**Julie A. DeCesare**

**Digital Video and DSP: Instant Access** Keith Jack, 2008-10-07 Digital video is everywhere! The engineers creating HDTV, mp3 players, and smart phones and their components are in need of essential information at a moment's notice. The Instant Access Series provides all the critical content that a digital video engineer needs in his or her daily work. This book provides an introduction to video as well as succinct overviews of analog and digital interfaces along with signal processing. This book is filled with images, figures, tables, and easy to find tips and tricks for the engineer that needs material fast to complete projects to deadline. Tips and tricks feature that will help engineers get up and running fast and move on to the next issue Easily searchable content complete with tabs, chapter table of contents, bulleted lists, and boxed features Just the essentials, no need to page through material not needed for the current project

Amazon Prime All on the Berkeley Roundtable on the International Economy Steve Weber, Steve Weber, 2015-05-25 Here's a concise guide that simply explains how to get the most bang from your Prime bucks. Hi, I'm Steve Weber, publisher of KindleBuffet.com, a daily list of free and discount Kindle books. If you enjoy special deals on great books, please visit the site and tell me what you think. Way back in 2005, I received an email from Amazon.com announcing a new program called Prime. It was a simple proposition: If I paid \$79 a year for the annual membership, I'd get free two-day shipping on most of my orders. Plus, I could upgrade to overnight shipping at a huge discount--just a few dollars per order. I'm plenty thrifty, but Amazon didn't need to twist my arm before I coughed up my \$79 fee for a Prime membership. It was a no-brainer. I order something from Amazon at least once or twice a week--books, groceries, electronic gadgets (the list has grown every year). So I didn't need to scribble the numbers on the back of an envelope to see that my annual Prime membership would

pay for itself within a few months. Easily! In the decade since then, Amazon has increased the Prime membership fee just \$20. Meanwhile, the company has stacked up more and more benefits to Prime, much beyond the special shipping deals that attracted me at the start: Free on-demand streaming of movies and TV shows. The service, called Amazon Instant Video, is similar to Netflix's online video service. And while Amazon's video store doesn't yet match Netflix's selection, Amazon is gaining rapidly. Free monthly rentals of popular Kindle ebooks, thanks to the Kindle Owners' Lending Library. Anyone with a Kindle device and a Prime membership qualifies for the freebies, up to one book per month, with no due date. Free streaming music, a service like the popular Pandora or Spotify Internet music services. Whether you're like me--someone for whom Amazon Prime is a must-have--or a more infrequent Amazon customer--this book will explain how to get the most bang out of your Prime bucks.

*The Technology, Business, and Economics of Streaming Video* Eli Noam, 2021-01-29 Along with its interrelated companion volume, *The Content, Impact, and Regulation of Streaming Video*, this book covers the next generation of TV—streaming online video, with details about its present and a broad perspective on the future. It reviews the new technical elements that are emerging, both in hardware and software, their long-term trend, and the implications. It discusses the emerging ‘media cloud’ of video and infrastructure platforms, and the organizational form of such TV.

**Instant Video Guru** Rob Parker, 2013-05-22 Instant Video Guru will show YOU exactly how to harness the sheer power of video to blast your online sales stats sky high! IVG is a full step-by-step guide

to creating great sales video from start-to-finish, featuring all the industry cheats and hints that production companies charge thousands for! Now it's your turn to grab the power of video with both hands and start making some serious money online, right now!

**The Emergence of Online Video** United States. Congress. Senate. Committee on Commerce, Science, and Transportation, 2014

*How to Make Books* Esther K. Smith, 2012-06-06 From zines you can fold in a minute to luxurious leather journals and sumptuous sketchbooks, *How to Make Books* will walk you through the easy basics of bookmaking. Whether you're a writer, a scrapbooker, a political activist, or a postcard collector, let book artist Esther K. Smith be your guide as you discover your inner bookbinder. Using foolproof illustrations and step-by-step instructions, Smith reveals her time-tested techniques in a fun, easy-to-understand way.

