iPad and iPhone Tips and Tricks Jason R. Rich, 2013-11-08 iPad® and iPhone® Tips and Tricks Covers iPad Air, iPad 3rd/4th generation, iPad 2, iPad mini, iPhone 5S, 5/5C and 4/4S running iOS 7 Easily Unlock the Power of Your iPad, iPad mini, or iPhone Discover hundreds of tips and tricks you can use right away with your iPad, iPad mini, or iPhone to maximize its functionality. Learn to use your iOS 7 mobile device as a powerful communication, organization, and productivity tool, as well as a feature-packed entertainment device. In addition to learning all about the apps that come preinstalled on your iPad or iPhone, you will learn about some of the best third-party apps currently available, plus discover useful strategies for how to best utilize them in your personal and professional life. Using an easy-to-understand, nontechnical approach, this book is ideal for beginners and more experienced iPad, iPad mini, or iPhone users who want to discover how to use the iOS 7 operating system with iCloud, and the latest versions of popular apps. If you're using an iPad running iOS 7, this book is an indispensable tool! Here's just a sampling of what the tips, tricks, and strategies offered in this book will help you accomplish:

- Discover how to take full advantage of powerful iOS 7 features, such as Control Center and AirDrop.
- Create and maintain a reliable backup of your iOS 7 device.
- Learn secrets for using preinstalled apps, such as Contacts, Calendars, Reminders, Maps, Notes, Safari, Mail, and Music.
- Find, download, and install the most powerful and versatile apps and content for your iPad, iPad mini, or iPhone.
- Synchronize files, documents, data, photos, and content with iCloud, your computer, or other iOS mobile devices.
- Learn how to interact with your tablet or phone using your voice with Siri and the Dictation feature.
- Discover how to take visually impressive photos using the cameras built in to your iPad, iPad mini, or iPhone, and then share them using iCloud Shared Photo Streams, Facebook, Twitter, email, or other methods.
- Use your iOS mobile device as an eBook reader, portable gaming machine, and feature-packed music and video player.

Learning IOS Design William Van Hecke, 2013 Offers information on the iOS design process to create applications for the iPad and iPhone.

Unity 2022 Mobile Game Development John P. Doran, 2023-06-30 Get started with mobile game development with this practical, illustrated guide on how to use Unity 2022 and C# to build cross-platform mobile games and add augmented reality features to your projects Key Features Create, deploy, and monetize immersive mobile games on Android and iOS with Unity 2022 Integrate augmented reality in your mobile projects to add real-world elements to your games Explore step-by-step instructions and a demo game project to kickstart your game development journey Book Description Unity is a well-established player in the mobile game development sphere, and its new release, Unity 2022, is packed with new, exciting features. In *Unity 2022 Mobile Game Development, Third Edition*, you'll get to grips with the Unity game engine by building a mobile game and publishing it on the most popular mobile app stores as well as exploring the all-new features. This book provides a comprehensive and practical approach to mobile game development, helping you build an endless runner game. Starting with setting up a simple Unity project for mobile development, you'll delve into various essential aspects needed to successfully create and publish your game. You'll acquire a range of skills, such as incorporating touch gestures, monetizing your game with Unity Ads and in-app purchases, designing an intuitive UI, and seamlessly integrating social media functionalities. Additionally, you'll gain valuable insights into player preferences and behavior using Unity's analytics tools. You'll also explore features of augmented reality in Unity 2022, enhancing your game's appeal. By the end of this book, you'll be well-equipped to reap the power of Unity 2022 to build, optimize, and publish robust cross-platform mobile games with C#, as well as widening your skill set and enhancing your credentials as a game developer. What you will learn Design responsive UIs for your mobile games Detect collisions, receive user input, and create player

movements Create interesting gameplay elements using mobile device input Add custom icons and presentation options Keep players engaged by using Unity's mobile notification package Integrate social media into your projects Add augmented reality features to your game for real-world appeal Make your games juicy with post-processing and particle effects Who this book is for If you are a game developer or mobile developer looking to learn Unity and employ it to build mobile games for iOS and Android, then this Unity book is for you. Prior knowledge of C# and Unity will be beneficial but isn't mandatory.

IPhoto: The Missing Manual David Pogue, Lesa Snider, 2014-05-13 Introduces digital photography and explains how to import, modify, organize, transfer, and present photographs using the latest version of the Macintosh photograph editing and management software.

I Should Be Writing Mur Lafferty, 2017-08-22 Writing talent isn't some superpower handed down from on high. It's a skill that requires hard work, practice, and focus in order to grow. Join author and podcaster Mur Lafferty as she outlines the steps necessary to become a better writer, including staying healthy, choosing writing materials that best suit you, and following your inner muse while ignoring your inner bully. She then provides you with engaging writing exercises that will help you practice your writing skills.--Publisher.

Waking Up Sam Harris, 2014-09-09 For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

Assistive Technology in Special Education Joan L. Green, 2014 This second edition of *Assistive Technology in Special Education* provides families, teachers, and therapists an update on how to use the latest technologies to help individuals who struggle with communication, literacy, and learning.

Designing the Editorial Experience Sue Apfelbaum, Juliette Cezzar, 2014-03-01 In a world of media that seems to be ever-changing, how do we define a newspaper, magazine or journal? Are we drinking our morning coffee on a Sunday as we sit down and read our newstabled? Look around any doctor's office waiting room and you will find two people reading the same magazine, one holding the paper version, another on their phone. With so many medium options, designers need to evaluate the best formats to convey an editorial vision. In *Designing the Editorial Experience*, authors Sue Apfelbaum and Juliette Cezzar will discuss what it means to design for multiple media. It features advice from professionals in both the design and editorial fronts "and digital strategists too" about what is constant and what is changing in the field. Inside, you will find examples of the best editorial design being produced today. In addition, explore the audiences for content, what forms the content takes, and how workflows are managed. This book provides a primer on the elements of editorial design that result in rich, thoughtful, and rewarding editorial experiences.

