Invasion J. Robert King, 2018-03-27 The Phyrexian nightmare begins. Dominaria faces its biggest threat—an invasion by its greatest enemy, an attack planned for eons by merciless foes. No one is exempt from their terror. No land is safe from their onslaught. In the shadow of the Phyrexian horde, Dominaria has but one hope—the Weatherlight and her crew. The time has come to defend hearth and home from invasion.

Invasion Sean Platt, Johnny B. Truant, 2015-02-07 First visible only as blips on a telescope image, the discovery of objects approaching from Jupiter sets humanity on edge.

Invasion Eric L. Harry, 2015-01-20 A powerful portrait of modern-day politics gone wild. U.S. Republican President Bill Baker is thrown a curveball when China puts its plan of world dominance into action. After invading Asian, European and finally Caribbean territory, it's obvious that four thousand miles of ocean is not enough to keep North America safe from China. The siege begins, and Baker retaliates by declaring war on China. As if this staggering situation weren't enough, Harry juxtaposes this scenario with the personal implications raised by the presence of the president's patriotic teenage daughter, Stephanie Roberts, in the U.S. Army. Problems arise when Stephanie's mother (the president's ex-wife) insists that her daughter be removed from danger—though not before Stephanie's relationship with young Chinese army Lieutenant Wu surfaces...

Invasion Michelle Malkin, 2013-02-05 Malkin exposes how America continues to welcome terrorists, criminal aliens, foreign murderers, torturers, and the rest of the world's undesirables.

Invasion Walter Dean Myers, 2013-09-24 Walter Dean Myers brilliantly renders the realities of World War II. Josiah Wedgewood and Marcus Perry are on their way to an uncertain future. Their whole lives are ahead of them, yet at the same time, death's whisper is everywhere. One white, one black, these young men have nothing in common and everything in common as they approach an experience that will change them forever. It's May 1944. World War II is ramping up, and so are these young recruits, ready and eager. In small towns and big cities all over the globe, people are filled with fear. When Josiah and Marcus come together in what will be the greatest test of their lives, they learn hard lessons about race, friendship, and what it really means to fight. Set on the front lines of the Normandy invasion, this novel, rendered with heart-in-the-throat precision, is a cinematic masterpiece. Here we see the bold terror of war, and also the nuanced havoc that affects a young person's psyche while living in a barrack, not knowing if today he will end up dead or alive.

Invasion D. C. Alden, 2006 June 2019: The minutes tick away toward six pm. As commuters stream out of central London a truck idles by the pavement in Whitehall, its cargo bay packed with powerful explosives. Chaos is about to begin. The face of Europe is about to change, moulded by a series of events that will have global repercussions far into the future.

The Immaculate Invasion Bob Shacochis, 2010-06-08 “Every war brings forth one perfect book. . . . Now we have *The Immaculate Invasion*, the masterpiece of the 1994 US assault on and occupation of Haiti.” —Chicago Tribune Widely celebrated upon its original publication in 1999, National Book Award winning writer Bob Shacochis’s *The Immaculate Invasion* is a gritty, poetic, and revelatory look at the American intervention in Haiti. In 1994, the United States embarked on Operation Uphold Democracy, a response to the overthrow of the democratically elected Haitian government by a brutal military coup. As a reporter for Harper’s, Bob Shacochis traveled to Haiti and was embedded—long before the idea became popular in Iraq—with a team of Special Forces commandos for eighteen months. He came away with tremendous insight into Haiti, the character of American fighters, and what can happen when an intervention turns into a misadventure. In *The Immaculate Invasion*, Shacochis captures the exploits and frustrations, the inner lives and heroic deeds of young Americans as they struggle to bring democracy to a country ravaged by tyranny. *The Immaculate Invasion* is required reading for anyone who wants to understand what has happened in Haiti in the past, its current state, and its future path. “An extraordinary book about an extraordinary event . . . I felt transported to Haiti. I could hear it. I could smell it. At moments I felt moved almost to tears, only to find myself, a page or two later, laughing out loud.” —Tracy Kidder, Pulitzer Prize-winning author of *The Soul of a New Machine*

The Invasion That Never Happened Udi Menashe, 2016-03-07 This is a story of an alien invasion of California, USA in 1970. Twenty Thousand funny looking, purple aliens invading Earth for a single reason - to acquire a large amount of Double AA batteries. Why do they need so many batteries? Well, they are desperate to revive a Tape Player obtained by them during the height of our space program. What makes this Tape Player so important to them is its content - a cassette with the music of 1967 Earth's rising star - Jimi Hendrix, which they became addicted to. When this device's batteries died, the aliens left with no choice but to invade our planet in a search for a new stock. While on Earth, they would encounter California's varied population of the early 70's: Hippies; Black Panthers; the rest of us; and Jimi Hendrix himself. This exposure to our Culture will force them to make a crucial decision about their future. If you wonder why this 1970 invasion of California, USA never happened? The answer is quite simple - We ignored them...

Intro to Alien Invasion Owen King, Mark Jude Poirier, 2015-09-15 In this wildly entertaining collaboration, novelists Owen King and Mark Jude Poirier team up with illustrator Nancy Ahn to present a wickedly funny graphic novel about an alien invasion on a college campus. Stacey, a brilliant, overachieving astrobiology major at Fenton College, had planned on just another lonely Spring Break on campus. But when a hurricane batters the small college town, downing power lines and knocking out cell phone reception, Stacey and her friends are stranded with no way to communicate with the outside world at the worst possible moment: in the midst of an alien invasion. As space insects begin to burrow into students and staff, transforming them into slobbering, babbling monsters, a conglomeration of misfits must band together to prevent the infestation from spreading. Meanwhile, Stacey's long-stifled romantic feelings for her friend Charlotte begin to surface, while the professor she had admired and respected becomes the students' worst enemy. Illustrated with enormous wit and dynamism—mixing classic tropes from science fiction, indie

comics, B-movies, and campus culture—this graphic novel is something different, a large-scale action/adventure story as seen from the point-of-view of a contemporary, realistic heroine. The result is a funny and singular work unlike anything else you’ve ever read.