**Next-Generation Video Coding and Streaming** Benny Bing, 2015-08-28 Reviews the new High Efficiency Video Coding (HEVC) standard and advancements in adaptive streaming technologies for use in broadband networks and the Internet This book describes next-generation video coding and streaming technologies with a comparative assessment of the strengths and weaknesses. Specific emphasis is placed on the H.265/HEVC video coding standard and adaptive bit rate video streaming. In addition to evaluating the impact of different types of video content and powerful feature sets on HEVC coding efficiency, the text provides an in-depth study on the practical performance of popular adaptive streaming platforms and useful tips for streaming optimization. Readers will learn of new over-the-top (OTT) online TV advancements, the direction of the broadband telecommunications industry, and the latest developments that will help keep implementation costs down and maximize return on infrastructure investment. Reviews the emerging High Efficiency Video Coding (HEVC)

standard and compares its coding performance with the MPEG-4 Advanced Video Coding (AVC) and MPEG-2 standards Provides invaluable insights into the intra and inter coding efficiencies of HEVC, such as the impact of hierarchical block partitioning and new prediction modes Evaluates the performance of the Apple and Microsoft adaptive streaming platforms and presents innovative techniques related to aggregate stream bandwidth prediction, duplicate chunk Includes end-of-chapter homework problems and access to instructor slides Next-Generation Video Coding and Streaming is written for students, researchers, and industry professionals working in the field of video communications. Benny Bing has worked in academia for over 20 years. He has published over 80 research papers and 12 books, and has 6 video patents licensed to industry. He has served as a technical editor for several IEEE journals and an IEEE Communications Society Distinguished lecturer. He also received the National Association of Broadcasters (NAB) Technology Innovation Award for demonstrations of advanced media technologies.

What the Constitution Means to Me (TCG Edition) Heidi Schreck, 2020-12-22 “BEST PLAY OF THE YEAR” New York Times · New Yorker · TIME · Hollywood Reporter · Newsweek · BuzzFeed · Forbes · New York · NPR · Washington Post · Entertainment Weekly · Los Angeles Times · Chicago Tribune Finalist for the 2019 Pulitzer Prize for Drama When she was fifteen years old, Heidi Schreck started traveling the country, taking part in constitutional debates to earn money for her college tuition. Decades later, in *What the Constitution Means to Me*, she traces the effect that the Constitution has had on four generations of women in her family, deftly examining how the United States’ founding principles are inextricably linked with our personal lives.

**Tommy Igoe - Groove Essentials** Tommy Igoe, 2006-02 (DVD). This value pack includes Tommy Igoe's Groove Essentials The Play-Along book/CD pack (06620095/\$24.95) AND the Groove Essentials

The DVD covers 47 grooves every drummer needs to know, with each groove broken down and demonstrated with music. Includes free giant groove poster!

Music and Video Streaming Carla Mooney, 2015-12-15 This succinct title breaks down the complex mechanisms behind audio and video streaming and explains them in terms a middle-school-aged audience can understand. This volume introduces the concept of streaming and then explains how it works and what its uses are. Along the way, important digital terminology and concepts are introduced, such as bandwidth, codecs, plugins, and protocol. A discussion of Internet safety and how to produce and share streaming content wraps up this enlightening text.

**Buy Now** Emily West, 2022-02-22 How Amazon combined branding and relationship marketing with massive distribution infrastructure to become the ultimate service brand in the digital economy. Amazon is ubiquitous in our daily lives—we stream movies and television on Amazon Prime Video, converse with Alexa, receive messages on our smartphone about the progress of our latest orders. In *Buy Now*, Emily West examines Amazon's consumer-facing services to investigate how Amazon as a brand grew so quickly and inserted itself into so many aspects of our lives even as it faded into the background, becoming a sort of infrastructure that can be taken for granted. Amazon promotes the comfort and care of its customers (but not its workers) to become the ultimate service brand in the digital economy. West shows how Amazon has cultivated personalized, intimate relationships with consumers that normalize its outsized influence on our selves and our communities. She describes the brand's focus on speedy and seamless ecommerce delivery, represented in the materiality of the branded brown box; the positioning of its book retailing, media streaming, and smart speakers as

services rather than sales; and the brand's image control strategies. West considers why pushback against Amazon's ubiquity and market power has come mainly from among Amazon's workers rather than its customers or competitors, arguing that Amazon's brand logic fragments consumers as a political bloc. West's innovative account, the first to examine Amazon from a critical media studies perspective, offers a cautionary cultural study of bigness in today's economy.