The Book of Basketball Bill Simmons, 2010-12-07 NEW YORK TIMES BESTSELLER • The NBA according to The Sports Guy—now updated with fresh takes on LeBron, the Celtics, and more! Foreword by Malcom Gladwell • "The work of a true fan . . . it might just represent the next phase of sports commentary."—The Atlantic Bill Simmons, the wildly

opinionated and thoroughly entertaining basketball addict known to millions as ESPN's The Sports Guy, has written the definitive book on the past, present, and future of the NBA. From the age-old question of who actually won the rivalry between Bill Russell and Wilt Chamberlain to the one about which team was truly the best of all time, Simmons opens—and then closes, once and for all—every major pro basketball debate. Then he takes it further by completely reevaluating not only how NBA Hall of Fame inductees should be chosen but how the institution must be reshaped from the ground up, the result being the Pyramid: Simmons's one-of-a-kind five-level shrine to the ninety-six greatest players in the history of pro basketball. And ultimately he takes fans to the heart of it all, as he uses a conversation with one NBA great to uncover that coveted thing: The Secret of Basketball. Comprehensive, authoritative, controversial, hilarious, and impossible to put down (even for Celtic-haters), The Book of Basketball offers every hardwood fan a courtside seat beside the game's finest, funniest, and fiercest chronicler.

Billboard, 2010-10-02 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Creative Selection Ken Kocienda, 2018-09-04 * WALL STREET JOURNAL BESTSELLER * An insider's account of Apple's creative process during the golden years of Steve Jobs. Hundreds of millions of people use Apple products every day; several thousand work on Apple's campus in Cupertino, California; but only a handful sit at the drawing board. Creative Selection recounts the life of one of the few who worked behind the scenes, a highly-respected software engineer who worked in the final years of the Steve Jobs era—the Golden Age of Apple. Ken Kocienda offers an inside look at Apple's creative process. For fifteen years, he was on the ground floor of the company as a specialist, directly responsible for experimenting with novel user interface concepts and writing powerful, easy-to-use software for products including the iPhone, the iPad, and the Safari web browser. His stories explain the symbiotic relationship between software and product development for those who have never dreamed of programming a computer, and reveal what it was like to work on the cutting edge of technology at one of the world's most admired companies. Kocienda shares moments of struggle and success, crisis and collaboration, illuminating each with lessons learned over his Apple career. He introduces the essential elements of innovation—inspiration, collaboration, craft, diligence, decisiveness, taste, and empathy—and uses these as a lens through which to understand productive work culture. An insider's tale of creativity and innovation at Apple, Creative Selection shows readers how a small group of people developed an evolutionary design model, and how they used this methodology to make groundbreaking and intuitive software which countless millions use every day.

Fables: The Wolf Among Us Vol. 2 Matthew Sturges, 2016-07-05 Bigby Wolf has been around for a good long while, and he's investigated pretty much every crime imaginable—but even an immortal Fable like him can still stumble across a once-in-a-lifetime case. As the sheriff of the magical New York City neighborhood known as Fabletown, Bigby is hot on the trail of the killer who beheaded a princess and then unleashed a horde of gangsters and monsters to cover his tracks. But even as Bigby reels from attempts on his life and watches his trail of suspects go cold, an old evil reappears to wreak havoc once more. Is the urban legend known as Bloody Mary to blame? Or is she just one more tortured pawn in an even bigger game, with an even more crooked opponent waiting to make his move? The acclaimed adaptation of the hit mystery from Telltale Games—inspired by Bill Willingham's best-selling Vertigo series FABLES—concludes in this

caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions—now with a new Afterword by the author. #1 NONFICTION BOOK OF THE YEAR: Time ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, The New York Times, Los Angeles Times, The Boston Globe, O: The Oprah Magazine, NPR, Bloomberg, The Christian Science Monitor, New York Post, The New York Public Library, Fortune, Smithsonian Magazine, Marie Claire, Slate, Library Journal, Kirkus Reviews Winner of the Carl Sandberg Literary Award • Winner of the Los Angeles Times Book Prize • National Book Award Longlist • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist • Kirkus Prize Finalist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched, and beautifully written narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Original and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Atomic Habits Summary (by James Clear) James Clear, SUMMARY: ATOMIC HABITS: An Easy & Proven Way to Build Good Habits & Break Bad Ones. This book is not meant to replace the original book but to serve as a companion to it. ABOUT ORIGINAL BOOK: Atomic Habits can help you improve every day, no matter what your goals are. As one of the world's leading experts on habit formation, James Clear reveals practical strategies that will help you form good habits, break bad ones, and master tiny behaviors that lead to big changes. If you're having trouble changing your habits, the problem isn't you. Instead, the issue is with your system. There is a reason bad habits repeat themselves over and over again, it's not that you are not willing to change, but that you have the wrong system for changing. “You do not rise to the level of your goals. You fall to the level of your systems” - James Clear I’m a huge fan of this book, and as soon as I read it I knew it was going to make a big difference in my life, so I couldn’t wait to make a video on this book and share my ideas. Here is a link to James Clear’s website, where I found he uploads a tonne of useful posts on motivation, habit formation and human psychology. DISCLAIMER: This is an UNOFFICIAL summary and not the original book. It designed to record all the key points of the original book.
