Rich Dad's Advisors: Guide to Investing In Gold and Silver Michael Maloney,2008-08-28 Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you. -- Michael Maloney, precious metals investment expert and historian; founder and principal, Gold & Silver, Inc. The *Advanced Guide to Investing Gold and Silver* tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no matter what the economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

Investing in Gold and Silver Bullion: The Ultimate Safe Haven Investments Alex Uwajeh,2012-02-08 This is a Beginner's Basic Guide to Investing in Gold and Silver. As the dollar loses value, many investors are turning to precious metals, converting at least part of their investment portfolio from cash, equities and other assets into silver and gold in an attempt to preserve the value of their capital. This is why the price of gold has more than doubled since 2007. Similar to gold, silver has long been considered a safe investment, especially to hedge against inflation. Like gold, silver is a precious metal and has been used historically as a currency. it is still relatively rare and its unique properties have allowed it to maintain its value over many thousands of years. This book will help you gain a better understanding of gold and silver. Buy Gold and Silver Safely Doug Eberhardt,2010-09-02 We Americans are never taught anything about gold and silver through our education system. That's why many gold dealers are able to easily rip off unsuspecting buyers of gold and silver. Financial advisors and journalists aren't giving you the truth either, as to how gold and silver fit into a properly diversified portfolio. So naturally, people are looking for answers. *Buy Gold and Silver Safely* provides those answers by explaining why gold and silver need to be a part of everyone's portfolio, and helping people learn about buying or selling gold and silver... the safe way.

The Complete Guide to Investing in Gold and Precious Metals Alan Northcott,2011 As the U.S. economy struggles to recover from the worst economic crisis since the Great Depression, citizens across the country are searching for alternative investment vehicles. Many are finding solace in a precious metal that has been a universal measure of wealth since early civilization: gold. Investment brokers and novices alike are reaping the benefits that come with diversifying their investments. Gold's value is determined by a number of factors including the volume of the metal held by prosperous countries, the rarity of the metal as it is refined, and current market trends, such as inflation and the movement of the investment market. In 1910, gold was worth \$20 an ounce; a century later, in 2010, the value of gold reached nearly \$1,120 an ounce. This book discusses where the value of these metals first originated and how they have evolved over the course of human history. You will learn how practical uses of precious metals have directly affected their value over time and how metals like gold and silver are direct indicators of the current state of the economy. Most importantly, you will learn to recognize market trends that pinpoint the risk of inflation and the exodus from stock to precious metals that will often occur as a result. You will learn how to use mutual funds and futures to diversify your portfolio without spreading yourself too thin. With advice from dozens of financial experts and commodities traders, you will learn how to maximize your return and minimize your risk. If you are looking to diversify your portfolio and protect your investments, *The Complete Guide to Investing in Gold and Precious Metals* is your handbook for making the most from your investment. How to Invest in Gold and Silver Alan Dunwiddie,2008-02-01 A unique guide for beginners to the world of investing in precious metals. It explains in laymans terms the weaknesses behind the present day financial system and why gold has endured throughout history. It gives clear reasons why you should be investing at least some of your savings in the worlds oldest currency and explains the various ways you can invest profitably. Some of these ways have previously been open to experts and the very wealthy only, but are now available to all. Some of the ways like digital currency are completely newly created by the internet and offer great scope for diversifying your portfolio and improving your investment returns. Unlike many books of this type, the information inside and investing options are just as valid for UK, European Union (EU) or worldwide residents as it is for US residents. An unmissable book full of money-saving information that will help you add a major pillar of safety to your investment portfolio.

How to Invest in Gold and Silver Don Durrett,2010 Written in clear layman's terms, this forward-thinking book is packed with information to help gold and silver investors navigate an exciting, timely, and largely unexplored market.

Building Wealth with Silver Thomas Herold,2011-03 We are all using dangerous, outdated, old economic strategies to protect and grow our money in the so-called 'new economy.' Most of us don't even know it. Every economy is, in some sense, 'new.' However, applying the rules from an 'older' economy to a 'newer' one during times of transition is a recipe for financial ruin.Economic transitions have been around for centuries . . . the difference is that now they are worldwide in scope and affect everything rather than local in nature with limited affects.While you sleep at night, while you go to work each day, something insidious is actually stealing your financial future. It isn't anyone's fault really. There is a massive reallocation of wealth as we transition into the new economy.There are two sides to this story. Because of the changing rules of money, the greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead.This is nothing new, really. Money has always worked this way. The good news is that average members of the public now have more ways than ever before to understand this process and to take appropriate action.I am sure you are aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold. Gold has intrinsic value and will always prevail in any economy.What most non-investors and investors -- including yourself -- probably you don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich!The price of gold has already risen dramatically, but silver is just beginning its climb.Nine Reasons Why Silver is a Unique Wealth Building Instrument - Silver, like gold, has intrinsic value- Silver has been in a commodity bull cycle since 2000- Silver is a safe hedge against currency inflation- Silver is a security choice during times of financial crisis- Silver is rarer than gold- Silver is used in 90% of all electronics -- and its mostly non-renewable- Silver inventories are very low- Silver leasing -- the scam will be exposed soon- Silver investment markets are expanding thanks to the ChineseWhat You Will Learn From Building Wealth with SilverYou will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. You will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up. You will see why unemployment numbers, along with many other economic figures, are rigged, and how we're are being lied to about their true significance.The insights you get from the first few chapters alone can change your life. Even if you were to study at Harvard for five years -- which would cost you, by the way, over \$95,000 -- you would not have the knowledge you need to get any closer to this kind of insider information.Learn why silver is the best investment opportunity right now.Get the facts on silver production and consumption, and all the details behind silver's projected five-to eight-fold increase over the next several months.