Rational Leadership Paul Brooker, Margaret Hayward, 2023-11-24 Rational leadership inspires confidence by capably using appropriate rational means, as described in the first edition of Rational Leadership. Now a second, updated edition has added eight new chapters and has looked at redevelopment as well as development. The book highlights these two important versions of rational leadership, where a rational leader is either developing or redeveloping a business corporation. Part One presents eight cases of rational leaders who have developed iconic corporations. These best-practice leaders include Sam Walton of Walmart, Meg Whitman of eBay, and Jeff Bezos of Amazon. In all eight cases, the leaders used appropriate adaptive, calculative, and deliberative methods to develop their corporations. In Part Two the authors shift the focus from development to redevelopment. Part Two presents five classic cases of rational leaders redeveloping - remedially renewing - problematic corporations. The leaders include Lou Gerstner of IBM and Steve Jobs of Apple. In all five cases the leaders used appropriate organizational tools, which transformed, reoriented, or hybridized the corporation. Both Part Two and Part One also present supplementary cases of other rational leaders developing or redeveloping a corporation. These leaders include Sheryl Sandberg, Marcel Dassault, Giorgio Armani, Anita Roddick, Satya Nadella, Carly Fiorina, Marissa Mayer, and Jack Welch. In total the authors present more than twenty supplementary or main cases of rational leadership. Most of these case studies are based on a leader's memoir and leader's-eye view,

validated by additional biographical and historical sources.

### **Streaming Video Resources for Teaching, Learning, and Research** Julie A.

DeCesare, 2014-03-27 According to a 2012 Ithaka study, 80 percent of faculty in the humanities and 70 percent in social sciences use video, film, and non-textual resources for teaching undergraduates. Streaming video is not simply an accommodation to distance learners; rather, it's an expectation for the curriculum, and a valuable tool for teaching critical thinking skills, analysis, and the use of primary sources. This issue of Library Technology Reports will help you recommend high-quality video resources for faculty and researchers, with information on: 75 YouTube channels for teaching , learning and research 11 interdisciplinary video and multimedia sites with annotations on features and content 6 open access course collections 5 university channels and collections Using video with Moodle, Sakai, LibGuides, or WordPress Mass market video sites that offer library-friendly business models

### **Amazon Fire Phone: The Missing Manual** Preston Gralla, 2014-12-16

Unleash the powers of the Amazon Fire phone with help from technology guru Preston Gralla. Through clear instructions and savvy advice, this fast-paced, engaging guide shows you how to make the most of Fire phone's innovative features—including Firefly, Dynamic Perspective, one-handed gestures, and integration with Amazon Prime. The important stuff you need to know: Gain control with Dynamic Perspective. Tilt your phone to scroll, move your head to play games, and explore maps in 3D. Take pictures further. Capture high-res, panoramic, and moving (lenticular) photos. Shoot HD video, too. Shop with ease. Use Firefly to identify music, videos, and other items, and go straight to the product's Amazon page. Get the apps you want. Load up on games and apps for productivity, health and fitness, and social networking from Amazon's Appstore. Solve problems right away. Get live tech support from Amazon

via video chat with the Mayday help feature. Carry the Cloud in your hand. Access Prime Instant Video, your Kindle library, and your uploaded photos and videos.

Introduction to YouTube Premium Gilad James, PhD, YouTube Premium is a paid subscription service offered by YouTube. The service offers several features, including ad-free viewing, background play, and the ability to download videos for offline viewing. YouTube Premium also includes access to Google Play Music, which allows users to stream ad-free music and create custom playlists. The service also includes access to YouTube Originals, which are exclusive content produced by YouTube, such as documentaries, talk shows, and scripted series. The cost of YouTube Premium varies by country, but it is generally around \$11.99 per month. The service is available in over 80 countries, and users can sign up for a free trial to test out the features before committing to a subscription. There is also a family plan available, which allows up to six family members to share a subscription. Overall, YouTube Premium provides a convenient and enjoyable way for users to access high-quality content without the annoyance of ads and with added benefits such as offline viewing and access to exclusive content.

