Bedroom Beats & B-sides Laurent Fintoni, 2020 The first decades of the 21st century saw dramatic changes in the music industry as new technology transformed creation, communication, and consumption. Amid this turmoil one change occurred relatively quietly, almost naturally: so-called bedroom producers, music makers raised on hip-hop and electronic music, went from anonymous, often unseen creators to artists in their own right. In *Bedroom Beats & B-sides: Instrumental Hip Hop & Electronic Music at the Turn of the Century*, Laurent Fintoni details the rise of a new generation of bedroom producers at the turn of the century through the stories of various instrumental hip-hop and electronic music scenes. From trip-hop, jungle, illbient, and IDM in the 1990s to just beats in the late 2000s, the book explores how these scenes acted as incubators for new ideas about composition and performance that are now taken for granted. Combining social, cultural, and musical history with extensive research, the book tells the B-side stories of hip-hop and electronic music from the 1990s to the 2010s and explores the evolution of a modern beat culture from local scenes to a global community via the diverse groups of fringe idealists who made it happen and the external forces that shaped their efforts. Includes quotes and stories drawn from more than 100 interviews with producers, DJs, label owners, and more including James Lavelle, Charlie Dark, Luke Vibert, Mark Pritchard, Flying Lotus, Georgia Anne Muldrow, El-P, Hudson Mohawke, Kode9, Prefuse 73, Anti Pop Consortium, Dabrye, Waajeed, Tekilatex, Ghislain Poirier, Kutmah, LuckyMe, Benji B, The Bug, and many more. *Bedroom Beats & B-sides* is the first comprehensive history of the instrumental hip-hop and electronic scenes and a truly global look at a thirty-year period of modern music culture based on a decade of research and travel across Europe, North America, and Japan.

Making Beats Joseph G. Schloss, 2014-11-20 Based on ten years of research among hip-hop producers, *Making Beats* was the first work of scholarship to explore the goals, methods, and values of a surprisingly insular community. Focusing on a variety of subjects—from hip-hop artists' pedagogical methods to the Afrodiasporic roots of the sampling process to the social significance of "digging" for rare records—Joseph G. Schloss examines the way hip-hop artists have managed to create a form of expression that reflects their creative aspirations, moral beliefs, political values, and cultural realities. This second edition of the book includes a new foreword by Jeff Chang and a new afterword by the author.

Global Beat Fusion Derek Beres, 2005 *Global Beat Fusion The History of the Future of Music Words & Pix* by Derek Beres Foreword by Ajay Naidu Derek Beres is part reporter and part prophet standing

in the middle of the eye of the World Music storm that is raining new musical genres on the Earth today, each one fused by the love of song and spirit. -Krishna Das, kirtan artist I met Derek Beres as a writer interested in shedding light on what was happening in the world of future music. I know him now as a major force pushing this scene in all directions. He has gone so far deep inside that he has become exactly what he writes about. He will forget to write one chapter of this book and that is the one about himself. -Karsh Kale, tabla player/DJ/producer Derek Beres is a modern-day shaman. He knows new hybrids of electronic and non-Western music deliver the same ecstatic release as ancient tribal rituals of so-called primitive societies, and that the implications go far beyond an ambient groove. For Beres, the fusion of technology and ritual, the reconciliation of mind, body and spirit that electronic world music represents, is not just the cutting edge of modern entertainment but the early stages of a numinous revolution in American culture. In *Global Beat Fusion* he explains why music is the new religion, and how, in one sense or another, we are all destined to become believers. -Guy Garcia, author of *The New Mainstream: How the Multicultural Consumer is Transforming American Business* For exclusive interviews, pictures, events artist info and more visit www.globalbeatfusion.com Cover artwork by Craig Anthony Miller www.craiganthonymiller.com Outside the Box Publishing www.otbpublishing.com

Beats By Design Stefano J O D Marinelli,2021-10-04 With *Beats by Design* I wish to pay homage to the figure of the producer, artist, and visionary genius who often opts to stay behind the big spotlights while creating new musical trends and influencing entire generations. There are 60 illustrations of producers in this first volume that contains the greatest exponents of hip hop culture, from its dawn to the early 2000s. The selection of producers was made based on the impact and influence they had and still have on rap music and other genres, record sales, and hits well positioned in the charts. Each producer is represented by an illustration, as well as a short biography, their most famous productions, my personal list of their favorite songs, and an inventory of instruments used to make the music. There are anecdotes, teachings, and thoughts about the art of beatmaking, insights both into the music industry and the rap game, and so much more, everything told by the producers themselves through interviews released during their careers. I hope this book can be a source of inspiration and study for all enthusiasts of beats and rap music. Enjoy the reading and good listening.

Bring That Beat Back Nate Patrin,2020-06-09 How sampling remade hip-hop over forty years, from pioneering superstar Grandmaster Flash through crate-digging preservationist and innovator Madlib Sampling—incorporating found sound and manipulating it into another form entirely—has done more than any musical movement in the twentieth century to maintain a continuum of popular music as a living document and, in the process, has become one of the most successful (and commercial) strains of postmodern art. *Bring That Beat Back* traces the development of this transformative pop-cultural practice from its origins in the turntable-manning, record-spinning hip-hop DJs of 1970s New York through forty years of musical innovation and reinvention. Nate Patrin tells the story of how sampling built hip-hop through the lens of four pivotal artists: Grandmaster Flash as the popular face of the music's DJ-born beginnings; Prince Paul as an early champion of sampling's potential to elaborate on and rewrite music history; Dr. Dre as the superstar who personified the rise of a stylistically distinct regional sound while blurring the lines between sampling and composition; and Madlib as the underground experimentalist and record-collector antiquarian who constantly broke the rules of what the mainstream expected from hip-hop. From these four artists' histories, and the stories of the people who collaborated, competed, and evolved with them, Patrin crafts a deeply informed, eminently readable account of a facet of pop music as complex as it is commonly underestimated: the aesthetic and reconstructive power of one of the most revelatory forms of popular culture to emerge from postwar twentieth-century America. And you can nod your head to it.

Samba, reggae, salsa; Tex-Mex ballads, African drums, Japanese synthesizers: the sounds are as varied as the cultures they reflect. In the profiles and interviews that make up the book's text, Jeremy Marre and Hannah Charlton show us how these traditional forms of expression have responded to the needs of a transformed society - how music has become a vehicle for protest, politics, history, commerce, dance, storytelling, and sheer joyful celebration, all at the same time. *Beats of the Heart* is a colorful, globe-trotting, and remarkably perspective one-of-a-kind book--Back cover.