How to Buy and Sell Gold and Silver PRIVATELY Doyle Shuler,2015-11-14 This is a MUST READ book for ALL Gold and Silver Investors who want to stay off the radar and remain TOTALLY PRIVATE. Readers are loving this book! There is so much confusing and contradictory information in the marketplace about this subject. As you know, PRIVACY has become a huge issue these days. We probably have less privacy now than at any other time in the past. Probably like you, I'm a hard working, tax-paying, God fearing American and I value my privacy. The great news is, precious metals can be one of the most private investments you can make, IF you do it correctly. This book will carefully walk you through it all and sort out the truth from the myths. It will clearly show you the smart way to invest in metals so your investments will be completely invisible to everyone... including the government. If you get this wrong, it can devastate your investment plans. If you get this right, you will sleep like a baby at night knowing much of your wealth is off the radar. It is truly a must-have book. I shouldn't have to say this but this book is completely above board and totally compliant with the laws of the United States. You will find nothing here that talks about circumventing the laws and/or taxes, or doing anything at all that is not completely 100% above board. If you do this correctly, there is no need to even think about bending any laws. The laws are already there. And they are very favorable to precious metals anyway, if you follow the rules. This book simply shows you how to take maximum advantage of the laws that are already there and still stay completely private. Here are just some of the things you will learn in this book: *Why All Of The Confusion and misinformation about this subject *Start With a Plan, This Is Critical *Buying Precious Metals Privately - Reporting Requirements - Limitations & Restrictions *Exact Types of Bullion Items That Can Be Bought Privately *Buying With Cash - Restrictions & Reporting *Do You Have To Pay Sales Tax When Buying Precious Metals *Bullion Items That Can Be Sold Privately *Bullion Items That Cannot Be Sold Privately *Capital Gains Reporting Requirements *How To Totally Stay Off The Radar And Make Your Metals Invisible *Tips On Storing Your Metals Privately At the end of the book, you will also gain access to the best place I know of to buy metals at the very lowest prices. Want to stay off the grid? Want to do things right and be able to sleep like a baby at night? Invest a little time in reading this book and you will be amazed at how empowered you will feel when investing in precious metals. This book will give you the knowledge and confidence you need to make wise metals buying decisions. Buy this book now. It will SAVE you a ton of money, help you make smarter decisions, enable you to stay off the radar. Not buying this book can cost you a ton of money and get you in a heap of trouble. Don't wait another second. Scroll up and click on the Buy Now button and get started buying gold and silver PRIVATELY, the right way, right now. It's simply too important to wait.

The Silver Bull Market Shayne McGuire,2013-03-27 From one of the world's most respected authorities on precious metals investment—a thoroughly researched volume on the investment prospects for silver, the other gold. Gold, outperforming stocks for over a decade, has finally been recognized as a serious asset class to be included in any solid, diversified investment portfolio. Considering present inflationary concerns related to accelerating fiscal crises in Europe, the United States and likely Japan in the years ahead, gold is

widely held in the largest professionally-managed portfolios in the world. But silver, which has been moving in the same direction as its sister metal for forty years—and actually outperforming gold over the last ten years—has yet to be taken seriously in the investment world. Widely perceived as an erratic, unpredictable metal best left to speculators, silver has been disdained primarily for its volatility. Taking the long view, as well as a hard look at silver's investment demerits, Shayne McGuire examines current global financial conditions in order to provide a full and frank assessment of present and future opportunities for investors who may be considering buying silver. Silver is being rediscovered as a viable alternative to gold, and demand for the metal as an investment vehicle has risen sharply over the past few years. Though more volatile than gold, silver is highly correlated with the more expensive metal and should continue moving in the same direction (as it has for thousands of years). Widely considered a precious metals expert within the institutional investor community and author of *Hard Money: Taking Gold to a Higher Investment Level*, McGuire manages a portfolio with over \$850 million in precious metals investments. While the investment literature is overflowing with books on how to invest in gold, this is the first serious book in decades offering expert insights, advice and guidance on investing in silver.

Buying Gold and Silver Lk Smart Capital, 2020-02-24 Gold has fascinated people for millennia. With the purchase of gold coins and silver bars you bring the shiny treasure home. Gold and silver are still by far the most important precious metals for investors, for the jewelry industry and for high-tech companies. It is not without reason that the shiny metals have been used for trading, investment or as reserves for thousands of years. Both precious metals offer many advantages, for example they do not rust and retain their shine and beauty for thousands of years. Gold and silver can be deformed, melted down and cast again and again.
