Heavyweight Boxing Champions Terry Middleton,2021-05-28 This book is dedicated to my grandfather, Clarence Middleton, who boxed while in the United States Army during WWI, and my Father, Dennis Middleton, who boxed while in the United States Navy during WWII. My first memories were watching my Dad workout when I was a young kid. He used Boxing and weight training routines as a way to exercise after the war.

Hugman's Lineal World Champions and Their Championship Fights Barry J Hugman,2019-11-22 A definitive list of lineal world boxing champions has never been fully established... until now. In Lineal World Boxing Champions author Barry Hugman, an ex-Amateur boxer, has called upon his 35 years' experience of ultimately becoming a world-renowned boxing historian to establish what might be regarded as a definitive piece of work on the subject.Having helped to devise and set up the British Boxing Board of Control British Boxing Awards which started in 1984, Hugman received the WBC award for the book of the year in 1987 following the first of twenty-six publications of the BBBoC British Boxing Yearbook; launched the Boxing Monthly magazine in 1989; was nominated for the International Boxing Hall of Fame in Canastota, New York, before receiving the British Boxing Board of Control Exceptional Award for services to the sport of British professional boxing in 2011.His 1st Edition of the Definitive History of World Championship Boxing, now available in a three-volume 2nd Edition series, was hailed as: -This 4-volume treasure is destined for the boxing reference Hall of Fame. A masterful entry. - Don Cogswell, President of the International Boxing Research Organization (IBRO).-The word 'magnificent' really doesn't do justice in trying to describe boxing historian Barry Hugman's epic four-volume series - Mike Silver, The Ring magazine.Using the 'Fight Summaries' from this series as a foundation, Hugman has now produced a chronological listing of lineal world champions across all seventeen weight divisions. Additionally, there is a career record and A-Z index for each champion, as well as an A-Z listing of all the losing challengers.This is an historically important book which will hopefully both clarify, once and for all, who the lineal champions are as well as, more than likely, provoke significant debate among followers of boxing.

Stars in the Ring: Jewish Champions in the Golden Age of Boxing Mike Silver,2016-03-04 For more than sixty years—from the 1890s to the 1950s—boxing was an integral part of American popular culture and a major spectator sport rivaling baseball in popularity. More Jewish athletes have competed as boxers than all other professional sports combined; in the period from 1901 to 1939, 29 Jewish boxers were recognized as world champions and more than 160 Jewish boxers ranked among the top contenders in their respective weight divisions. Stars in the Ring,by renowned boxing historian Mike Silver, presents this vibrant social history in the first illustrated encyclopedic compendium of its kind.

The World Colored Heavyweight Championship, 1876-1937 Mark Allen Baker,2020-08-31 For six decades the World Colored Heavyweight Championship was a useful tool of racial oppression--the existence of the title far more important to the white public than its succession of champions. It took some extraordinary individuals, most notably Jack Johnson, to challenge the color line in the ring, although the title and the black fighters who contended for it continued until the reign of Joe Louis a generation later. This history traces the advent and demise of the Championship, the stories of the 28 professional athletes who won it, and the demarcation of the color line both in and out of the ring.

One Punch from the Promised Land John Florio,Ouisie Shapiro,2013-08-29 It was 1976 when Leon and Michael Spinks first punched their way into America's living rooms. That year, they became the first brothers to win Olympic gold in the same Games. Shortly thereafter, they became the first brothers to win the heavyweight title: Leon toppled The Greatest, Muhammad Ali; Michael beat the unbeatable Larry Holmes. With a cast of characters that includes Ali, Holmes, Mike Tyson, Gerry Cooney, Dwight Qawi, Eddie Mustafa Muhammad and dozens of friends, relatives, and boxing figures, ONE PUNCH FROM THE PROMISED LAND tells the unlikely story of the Spinks brothers. Their rise from the Pruitt-Igoe housing disaster. Their divergent paths of success. And their relationship with America. The book also uncovers stories never before made public: the big paydays, the high living, the backroom deals. It's not afraid to tackle an issue rarely discussed: Does the heavyweight title deliver on its promise to young men in the inner city? This is the definitive story of Leon and Michael Spinks. And a cross-examination of heavyweight boxing in 20th century America.

