[Taiwan at the Crossroads Zhixian Huang,2005](#)

[Officially Unofficial](#) J. Michael Cole,2014-07-07 In this long-awaited memoir, journalist J. Michael Cole takes the reader on a journey of self-discovery as he explores the dreams, motivations, successes, failures, and frustrations of an idealistic foreign correspondent in Taiwan. This semi-autobiographical work will appeal to anyone who is interested in the practice of journalism and the politics of a democratic society that lives under the constant threat of authoritarian China. Although the external forces that seek to undermine Taiwan's democratic foundations have been well documented, much less has been written about the institutional failings - from the island's troubled media environment to the legacies of an authoritarian past - that far too often weaken the ability of the nation's 23 million people to resist aggression. By candidly

detailing his personal experiences as an actor in Taiwan's media and placing those in their proper historical context, the author demonstrates that the island's enemies at home can often be just as nefarious as the machinations of outside forces.

**Sex in China** Elaine Jeffreys, 2015-06-05 Choice Outstanding Academic Title for 2015 *Sex in China* introduces readers to some of the dramatic shifts that have taken place in Chinese sexual behaviours and attitudes, and public discussions of sex, since the 1980s. The book explores what it means to talk about 'sex' in present-day China, where sex and sexuality are more and more visible in everyday life. Elaine Jeffreys and Haiqing Yu situate China's changing sexual culture, and how it is governed, in the socio-political history of the People's Republic of China. They demonstrate that Chinese governmental authorities and policies do not set out strictly to repress 'sex'; they also create spaces for the emergence of new sexual subjects and subjectivities. They discuss the complexities surrounding the ongoing explosion of commentary on sex and sexuality in the PRC, and the emergence of new sexual behaviours and mores. *Sex in China* offers clear, critical coverage of sex-related issues that are a focus of public concern and debate in China - chapters focus on sex studies; marriage and family planning; youth and sex(iness); gay, lesbian and queer discourses and identities; commercial sex; and HIV/AIDS. This book will be an invaluable resource for students and scholars both of modern China and of sex and sexualities, who wish to understand the role that 'sex' plays in contemporary China.

*Sex and Sexuality in China* Elaine Jeffreys, 2007-01-24 Elaine Jeffreys explores the issues of sex and sexuality in a non-Western context by examining debates surrounding the emergence of new sexual

behaviours, and the appropriate nature of their regulation, in the People's Republic of China. Commissioned from Western and mainland Chinese scholars of sex and sexuality in China, the chapters in this volume are marked by a diversity of subject material and theoretical perspectives, but turn on three related concerns. First, the book situates China's changing sexual culture and the nature of its governance in the socio-political history of the PRC. Second, it shows how China's shift to a rule of law has generated conflicting conceptions of citizenship and the associated rights of individuals as sexual citizens. Finally, the book demonstrates that the Chinese state does not operate strictly to repress 'sex'; it also is implicated in the creation of new spaces for sexual entrepreneurship, expertise and consumption. This comprehensive study is a valuable resource for scholars in the fields of sexuality studies and post-socialist societies and culture, directly appealing to both East Asia and China specialists.

*Opening Up* James Farrer, 2002-05-29 From teen dating to public displays of affection, from the fishing girls and big moneys that wander discos in search of romance to the changing shape of sex in the Chinese city, this is a book like no other. James Farrer immerses himself in the vibrant nightlife of Shanghai, draws on individual and group interviews with Chinese youth, as well as recent changes in popular media, and considers how sexual culture has changed in China since its shift to a more market-based economy. More and more men and women in China these days are having sex before marriage, creating a new youth sex culture based on romance, leisure, and free choice. The Chinese themselves describe these changes as an opening up in response to foreign influences and increased Westernization. Farrer explores these changes by tracing the basic elements in talk about sex and sexuality in Shanghai. He then shows how Chinese

youth act out the sometimes-contradictory meanings of sex in the new market society. For Farrer, sexuality is a lens through which we can see how China imagines and understands itself in the wake of increased globalization. Through personal storytelling, neighborhood gossip, and games of seduction, young men and women in Shanghai balance pragmatism with romance, lust with love, and seriousness with play, collectively constructing and individually coping with a new culture based on market principles. With its provocative glimpse into the sex lives of young Chinese, then, *Opening Up* offers something even greater: a thoughtful consideration of China as it continues to develop into an economic superpower.

