The Farm She Was Ann Mohin, 2000 New York sheep farmer Irene Leahy, 90, explains why she won't sell and move to an old people's home, as everyone from the realtor to the reverend wants. She has been running the farm on her own since the age of 17 so why stop now. A first novel.

The Farm on Ginger Hill Irene Rosellia Amos, 2011-03-01 Stanley and Frances are deeply in love and begin their life together expecting the promise of happiness and fulfillment. Living during the Great Depression and struggling through numerous and severe hardships, however, put a strain on their marriage. They live on The Farm on Ginger Hill with Stanley's father, a tyrant who controls and dominates his family with fear and greed. Frances' father is equally as tyrannical. These two men manipulate and dominate the lives of Stanley and Frances in ways that create a dysfunctional family life. However, their two mothers are both strong forces who have held the families together. The young couple's lives are consumed with challenges that demand patience and endurance. World War II introduces new problems, which prove to be extremely difficult. There are sad times and happy times in this true-life family saga but, throughout, Stanley and Frances continue to travel a hard road. Their uplifting story transcends bad times and evil men to prove that love - and strong women - can conquer all.

Land Girls at the Old Rectory Irene Grimwood, 2020-10 It was 1942 and Britain was running out of food. Twenty-year-old Irene Gibbs had always fancied working on the land rather than in the cigarette factory so she volunteered for the Women's Land Army. She was billeted with 30 other town gals at the Old Rectory, Halesworth in Suffolk. Irene and her land-army friends had had no farm experience and were unable to distinguish a bull from a cow - something they soon learned. Irene describes with wry affection how they came to terms with back-breaking weeks of hoeing, the dusty work of threshing and the more relaxed days of harvest. The land girls were high-spirited and adventurous. Besides farm work they took in their stride the army on manoeuvres and the US airforce, not to mention hitch-hiking, wall-climbing and some long-suffering hostel wardens. They also had to deal with a wide range of farmers who varied from the hospitable to quite the opposite.

Farm Families and Change in 20th-Century America Mark Friedberger, 2021-10-21 The farm family is a unique institution, perhaps the last remnant, in an increasingly complex world, of a simpler social order in which economic and domestic activities were inextricably bound together. In the past few years, however, American agriculture has suffered huge losses, and family farmers have seen their way of life threatened by economic forces beyond their control. At a time when agriculture is at a crossroads, this study provides a needed historical perspective on the problems family farmers have faced since the turn of the century. For analysis Mark Friedberger has chosen two areas where agriculture retains major importance in the local economy-Iowa and California's Central Valley. Within these two geographic areas he examines farm families with regard to their farming methods, land tenure, inheritance practices, use of credit, and community relations. These aspects are then compared to assess change in rural society and to discern trends in the future of family farming. Despite the shocks endured by family farmers at various times in this century, Friedberger finds that some families have remained remarkably resilient. These families evinced a strong commitment to their way of life. They sought to own their land; they

maintained inheritance from one generation to the next; they were generally conservative in using credit; and they preferred to diversify their enterprises. These practices served them well in good times and in bad. Innovative in its use of a combination of documentary sources, quantitative methods, and direct observation, this study makes an important contribution to the history of American agriculture and of American society.

Down by the Sandy Gardens Irene McInerney, 2018-04-11 'Gortagannive', the Sandy Gardens, is the name of the farm where Irene McInerney grew up, in the Parish of Kilmaley, in the west of Ireland in County Clare, during the 1960s and 70s. This memoir, *Down by the Sandy Gardens*, is the first of a three-part series. Set amidst nature at its best is a bold account of a painful past. Under the shadow of a fanatical mother who dominates the household, Irene grows up quickly. At fourteen she falls madly in love with a local man more than twice her age, causing a parish scandal. Forced apart, they reconnect when Irene is nineteen, but their love affair is thwarted by a jealous friend. Irene joins the corporate world, moving to the city, where she meets a man her mother would regard as an ideal husband. However, he has his own demons, and eventually the relationship has tragic consequences for Irene. Will she be able to recover and resume a normal life? In this memoir, Irene opens the door on the most painful and difficult episodes of her life, set against the fascinating background of the Irish culture of the day.

South Africa: Hiking Trails in and Around Pretoria and Johannesburg Gregory Maassen, Janet Katz, 2017-11-25 With this detailed guide, you can save valuable time when planning your hiking adventure in South Africa. For three years, the authors explored and recorded 837 kilometers (523 miles) of astonishing hiking trails and walks in amazing landscapes, encountering giraffes, zebras and rhinos, magnificent valleys, and unique people and culture. Most trails can be completed in 4-6 hours as day trips from Pretoria and Johannesburg. The more than 120 hiking trails in this guidebook have been grouped into the following geographic areas: • Pretoria and surroundings; • The Magaliesberg Mountain Range (northern and southern slopes); and • Johannesburg and surroundings. The book provides easy to understand custom-made hiking maps and trail descriptions. Users of the book also have access to a unique collection of GPS E-trails. Trails in the guidebook are classified either as a wildlife or nature hike/walk. A trail can be easy, moderately difficult or best suited for advanced hikers. Although most trails can be completed without a GPS device, owners of the book can download carefully recorded E-trails (1,136 waypoints) to maximize their time on the trail, exploring the hiking grounds using GPS devices and GPS enabled smart phones and tablets. Users of the book also have access to the Day Trip Finder and the Itinerary Planner. These interactive planning tools provide hikers easy access to trail descriptions based on many search criteria including waterfalls, historic sites, wildlife (zebras, giraffes, wildebeests, rhinos, etc.) and other interesting artifacts on the trail. The guidebook has been written with the independent traveler in mind, but is also a valuable source of hiking ideas if you plan to organize your holiday with a travel company. --- With the Cape Peninsula, Garden Route, Kruger Park and the Drakensberg Mountain Range, South Africa is a major tourist destination. Millions of tourists explore these magnificent places annually, bringing home memories of a beautiful and diverse country. Less known are the incredible national and municipal parks, numerous private nature reserves and the many little towns in the northern part of South Africa in and around Pretoria and Johannesburg that offer equally interesting experiences. If you visit South Africa beyond the major tourist centers or if you live in the major metropolitan areas, you will be amazed what the country presents in terms of its people, culture, nature, wildlife sightings, hiking, walking, food, wine, local craft beers and entertainment. Unknown to many, the nature reserves and

wildlife parks in and around Pretoria and Johannesburg have outstanding hiking opportunities that can easily compete with other destinations in South Africa. --- Travelers will find South Africa: Hiking Trails in and Around Pretoria and Johannesburg and its multimedia resources an invaluable next generation resource guide to explore the region from a truly unique perspective.