The First Black Boxing Champions Colleen Aycock,Mark Scott,2014-01-10 This volume presents fifteen chapters of biography of African American and black champions and challengers of the early prize ring. They range from Tom Molineaux, a slave who won freedom and fame in the ring in the early 1800s; to Joe Gans, the first African American world champion; to the flamboyant Jack Johnson, deemed such a threat to white society that film of his defeat of former champion and "Great White Hope" Jim Jeffries was banned across much of the country. Photographs, period drawings, cartoons, and fight posters enhance the biographies. Round-by-round coverage of select historic fights is included, as is a foreword by Hall-of-Fame boxing announcer Al Bernstein.

Boxing Gerald R. Gems,2014-03-13 Sports fans have long been fascinated with boxing and the brutal demonstration of physical and psychological conflict. Accounts of the sport appear as far back as the third millennium BC, and Greek and Roman sculptors depicted the athletic ideals of the ancient era in the form of boxers. In the present day, boxers such as Muhammad Ali, Joe Frazier, Sugar Ray Robinson, Oscar De La Hoya, Manny Pacquiao, and Floyd Mayweather, Jr. are recognized throughout the world. Boxing films continue to resonate with audiences, from the many Rocky movies to Raging Bull, The Fighter, Million Dollar Baby, and Ali. In Boxing: A Concise History of the Sweet Science, Gerald R. Gems provides a succinct yet wide ranging treatment of the sport, covering boxing's ancient roots and its evolution, modernization, and global diffusion. The book not only includes a historical account of boxing, but also explores such issues as social class, race, ethnic rivalries, religious influences, gender issues, and the growth of female boxing. The current debates over the moral and ethical issues relative to the sport are also discussed. While the primary coverage of the political, social, and cultural impacts of boxing focuses on the United States, Gems' examination encompasses the sport on a global level, as well. Covering important issues and events in the history of boxing and featuring numerous photographs, Boxing: A Concise History of the Sweet Science will be of interest to boxing fans, historians, scholars, and those wanting to learn more about the sport.

Nonpareil Jack Dempsey Joseph S. Page,2019-07-29 Hall of Fame middleweight prizefighter John Edward Kelly, better known as Nonpareil Jack Dempsey, was one of the most popular athletes in the United States during the late 19th century. To many observers, Dempsey is one of the greatest pound-for-pound fighters in ring history. Inside the ropes, he was fearless, poised, quick, agile, and had terrific punching power with both hands. His story is rich--full of amazing highs and terrible lows. He was a poor immigrant Irish boy who scaled great heights to become one of this nation's first sports celebrities. He became a household name, wealthy and popular. But much too soon, it all came crashing down. His violent profession, alcoholism, mental illness, and tuberculosis left little to recognize of the valiant hero of so many battles.

When Boxing Was, Like, Ridiculously Racist Ian Carey,2013-02-21 This is the story of the lineage of Boxing's World Heavyweight Championship from 1882-1915 and how it explains a cultural attitude toward race and identity in that era. The first true national and international sports celebrities were boxers in the late 1800s. Soon after the abolishment of slavery in the United States the first World Champions of the sport were crowned. As the Champion of the World these boxing heavyweights were held on a pedestal of athletic dominance, and in the eyes of some white Americans, and many of those in the boxing community, these champions had to be white, anything else would challenge the belief of white Anglo-saxon superiority that many white Americans were clinging to at the time. It is the story of the symbol of the World Champion during that period and what it meant in society. It's also a story about a

bunch of tough, bad-ass guys from over a hundred years ago that used to beat each other up.

Primo Carnera Joseph S. Page,2014-01-10 At over six and a half feet tall and nearly 300 pounds, heavyweight champion Primo Carnera was a giant for his times, but today “the Ambling Alp” is too often written off as an unskilled oaf and a product of the mob dealings that plagued boxing during the 1930s. He may not have been a natural in the ring, but he worked as hard as any boxer to learn his craft, to be in top condition, and he repeatedly showed that he was tougher than nails. This biography details Carnera’s early life and boxing career, his success as a fighter as well as accusations of fight fixing, his strengths and limitations in the ring, and his later career as a wrestler.
