Karyn Langhorne Folan

Navigating Interracial Borders Erica Chito Childs, 2005-05-24 One of the best books written about interracial relationships to date. . . . Childs offers a sophisticated and insightful analysis of the social and ideological context of black-white interracial relationships.—Heather Dalmage, author *Tripping on the Color Line* A pioneering project that thoroughly analyzes interracial marriage in contemporary America.—Eduardo Bonilla-Silva, author of *Racism without Racists: Color-Blind Racism and the Persistence of Racial Inequality in the United States* Is love color-blind, or at least becoming increasingly so? Today's popular rhetoric and evidence of more interracial couples than ever might suggest that it is. But is it the idea of racially mixed relationships that we are growing to accept or is it the reality? What is the actual experience of individuals in these partnerships as they navigate their way through public spheres and intermingle in small, close-knit communities? In *Navigating Interracial Borders*, Erica Chito Childs explores the social worlds of black-white interracial couples and examines the ways that collective attitudes shape private relationships. Drawing on personal accounts, in-depth interviews, focus group responses, and cultural analysis of media sources, she provides compelling evidence that sizable opposition still exists toward black-white unions. Disapproval is merely being expressed in more subtle, color-blind terms. Childs reveals that frequently the same individuals who attest in surveys that they approve of interracial dating will also list various reasons why they and their families wouldn't, shouldn't, and couldn't marry someone of another race. Even college students, who are heralded as racially tolerant and open-minded, do not view interracial couples as acceptable when those partnerships move beyond the point of casual dating. Popular films, Internet images, and

pornography also continue to reinforce the idea that sexual relations between blacks and whites are deviant. Well-researched, candidly written, and enriched with personal narratives, *Navigating Interracial Borders* offers important new insights into the still fraught racial hierarchies of contemporary society in the United States.

The Interracial Dating Book for Black Women Who Want to Date White Men Adam White, 1999

Black Men in Interracial Relationships Kellina Craig-Henderson, 2017-07-28 Why is it that successful black men--black men who are at the top of their game in the arts, entertainment, politics and athletics--are four times as apt to be married to or dating a woman who is not an African American than they were only thirty years ago? And why are twice as many black men involved in interracial relationships as black women? In addition to their celebrity status, which includes widespread popularity and wealth, black men from Charles Barkley to James Earl Jones to Russell Simmons to Bryant Gumbel share something else in common; something that also characterizes the experiences of more than 250,000 less well-known black men in the United States. They happen to be involved in interracial intimate relationships. Less than fifty years ago such relationships were next to impossible, leading to severe social sanctions. The fact that this is no longer the case is concrete evidence of changes in the quality and character of contemporary race relations. Drawing on her own observations, and her examination of the responses of a small, diverse group of black men who date (in some cases exclusively), have sexual relations with, and marry women who are not of African descent, the book provides insight into the continuing ways that race and ethnic status affect the choices people make in their lives. Until this book, though, these types of

relationships have received scant serious attention. Craig-Henderson forthrightly addresses the taboo, interspersing analysis with verbatim accounts from black men involved in such relationships. Grounded in serious research, interviews, and analysis of census data, *Black Men in Interracial Relationships* examines why such relationships appear to be so popular among black male elites. In the process, the author unravels the mystery behind the apparent absence of black women in black men's lives. It will be of interest to specialists in race, gender, family, and sexual issues, and appropriate for courses in these areas. It is also highly readable and thought-provoking for the general public, who will find its observations and findings fascinating.

Just Don't Marry One George A. Yancey, Sherelyn Whittum Yancey, 2002 This groundbreaking work weaves together the personal and professional perspectives of racially diverse Christian leaders as they confront this emotionally charged issue. This pioneering multidisciplinary Christian handbook serves a twofold purpose: (1) to affirm healthy interracial dating, mating, and parenting for family members, and (2) to create a reference textbook to equip professionals with biblical insights and practical tools for ministering to multiracial families.

Interracial Relationships Between Black Women and White Men Cheryl Y. Judice, 2018 *Interracial Relationships Between Black Women and White Men* contains vignettes on the lives of black women who are dating, married to, or divorced from white men. Black women and white men in interracial relationships were interviewed between 2014 and 2017 to learn how they met and how their relationships progressed. These forty interviews offer thought-provoking insights on the lives of those willing to cross the racial divide in pursuit of personal happiness.

Dating, Mating, Relating Pamela Anne Quiroz, 2022-06-20 To fit a changing society, the conventional ways we date and mate have given way to brand new methods. People nowadays marry later in life, choose not to marry at all, seek partners after divorce, outlive spouses, relocate to new areas and even endure pandemics. This signifies that we are moving toward larger dating pools, something made possible through public personal advertising. This text details personal advertising in print and digital media, as well as online dating services, speed dating, the use of mobile dating apps and other topics. Interviews reveal the appeal and limitations of personal advertising for meeting people. This book offers a window into the development of trust and relationships, as well as the increasing role technology plays in shaping how people meet and mate in the modern world.

The Colors of Love Kimberly Hohman, 2002 Explores the complex nature of interracial relationships, from dating and marriage to child rearing, racism, and discrimination.

