 2002 Revised with dozens of illustrations complementing this easy-to-understand classic, this guide to magic spans all age groups with tricks that have baffled both children and adults.

A Squirrel in a Cage. Magicians. Part One. Kateryna Dyachenko, 2016-02-25 The sphere of troubleshooting is hidden from a society. I haven't seen them revealing their secrets. But with the permission of magicians, I am lifting the veil over their world. It's good when a person lives his or her own life, they explained to me. The present book unveils just the first upper layer of the basis. In the books to come, I will describe the next stages. I was trained in the art of problem solving my own issues. It was one of the conditions that troubleshooters set before me: not to think for me. And now I am already one of them a magician.

The Last Magician Lisa Maxwell, 2017-07-18 An instant New York Times bestseller! "Will keep you guessing until the last page." –Cinda Williams Chima, New York Times bestselling author A girl travels back in time to find a mysterious book that could save her future in Lisa Maxwell's "splendid series opener" (Kirkus Reviews). Stop the Magician. Steal the book. Save the future. In modern-day New York, magic is all but extinct. The remaining few who have an affinity for magic—the Mageus—live in the shadows, hiding who they are. Any Mageus who enters Manhattan becomes trapped by the Brink, a dark energy barrier that confines them to the island. Crossing it means losing their power—and often their lives. Esta is a talented thief, and she's been raised to steal magical artifacts from the sinister Order that created the Brink. With her innate ability to manipulate time, Esta can pilfer from the past, collecting these artifacts before the Order even realizes she's there. And all of Esta's training has been for one final job: traveling back to 1902 to steal an ancient book containing the secrets of the Order—and the Brink—before the Magician can destroy it and doom the Mageus to a hopeless future. But Old New York is a dangerous world ruled by ruthless gangs and secret societies, a world where the very air crackles with magic. Nothing is as it seems, including the Magician himself. And for Esta to save her future, she may have to betray everyone in the past.

Polymaking is the newest form of magic, and in a field where there is so much left to learn, every Polymaker dreams of making the next big discovery. Even though she is only an apprentice, Alvie is an inventor at heart, and she is determined to make as many discoveries--in as short a time frame--as she can. Luckily for her, she's studying under the world-renowned magician Marion Praff, who is just as dedicated as Alvie is. Alvie's enthusiasm reinvigorates her mentor's work, and together they create a device that could forever change Polymaking--and the world. But when a rival learns of their plans, he conspires to steal their invention and take the credit for it himself. To thwart him, Alvie will need to think one step ahead. For in the high-stakes world of magical discovery, not everyone plays fair...

Here Is Real Magic Nate Staniforth, 2018-01-16 An extraordinary memoir about finding wonder in everyday life, from magician Nate Staniforth. Nate Staniforth has spent most of his life and all of his professional career trying to understand wonder--what it is, where to find it, and how to share it with others. He became a magician because he learned at a young age that magic tricks don't have to be frivolous. Magic doesn't have to be about sequins and smoke machines--rather, it can create a moment of genuine astonishment. But after years on the road as a professional magician, crisscrossing the country and performing four or five nights a week, every week, Nate was disillusioned, burned out, and ready to quit. Instead, he went to India in search of magic. *Here Is Real Magic* follows Nate Staniforth's evolution from an obsessed young magician to a broken wanderer and back again. It tells the story of his rediscovery of astonishment--and the importance of wonder in everyday life--during his trip to the slums of India, where he infiltrated a three-thousand-year-old clan of street magicians. *Here Is Real Magic* is a call to all of us--to welcome awe back into our lives, to marvel in the everyday, and to seek magic all around us.

Geis of the Gargoyle Piers Anthony, 2019-09-24 A gargoyle finds himself caught between a rock and a hard place in this Xanth adventure that "should delight Anthony's many fans" (Publishers Weekly). As a gargoyle, Gary Gar has one job in Xanth: to protect the Swan Knee River from the pollution flowing in from Mundania. But more dirt plus less rain will crack any gargoyle's stony composure. So Gary does what any good Xanthian would do: He seeks the help of the Good Magician. But payment for his service is high. Gary must find a philter for the water, while taking on human form to tutor a wild

human child, with help from the surly Sorceress Iris, and—even though time is of the essence—taking Hiatus, a known troublemaker, along for the ride. It won't be easy, especially when they're all transported back to the dawn of time. And if they can't figure out what's going on in the past, there may be no future for Xanth—come hell or high water . . . “Ephemeral amusement for pun-struck Xanthonauts.” —Kirkus Reviews

Undercurrents in America Catherine Temple, 2011-08-29 Undercurrents in America describe Negro life: past, present, and future. It contains examples of discrimination, prejudice, and religious scriptures of encouragement and empowerment. Negroes have progressed from the bondage of chains from slavery, to exhortation in becoming the President of the United States of America. Your future is determined by your positive visions and actions for future improvements in your life. Your almighty God, (not your preconceived ideas, not an imitated acquaintance action, not your fleshly actions, or any actions outside of the Word of God) is the only true answer to your life's encounters with problems, disappointments, success, deliverance, promotions, or humility of a peaceful heart. I present Undercurrents in America with great humility as an inspiration for all mankind. Undercurrents in America is more than just an eye opener of past things which have happened and present things which are happening within this world today. It is a spiritual insight for all humanity.

A Magician's Tour, Up and Down and Round about the Earth Harry Kellar, 1890

The Accidental Magician David Grace, 2009-09-15 The world, Fane, lies on the outer reaches of explored space, long forgotten or avoided by mankind. On the downside, the planet's peculiar electromagnetic fields inevitably destroy electronic devices, but in compensation they enhance psychic abilities. Over the centuries humans and the aliens with whom they share the planet have evolved into clans of wizards and masters, dullards and incompetents. One person who seems destined to be relegated one of the latter groups is Grantin, the nephew of a powerful, but harsh, magician. In a last ditch effort to salvage something of his family's honor, the uncle gives Grantin an important but simple task, which Grantin promptly manages to screw up in a most dangerous way. Only vast good luck or the appearance of some heretofore hidden magical talents are likely to save him. Luckily for him, Grantin is, unknowingly, on his way to becoming The Accidental Magician.
