Hashtag Islam Gary R. Bunt, 2018-09-25 Gary R. Bunt is a twenty-year pioneer in the study of cyber-Islamic environments (CIEs). In his new book, Bunt explores the diverse and surprising ways digital technology is shaping how Muslims across vast territories relate to religious authorities in fulfilling spiritual, mystical, and legalistic agendas. From social networks to websites, essential elements of religious practices and authority now have representation online. Muslims, embracing the immediacy and general accessibility of the internet, are increasingly turning to cyberspace for advice and answers to important religious questions. Online environments often challenge traditional models of authority, however. One result is the rise of digitally literate religious scholars and authorities whose influence and impact go beyond traditional boundaries of imams, mullahs, and shaikhs. Bunt shows how online rhetoric and social media are being used to articulate religious faith by many different kinds of Muslim organizations and individuals, from Muslim comedians and women's rights advocates to jihad-oriented groups, such as the Islamic State and al-Qaeda, which

now clearly rely on strategic digital media policies to augment and justify their authority and draw recruits. This book makes clear that understanding CIEs is crucial for the holistic interpretation of authority in contemporary Islam.

Elements of Islamic Studies Sayyid Saeed Akhtar Rizvi, A greatly beneficial text book for students of all ages who wish to learn or review the basic fundamentals of Islamic studies. This booklet is based mostly on the lessons of Maulana Sayyid Sa'eed Akhtar Rizvi, though at the time of editing he has added some lessons from the 'Book of Salat' (Majlis-ul-Muslimeen, Karachi), and 'Diniyat' (Rah al-Najat Office, Karachi), with necessary adaptations. This edition has been completely revised (according to the Fatwa of Agha Syed Abu'l Qasim al-Khu'i, Dama Dhilluhul-Aali, Najaf, Iraq). Also, many subjects have been added because of the popular demand. For example, details of Ghusls, prayers of Ayaat, Jumu'ah, 'Eidain, Mayyit and Jama'at. Simply a must read for those that are unable to attend Hawza (Islamic University) yet wish to learn at least the basics of religion by means of authentic texts as compiled in this booklet

**The History of al-Ṭabarī Vol. 7** Abū Ja'far Muḥammad ibn Jarīr al-Ṭabarī,1987-01-01 The contents of this volume are extremely significant: The specific events in this earliest period set precedents for what later became established Islamic practice. The book deals with the history of the Islamic community at Medina during the first four years of the Islamic period--a time of critical importance for Islam, both as a religion and as a political community. The main events recounted by Ṭabarī are the battles between Muḥammad's supporters in Medina and their adversaries in Mecca. Ṭabarī also describes the rivalries and infighting among Muḥammad's early supporters, including their early relations with the Jewish community in Medina.

*Finding Mecca in America* Mucahit Bilici,2012-12-18 The events of 9/11 had a profound impact on American society, but they had an even more lasting effect on Muslims living in the United States. Once practically invisible, they suddenly found themselves overexposed. By describing how Islam in America began as a strange cultural object and is gradually sinking into familiarity, *Finding Mecca in America* illuminates the growing relationship between Islam and American culture as Muslims find a homeland in America. Rich in ethnographic detail, the book is an up-close account of how Islam takes its American shape. In this book, Mucahit Bilici traces American Muslims' progress from outsiders to natives and from immigrants to citizens. Drawing on the philosophies of Simmel and Heidegger, Bilici develops a novel sociological approach and offers insights into the civil rights

activities of Muslim Americans, their increasing efforts at interfaith dialogue, and the recent phenomenon of Muslim ethnic comedy. Theoretically sophisticated, *Finding Mecca in America* is both a portrait of American Islam and a groundbreaking study of what it means to feel at home.

