Trickster Drift Eden Robinson, 2018-10-02 Following the Scotiabank Giller Prize-shortlisted *Son of a Trickster* comes *Trickster Drift*, the second book in Eden Robinson's captivating *Trickster* trilogy. In an effort to keep all forms of magic at bay, Jared, 17, has quit drugs and drinking. But his troubles are not over: now he's being stalked by David, his mom's ex--a preppy, khaki-wearing psycho with a proclivity for rib-breaking. And his mother, Maggie, a living, breathing badass as well as a witch, can't protect him like she used to because he's moved away from Kitimat to Vancouver for school. Even though he's got a year of sobriety under his belt (no thanks to his enabling, ever-partying mom), Jared also struggles with the temptation of drinking. And he's got to get his grades up, find a job that doesn't involve weed cookies, and somehow live peacefully with his Aunt Mave, who has been estranged from the family ever since she tried to rescue him as a baby from his mother. An indigenous activist and writer, Mave smothers him with pet names and hugs, but she is blind to the real dangers that lurk around them--the spirits and supernatural activity that fill her apartment. As the son of a *Trickster*, Jared is a magnet for magic, whether he hates it or not--he sees ghosts, he sees the monster moving underneath his Aunt Georgina's skin, he sees the creature that comes out of his bedroom wall and creepily wants to suck his toes. He also still hears the *Trickster* in his head, and other voices too. When the David situation becomes a crisis, Jared can't ignore his true nature any longer.

Rebels of Eden Joey Graceffa, 2018-10-02 The electrifying conclusion to the #1 New York Times bestselling *Children of Eden* series that follows Rowan as she leaves behind the paradise she's always dreamed of to save Eden--and the world--from a terrible fate. Rowan is finally in Harmonia, an Earth-friendly, sustainable commune in the wilderness she always believed was dead. Even in this idyllic world, she finds no peace. Harmonia has strict rules--and dire consequences. Thinking about Eden is forbidden, but she's determined to rescue the loved ones she left behind. Though they are in terrible danger, her pleas for help are ignored. After months of living as one with nature, a shocking reminder of her past pushes Rowan to act. With the help of new friends, she infiltrates Eden. What she discovers is even worse than the situation she left behind. In the chaos of civil war, Rowan and her friends join forces with the second children and other rebels trapped inside. They fight for their lives, and for the future of humanity in this broken Earth.

Return to the Brain of Eden Tony Wright, Graham Gynn, 2014-05-14 An exploration of our fall from the pinnacle of human evolution 200,000 years ago and how we can begin our return • Explores recent neurological and psychological research on the brain and the role of plant biochemistry in human brain expansion • Explains how humanity's prehistoric diet change led to a neurodegenerative condition characterized by aggression and a fearful perception of the world • Outlines a strategy of raw foods, tantric sexuality, shamanic practices, and entheogens to reverse our mental degeneration and restore our advanced abilities Over a period of a million years the human brain expanded at an increasingly rapid rate, and then, 200,000 years ago, the expansion abruptly stopped. Modern science has overlooked this in order to maintain that we are at the pinnacle of our evolution. However, the halt in brain expansion explains not only recently uncovered anomalies within the human brain but also the global traditions of

an earthly paradise lost and of humanity's degeneration from our original state of perpetual wonder and joy. Drawing on more than 20 years of research, authors Tony Wright and Graham Gynn explore how our modern brains are performing far below their potential and how we can unlock our higher abilities and return to the euphoria of Eden. They explain how for millions of years early forest-dwelling humans were primarily consuming the hormone-rich sex organs of plants--fruit--each containing a highly complex biochemical cocktail evolved to influence DNA transcription, rapid brain development, and elevated neural and pineal gland activity. Citing recent neurological and psychological studies, the authors explain how the loss of our symbiotic fruit-based diet led to a progressive neurodegenerative condition characterized by aggressive behaviors, a fearful perception of the world, and the suppression of higher artistic, mathematical, and spiritual abilities. The authors show how many shamanic and spiritual traditions were developed to counteract our decline. They outline a strategy of raw foods, tantric sexuality, shamanic practices, and entheogen use to reverse our degeneration, restore our connection with the plant world, and regain the bliss and peace of the brain of Eden.