**The International Politics of EU-China Relations** David Kerr, Dr. Liu Fei, 2007-12-13 The EU-China relationship is fast developing in its own context and in the wider context of international politics. In these essays major scholars from Europe and China debate the nature, problems and potential of the emerging strategic relationship between these two international actors.

**Romance on a Global Stage** Nicole Constable, 2003-09-18 By the year 2000 more than 350 Internet agencies were plying the email-order marriage trade, and the business of matching up mostly Western men with women from Asia, Eastern Europe, and Latin America had become an example of globalization writ large. This provocative work opens a window onto the complex motivations and experiences of the people behind the stereotypes and misconceptions that have exploded along with the practice of transnational courtship and marriage. Combining extensive Internet ethnography and face-to-face fieldwork, *Romance on a Global Stage* looks at the intimate realities of Filipinas, Chinese women, and U.S. men corresponding in hopes of finding a suitable marriage partner. Through the experiences of those

engaged in pen pal relationships—their stories of love, romance, migration, and long-distance dating—this book conveys the richness and dignity of women's and men's choices without reducing these correspondents to calculating opportunists or naive romantics. Attentive to the structural, cultural, and personal factors that prompt women and men to seek marriage partners abroad, *Romance on a Global Stage* questions the dichotomies so frequently drawn between structure and agency, and between global and local levels of analysis.

*Michael Wesely* Sarah Hermanson Meister, 2005-01-01

International Communication and Globalization Ali Mohammadi, 1997-08-28 Against a background of rapid technological change, the impact of global communication on national cultures and societies has become a dynamic area of critical enquiry. *International Communication and Globalization* offers a timely overview of the rapidly expanding area of media and communication studies. Leading contributors offer a range of perspectives on the relationship between the process of globalization and international communication. Individual chapters examine the impact of market relations, deregulation and technology of Third World countries, as well as the ethics of the global communications industry. *International Communication and Globalization* makes an important intervention in

*China's New Confucianism* Daniel A. Bell, 2008 What is it like to be a Westerner teaching political philosophy in an officially Marxist state? Why do Chinese sex workers sing karaoke with their customers? And why do some Communist Party cadres get promoted if they care for their elderly parents? In this entertaining and illuminating book, one of the few Westerners to teach at a Chinese university draws on

his personal experiences to paint an unexpected portrait of a society undergoing faster and more sweeping changes than anywhere else on earth. With a storyteller's eye for detail, Daniel Bell observes the rituals, routines, and tensions of daily life in China. China's New Confucianism makes the case that as the nation retreats from communism, it is embracing a new Confucianism that offers a compelling alternative to Western liberalism. Bell provides an insider's account of Chinese culture and, along the way, debunks a variety of stereotypes. He presents the startling argument that Confucian social hierarchy can actually contribute to economic equality in China. He covers such diverse social topics as sex, sports, and the treatment of domestic workers. He considers the 2008 Olympics in Beijing, wondering whether Chinese overcompetitiveness might be tempered by Confucian civility. And he looks at education in China, showing the ways Confucianism impacts his role as a political theorist and teacher. By examining the challenges that arise as China adapts ancient values to contemporary society, China's New Confucianism enriches the dialogue of possibilities available to this rapidly evolving nation.

Thank you unquestionably much for downloading **Irdc Taiwannews**. Most likely you have knowledge that, people have seen numerous times for their favorite books later than this Irdc Taiwannews, but stop taking place in harmful downloads.

Rather than enjoying a fine ebook considering a mug of coffee in the afternoon, instead they juggled