Translation of the Holy Quran in English Maulana Muhammad Ali, 2013-12-25 The Quran, literally meaning the recitation, also romanised (Koran) is the central religious text of Islam, which Muslims believe to be a revelation from God (Arabic: Allah). It is widely regarded as the finest piece of literature in the Arabic language. Muslims consider the Quran to be the only book that has been protected by God from distortion or corruption. Quranic chapters are called suras and verses are called ayahs. Muslims believe that the Quran was verbally revealed from God to Muhammad through the angel Gabriel (Jibril), gradually over a period of approximately 23 years, beginning on 22 December 609 CE, when Muhammad (Peace be upon Him) was 40, and concluding in 632 CE, the year of his death. Shortly after Muhammad's death, the Quran was collected by his companions using written Quranic materials and everything that had been memorized of the Quran. Muslims regard the Quran as the most important miracle of Muhammad, the proof of his prophet hood and the culmination of a series of divine messages that started with the messages revealed to Adam and ended with Muhammad. The Quran assumes familiarity with major narratives recounted in the Jewish and Christian scriptures. It summarizes some, dwells at length on others and, in some cases, presents alternative accounts and interpretations of events. The Quran describes itself as a book of guidance. It sometimes offers detailed accounts of specific historical events, and it often emphasizes the moral significance of an event over its narrative sequence. The Quran is used along with the hadith to interpret sharia law. During prayers, the Quran is recited only in Arabic. Someone who has memorized the entire Quran is called a hafiz. Some Muslims read Quranic ayahs (verses) with

elocution, which is often called tajweed. During the month of Ramadan, Muslims typically complete the recitation of the whole Quran during tarawih prayers. Inimitability of the Quran (or I'jaz) is the belief that no human speech can match the Quran in its content and form. The Quran is considered an inimitable miracle by Muslims, effective until the Day of Resurrection-and, thereby, the central proof granted to Muhammad in authentication of his prophetic status. The concept of inimitability originates in the Quran where in five different verses challenges opponents to produce something like the Quran: If men and sprites banded together to produce the like of this Quran they would never produce its like not though they backed one another (17:88). So the suggestion is that if there are doubts concerning the divine authorship of the Quran come forward and create something like it. From the ninth century, numerous works appeared which studied the Quran and examined its style and content. Medieval Muslim scholars including al-Jurjani (d. 1078CE) and al-Baqillani (d. 1013CE) have written treatises on the subject, discussed its various aspects, and used linguistic approaches to study the Quran. Others argue that the Quran contains noble ideas, has inner meanings, maintained its freshness through the ages and has caused great transformations in individual level and in the history. Some scholars state that the Quran contains scientific information that agrees with modern science. The doctrine of miraculousness of the Quran is further emphasized by Muhammad's illiteracy since the unlettered prophet could not have been suspected of composing the Quran.

Between Jerusalem and Mecca Uri Rubin (z"l), 2023-10-02 This book sheds new light on Jerusalem's status in early Islam. The sanctity of the city is already discerned in the Qur'ān. The vision of redemption that the Qur'ān displays coincides with the messianic expectations that have swept throughout the entire region, especially among the Jews, due to the attempted renewal of Jewish liturgy in Jerusalem following the Persian victory over Byzantium in 614. On the other hand, the Qur'ān also portrays the holiness of Mecca and the Ka'ba. This book shows how it promotes their pre-Islamic holiness around the image of Abraham and Ishmael. The changing balance between the sanctity of Jerusalem and the sanctity of Mecca, in favor of the latter, is noticeable in the Qur'ān as one proceeds from the Meccan sūras to the Medinan ones. The change occurs against the background of the twist in relations between Muḥammad and the Jews. This book also points out the correlation between Muḥammad's situation in Medina and events in Palestine involving the victory of the Byzantines over the Persians in 628, as alluded to in the opening passage of Sūrat al-Rūm (30). This work illuminates the growing sanctity of Jerusalem following the arrival of the first Muslims to Palestine. As in the Qur'ān, Mecca continued to struggle to preserve its status as a holy city vis-à-vis that of Jerusalem. Key aspects of this struggle are reflected in traditions in which

patterns of sanctity move from Jerusalem to Mecca, and which this book also scrutinizes.