Interracial Dating and Marriage Elaine Landau, 1993 Surveys the history of interracial dating and marriage and presents the experiences of young people and adults involved in such relationships.

Contrast Anthony Hollis, Frances Tasker, 2013-03 Contrast is defined as the state of being strikingly different. This book is about white women of all ages that have an undeniable attraction to black men. Their stories of love and marriage to black men, their attraction as well as their trials and tribulations, their heartbreaks and their triumphs of finding love. Contrast also tells the stories of famous interracial couples and their stories of true love and the obstacles some had to overcome to be together.

Boundaries of Love Chinyere K. Osuji, 2019-05-21 How interracial

couples in Brazil and the US navigate racial boundaries How do people understand and navigate being married to a person of a different race? Based on individual interviews with forty-seven black-white couples in two large, multicultural cities—Los Angeles and Rio de Janeiro—*Boundaries of Love* explores how partners in these relationships ultimately reproduce, negotiate, and challenge the “us” versus “them” mentality of ethno-racial boundaries. By centering marriage, Chinyere Osuji reveals the family as a primary site for understanding the social construction of race. She challenges the naive but widespread belief that interracial couples and their children provide an antidote to racism in the twenty-first century, instead highlighting the complexities and contradictions of these relationships. Featuring black husbands with white wives as well as black wives with white husbands, *Boundaries of Love* sheds light on the role of gender in navigating life married to a person of a different color. Osuji compares black-white couples in Brazil and the United States, the two most populous post-slavery societies in the Western hemisphere. These settings, she argues, reveal the impact of contemporary race mixture on racial hierarchies and racial ideologies, both old and new.

Don't Bring Home a White Boy Karyn Langhorne

Folan,2010-02-02 Folan encourages readers to look beyond common generalizations and stereotypes about race and gender in interracial relationships. In *Don't Bring Home a White Boy*, writer Karyn Langhorne Folan debunks the myths and common preconceptions about interracial relationships: Is a black woman who dates white men a traitor to her race? And is America's history of black oppression a factor? Drawing on real-life testimonials, she boldly tackles this difficult subject with warmth, humor, and understanding, as she explores stereotypes of black female sexuality and white male perspectives on black female beauty. Folan goes beyond statistics and offers firsthand insights on her own interracial relationship and attempts to tap into a woman's desire to have all that they deserve instead of restricting themselves, simply because they want a "good black man." Frank, authoritative, and universally relevant, her message to women is to look beyond skin color, accept themselves for who they are, and seek a man who truly loves them, regardless of race.

Interracial Relationships in the 21st Century Earl Smith,Angela Hattery,2013 *Interracial Relationships in the 21st Century* is an edited book that features chapters by leading scholars who study race, ethnicity, sexuality, and relationships. This second edition of the book features a new chapter that analyzes the most recent data on interracial marriages and multi-racial identity gathered in the 2010 US Census. The new first chapter also explores the impact of the election of the first African American president, Barack Obama, on the racial climate in the United States. Specifically, we explore the degree to which his election signals or establishes a post-racial America, a site of contested terrain among scholars as well as public commentators and

intellectuals. The second edition of the book retains all of the original chapters that explore such topics as the relationship between religious beliefs and interracial marriage, interracial relationships among same-sex couples, the experiences of multi-racial children, intimate partner violence and interracial relationships, racial identity, and the marriage climate. *Interracial Relationships in the 21st Century* brings together key scholars addressing equally central questions. This volume remains critical and deeply insightful across a wide variety of issues regarding interracial relationships -- from domestic violence to sexualities. This powerful and timely book is a must for those who want to understand the continuing legacy of racism and the creative agency within such a legacy. -- Dr. David L. Brunsma, Professor in the Department of Sociology, Virginia Tech

Interracial Relationships in the 21st Century, by Earl Smith and Angela Hattery, embarks on a complicated and controversial subject often neglected in the sociological literature. The Smith and Hattery reader thoughtfully examines how individuals navigate interracial relationships and experiences in a variety of social environments. The book is broad in scope and goes beyond interracial relations; exploring inter-faith relationships, interracial relationships among homosexual couples, as well as intimate partner violence in relationships. The strengths of this edited volume are imbedded in its timeliness and relevance to contemporary conversations on the significance of race in the United States, its application of a variety of theoretical approaches, and its use of both qualitative and quantitative methodology to tell the subjects' stories. *Interracial Relationships in the 21st Century* encourages us to rethink some basic assumptions about interracial relationships within the context of racial, cultural, and religious oppression in the United States. The book is an ideal reader for courses on Social Problems,

Women's Studies, and families in the U.S. -- Dr. Dorothy Smith-Ruiz, Associate Professor in the Africana Studies Department, University of North Carolina at Charlotte

Fade to Black and White Erica Chito Childs,2009-06-16 There is no teasing apart what interracial couples think of themselves from what society shows them about themselves. Following on her earlier ground-breaking study of the social worlds of interracial couples, Erica Chito Childs considers the larger context of social messages, conveyed by the media, that inform how we think about love across the color line. Examining a range of media, from movies to music to the web, **Fade to Black and White** offers an informative and provocative account of how the perception of interracial sexuality as deviant has been transformed in the course of the 20th century and how race relations are understood today.