Son of a Trickster Eden Robinson, 2017-02-07 Shortlisted for the Scotiabank Giller Prize: With striking originality and precision, Eden Robinson, the author of the classic *Monkey Beach* and winner of the Writers' Trust of Canada Fellowship, blends humour with heartbreak in this compelling coming-of-age novel. Everyday teen existence meets indigenous beliefs, crazy family dynamics, and cannibalistic river otters . . . The exciting first novel in her trickster trilogy. Everyone knows a guy like Jared: the burnout kid in high school who sells weed cookies and has a scary mom who's often wasted and wielding some kind of weapon. Jared does smoke and drink too much, and he does make the best cookies in town, and his mom is a mess, but he's also a kid who has an immense capacity for compassion and an impulse to watch over people more than twice his age, and he can't rely on anyone for consistent love and support, except for his flatulent pit bull, Baby Killer (he calls her Baby)--and now she's dead. Jared can't count on his mom to stay sober and stick around to take care of him. He can't rely on his dad to pay the bills and support his new wife and step-daughter. Jared is only sixteen but feels like he is the one who must stabilize his family's life, even look out for his elderly neighbours. But he struggles to keep everything afloat...and sometimes he blacks out. And he puzzles over why his maternal grandmother has never liked him, why she says he's the son of a trickster, that he isn't human. Mind you, ravens speak to him--even when he's not stoned. You think you know Jared, but you don't.

Born a Crime Trevor Noah, 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, Time), "poignant" (Entertainment Weekly), "soul-nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

Traplines Eden Robinson, 2014-08-26 From a writer whom the New York Times

dubbed Canada's "Generation X laureate" comes a quartet of haunting, unforgettable tales of young people stuck in the inescapable prison of family. A New York Times Notable Book and winner of Britain's prestigious Winifred Holtby Memorial Prize, *Traplines* is the book that introduced the world to Canadian author Eden Robinson. In three stories and a novella, Robinson explodes the idea of family as a nurturing safe haven through a progression of domestic horrors experienced by her young, often helpless protagonists. With her mesmerizing, dark skill, the author ushers us into these worlds of violence and abuse, where family loyalty sometimes means turning a blind eye to murder, and survival itself can be viewed as an act of betrayal. In the title story, for a teenager named Will growing up on a Native reserve in northwestern Canada, guilt, race, and blind fidelity are the shackles chaining him to the everyday cruelty and abuse he is forced to endure. In "Dogs in Winter," a girl recalls life with her serial-killer mother and fears for her own future. A young teen and the sadistic, psychopathic cousin who comes to live with him engage in a cat-and-mouse game that soon escalates out of control in "Contact Sports," while in the final story, "Queen of the North," a young Native girl deals in her own way with sexual molestation at the hands of a pedophile uncle. Each of these tales is vivid, intense, and disturbing, and Robinson renders them unforgettable with her deft flair for storytelling and a surprising touch of humor.

Rebels and Runaways Grace McGinty, 2021-02-12 Welcome to Eden Academy. Safe haven. Melting pot of preternatural beings from shifters to extraordinary humans. Carmen had been attending Eden Prep since before she knew her multiplication tables, and she was ready to graduate, do her time at the Academy and then get the hell out of dodge. She was sick of having a best friend who still saw her as a little kid despite the fact she was seventeen. She was sick of her Alpha older brother telling her what to do. She was sick of always being compared to Enit, her omega and incomparable littermate. The only place she felt free was fighting, and if her parents knew that? They'd kick her ass and keep her locked up in the tiny town of Dark River forever. Well, except her dad X. Carmen was pretty sure he was proud that she could kick ass. Carmen needed to get out into the world and live life on her own terms. But her first semester at the Academy brings more surprises than she expected. A fiery runaway with a quick smile and even quicker hands. Not to mention the arrival of a boy, no a man, with dark eyes and an even darker past. Hell, maybe Eden was living up to its name after all. This story is an Academy, reverse harem romance.

Midnight in the Garden of Good and Evil John Berendt, 1994-01-13 NATIONAL BESTSELLER • A modern classic of true crime, set in a most beguiling Southern city—now in a 30th anniversary edition with a new afterword by the author “Elegant and wicked . . . might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime.”—The New York Times Book Review Shots rang out in Savannah’s grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. In this sharply observed, suspenseful, and witty narrative, John Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman’s Card Club; the turbulent young gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the “soul of pampered self-absorption”; the uproariously funny drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young people dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Brilliantly conceived and masterfully written, *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience.