Digital Entertainment Superguide , Audio and video content is all around us. And these days much of it comes not from TV cables, satellite dishes, and radio antennas, but from our digital devices around the house, streaming over the Internet and local networks. And that's why we created the Digital Entertainment Superguide, a primer with everything you need to know to get started. This book walks you through how to set up your home network and choose the right hardware—set-top boxes, smart TVs, media center computers, streaming speakers, remote controls, and more—for your needs. Like to watch TV shows and movies but not sure where to find what? We've got you covered with a guide to streaming video sources for your TV or mobile devices. We don't leave music lovers

out either, as we help you choose the best streaming audio service. Do you want Mog, Rdio, Rhapsody, Slacker, or Spotify? How much does each service cost? Which sounds best? We answer all those questions and more in the pages that follow. Finally, if you're wondering how to move audio and video around the house—stream music wirelessly from an iPhone to an AirPlay speaker in the living room or send video from a computer to your beautiful wall-mounted HDTV—you've come to the right place. We'll even show you how to use your smartphone or tablet to control it all. So read on, and let the fun begin!

Instant Profits Guide to Video Stories Marketing Success Hillary Scholl, 2018-08-18 You Can Drive Brand Awareness, Grow Traffic & Increase Sales with Video Stories Marketing Image and video marketing has never been more important. Video marketing is known to increase revenue by 49%. Imagine if you started getting 50% more sales in your business. What would you do with that increase? Would you expand your business even more? If you think about video marketing and

instantly feel overwhelmed, it's understandable. Videos can be a more complex form of advertising. But the good news is that videos can be created quickly and easily once you know what to do.

Developing Your Image and Video Marketing Strategy Focusing on image and video marketing in your business shouldn't be done lightly. Like all business endeavors, it helps to have a plan. Follow new online trending application you'll feel more confident and find it easier to create videos. This book will offer the technique and solution to create your video , and how to incorporate them into your strategy

Storytelling has always been popular, particularly when it comes to marketing. However, stories have emerged as an amazing strategy to use in conjunction with social media marketing. If you want to attract more business with social media stories, incorporate more visuals, interact with your target market, and meet your business goals you're about to learn how. However, this doesn't mean you'll have to put in a lot of extra time and effort to achieve your goals. In fact, this is an opportune time to make the needed changes. I say this because now is your chance to implement a very beneficial marketing method, social media stories. These highly visual content forms, appeal to wide range of target markets, from young adults to the over-30 crowd. But, the best part is that with a little planning, social media stories can help you meet goals in every area of your business from website traffic to repeat sales. Social media stories are still new, in the big scheme of things. By adding these very visual stories now, you can still get early-adoption benefits, which include being one of the people in your niche, who is on the ball with the latest marketing methods. If creating visual content makes you want to run for the hills, you're not alone. Producing videos can be scary and creating images may seem out of your league, but they're not! I'll show you how to quickly attract more business with social media stories, incorporate more visuals, interact with your target market, and meet your business goals. It's a lot easier than you think and I'll tell you a little secret, I am not

particularly creative when it comes to images and videos. I don't have that natural "vision" that designers have. BUT...I do know my audience and what they want, which is very important to attracting and motivating them. Why audiences love social media stories: Whole stories can be consumed in seconds. Stories with hashtags are easy to find and access. Relevant stories make audiences feel more involved and important. Audiences like seeing the "real" you in "real life" situations. It's more personal. Stories address their impulse wants, as well as here-and-now needs. Visual stories excite, intrigue, and empower the viewer with choices. Stories can provide many, highly-visual forms of info within one story.

The Business of Media Distribution Jeff Ulin, 2013-10-15 First published in 2013. Routledge is an imprint of Taylor & Francis, an informa company.
