*Iron Maiden - Updated Edition* Neil Daniels,2016-10-01 Few bands have as widespread global appeal as Iron Maiden. This up-to-date book showcases the band in all its beastly glory. Formed in 1975 by a young, East London bass player named Steve Harris, Iron Maiden went on to become one of the most successful heavy metal acts in history. With an estimated 85 million albums sold worldwide, the band remains hugely popular. Iron Maiden is the updated edition of the first-ever complete, illustrated retrospective of the band. Music journalist Neil Daniels relates the band's entire history and provides a complete, up-to-date discography, while respected heavy metal journalists and Iron Maiden experts, including Ian Christie, Martin Popoff, and Mick Wall, analyze the recordings. The stories behind the band's formation, roster changes, recordings through 2015's *The Book of Souls*, and tours through 2016 are complemented with nearly 500 images, including live performance and candid off-stage photographs, and memorabilia, including handbills, gig posters, backstage passes, buttons, ticket stubs, and, of course, Eddie, Iron Maiden's iconic Derek Riggs-created mascot. This new edition of Iron Maiden is required reading for any heavy metal fan. The book covers the compilation *From Here to Eternity* (2011); the CD/LP/DVD/Blu-ray release of *En Vivo!* (2012); the Maiden World Tour (2012-2014) to North America, Europe, and South America; *The Book of Souls* album (2015); and the 2016 tour.

**Iron Maiden** Steve Pilkington,2020-02-28 Mention the words 'heavy metal' with regards to the past four decades, and chances are one of the first names you'll get back is Iron Maiden. From their early days as front-runners of the New Wave Of British Heavy Metal in 1980, through to their epic and progressive works of more recent times, via 30 years fronted by Bruce Dickinson broken up by a short period with Blaze Bayley, the band have been 'All Things To All Men' in the metal world. Such is their profile that even the non-metal fan would probably cite them as a key example of the genre. This book lifts the lid on every single track recorded by the band, album by album, from the punk-ish debut album with original vocalist Paul DiAnno through to the sprawling double disc epic Book Of Souls. By way of facts, anecdotes, analysis and a dollop of opinion, author Steve Pilkington provides both an informative companion for the die-hard fan and perfect road-map for the more casual listener to follow. From 'Prowler' to 'Empire Of The Clouds', through each and every line up change, this is every Number recorded by The Beast - the ultimate recording history of Iron Maiden.

**Queen** Martin Popoff, 2018-11-27 A thoughtfully curated and gloriously illustrated retrospective of the band's studio releases, Queen, comes just in time for the 45th anniversary of their debut LP and biopic. Formed in 1970, Queen went on to become one of the most popular—and most successful—rock bands of all time. Even following the untimely death of beloved and magnetic frontman Freddie Mercury, and nearly 50 years after their formation, interest in the band has continued, evidenced by scores of reissues, arena tours with surviving members, and a feature-film biopic. In this new installment in Voyageur Press's Album by Album series, rock journo Martin Popoff convenes a cast of 19 Queen experts and superfans to discuss all 15 of the band's studio albums (including their soundtrack for the 1980 film Flash Gordon). Panelists include Queen experts, rock journalists, musicians, and record industry figures. The results are freewheeling discussions delving into the individual songs, the circumstances that surrounded the recording of each album, the band and contemporary rock contexts into which they were released, and more. The engaging text of this beautifully designed book is illustrated throughout with rare live performance and candid offstage photography, as well as scads of rare Queen ephemera. The Album by Album series is a unique approach to the rock bio, injecting the varied voices of several contributors. The results have even the most diehard fans rushing back to their MP3 players (or turntables) to confirm the details and opinions expressed!

**The Rime of the Ancient Mariner** Samuel Taylor Coleridge, 1875

Fathers, Brothers, and Sons: Surviving Anguish, Abandonment, and Anthrax Frank Bello, 2022-12-06 Frank Bello, bassist with the legendary New York thrash metal band Anthrax since 1984, has sold over ten million albums, travelled the globe more times than he cares to count, and enthralled audiences from the world's biggest stages. His long-awaited memoir would be a gripping read even if its pages only contained stories about his life as a recording and touring musician. While those stories are indeed included--and will blow your mind--Bello also focuses on deeper subjects in *Fathers, Brothers, and Sons*. Once you've heard his life story, you'll understand why. Born into a family of five, Frank grew up in difficult circumstances. His father abandoned his wife and children, and Frank's mother moved heaven and earth to keep them fed and educated. Left with no male role model, Frank found inspiration in heavy metal bass players, following their example and forging a career with Anthrax from his early teens--first as a roadie, and then as the group's bass player. International stardom came Frank's way by the mid-to-late 1980s, when he was still in his early twenties, but

tragedy struck in 1996 when his brother Anthony was murdered in New York. Although the case went to trial, the suspected killer was released without charge after a witness, intimidated by violent elements, withdrew his testimony. Two decades later, Frank is a father himself to a young son. Like many men who grew up without the guidance of a dad, he asks himself important questions about the meaning of fatherhood and how to do the job well. This is the wisdom which *Fathers, Brothers, and Sons* offers readers. Despite the emotive nature of these topics, *Fathers, Brothers, and Sons* is a funny, entertaining read. A man with a keen sense of humor and the perspective to know how surreal his story has been, Frank doesn't preach or seek sympathy in his book. Instead, he simply passes on the wisdom gained from a lifetime of turbulence, paying tribute to his loved ones in a way that will resonate with us all.
