It's Not Little Red Riding Hood Josh Funk,2020-10-27 Little Red likes to play by the rules. Expressive Interiors Sandra Lucas,Sarah Eilers,Lucas/Eilers Design Associates,2020-09-15 From the Third Coast comes this inspirational interiors book by award-winning interior designers Sandra Lucas and Sarah Eilers, who show us how to design inviting homes with a classical backbone that are stylish and versatile for today's living. Native Houstonians Lucas and Eilers's aesthetic marries the entrepreneurial, can-do spirit of the West with

Southern grace. The distinctive influences of their hometown--from the architecture of John Staub to the textures and color palettes of the surrounding Texas ranches and expansive landscapes to the impact of futuristic NASA--infuse their design choices. Whether traditional, contemporary, or transitional in style, the rooms they create are timeless. The duo's seasoned insight into the principles and elements of interior design forms the book's heart. Touching on such topics as scale and proportion, color and light, and pattern and texture, they explore their pragmatic, imaginative approach to creating expressive living spaces in a diverse range of projects from coast to coast. They then tour us through several homes, including a comfortable family ski compound in Utah with repurposed rough-hewn wooden beams and custom forged-steel fireplace surrounds; a Houston shotgun home rich with patina; and a charming Gulf Coast beach house. For those passionate about interiors, this wealth of design fundamentals is inspirational.

Pedagogical Translanguaging Jasone Cenoz,Durk Gorter,2022-01-27 Learning through the medium of a second or additional language is becoming very common in different parts of the world because of the increasing use of English as the language of instruction and the mobility of populations. This situation demands a specific approach that considers multilingualism as its core. Pedagogical translanguaging is a theoretical and instructional approach that aims at improving language and content competences in school contexts by using resources from the learner's whole linguistic repertoire. Pedagogical translanguaging is learner-centred and endorses the support and development of all the languages used by learners. It fosters the development of metalinguistic awareness by softening of boundaries between languages when learning languages

and content. This Element looks at the way pedagogical translanguaging can be applied in language and content classes and how it can be valuable for the protection and promotion of minority languages. This title is also available as Open Access on Cambridge Core.
