**Fiqh of Social Media** Omar Usman, 2020-12-20 Social media and digital technologies have changed our lives and there is no indication that things will slow down. As Muslims, we believe that Islam contains the most perfect guidance for all of mankind to follow. How do we implement that timeless advice in our unprecedented times? That is the focus of the Fiqh of Social Media. I am grateful and appreciative of my friend, Omar Usman, for exhausting available resources; Islamic, psychological, secular, and business, to develop the work you see before you. We have had long discussions pertaining to many of the topics covered in this book. I am confident that you will find this book to be beneficial, and I pray that it inspires more contributions on this topic. -Shaykh AbdulNasir Jangda, Qalam Institute With the time we spend on social media, being mindful of how we use it is crucial. This is a wonderful resource based in prophetic guidance on how to practically use social media in wise and beneficial ways. -Dr. Omar Suleiman, Yaqeen Institute Reading Fiqh of Social Media is like sitting with your best friend from Sunday school and having an intellectual & spiritual conversation about the impact of social media on your life. Omar distills years of research, experience, and thought leadership in an easily digestible book that you can enjoy with a good cup of coffee (and your phone off!) -Mohammed Faris, The Productive Muslim Company The Prophet (s) said, Whoever believes in Allah and the Last Day should say something good or keep silent. The ability to control our tongues, how we communicate with others, is an expression of our faith. Communication has evolved and changed so much that one of the primary ways many of us communicate with others is through social media; hashtags and 280 characters. This is a long-awaited work from my good friend and Hajj companion Omar Usman who has been writing, tweeting, speaking, and teaching about the Fiqh of Social Media for years. This is a valuable work providing guidance on how to use and benefit from social media in a way that conforms to our principles and values. -Shaykh Furhan Zubairi, Institute of Knowledge Ulama of the past have written on the adaab of speech and social interaction. Connecting those guidelines with the modern world of social media has been the need of our time. May Allah reward Omar for taking this task on! -Mufti Hussain Kamani, Qalam Institute This is a must-read for Muslims around the globe. I can't thank Omar enough for this work which forces Muslims to look in the mirror and answer tough questions about how social media has impacted our lives. It questions why we desire to share the most intimate aspects of our lives with strangers from around the world and provides action items to implement. These discussions need to be had within the Muslim community. We have to question how our quality of life has been impacted by the age of hyper-connectivity. Due to the fact that Social Media is the tool for creating social capital, we need to realize that speaking about the harms of constant connectivity takes a lot of courage. Thank you, Omar, for this work. -Shaykh Mikaeel Smith, Qalam Institute

**Islam in Focus** Dr. Hammudah Abdalati, 1993-06-01 This popular book is an attempt to respond to the needs of both Muslims and non-Muslims in North America. Its purpose is simply to acquaint the average reader with the basic teachings of Islam; not intended to present the depth or breadth of Islam. It guides Muslims to the median way in all matters of life, rejects fanaticism and narrow mindedness. It provides truth about Islam, a spiritual insight and a moral approach to the human condition. The author hopes that it will make them responsible citizens of their respective countries, honorable members of the human race, and above all else, God-minded people

**Reading the Muslim Mind** Dr. Hassan Hathout, 1995-01 Once in a while a book comes along that can reshape the thinking of the world. One person at a time. Reading the Muslim Mind is just such a book. Dr Hassan Hathout starts out from a simple observation - a lifetime of biculturalism leads him to note that Islam in the West is widely known for what it is not. This encyclopedic personality sets out to guide the reader on a comprehensive tour through Islam. For this voyage, he supplies a keen and lucid anatomy of Islamic life. But more: he provides, with incisive clarity, the inner guidebook; he uncovers the tracing of the mind at work behind the practice, the spirit behind the letter, the rationale and the Ultimate Reason, God.

*Sonic Encounters* Diana Chester, 2021-11-22 *Sonic Encounters: The Islamic Call to Prayer* recounts the author's experience gathering field recordings of the Islamic Call to Prayer. It touches on key questions and problems faced along the way, as well as discussing technologies and methods for recording, what it means to develop art from ethnographic research, and the ethics and considerations of working with Islamic communities around the globe. The book uses a sound studies framework to explore artistic research methods and practices in ethnography as they relate to religious recitation.

It comes with the Arabic text, it's English transliteration for those unfamiliar with the Arabic script, and translation of the obligatory prayers along with other prayers and supplications. Fully Illustrated.

The Muslim Difference Youshaa Patel,2023-01-10 A sweeping history of Muslim identity from its origins in late antiquity to the present How did Muslims across time and place define the line between themselves and their neighbors? Youshaa Patel explores why the Prophet Muhammad first advised his followers to emulate Christians and Jews, but then allegedly reversed course, urging them to be different! He details how subsequent generations of Muslim scholars canonized the Prophet's admonition into an influential doctrine against imitation that enjoined ordinary believers to embody and display their religious difference in public life. Tracing this Islamic discourse from its origins in Arabia to Mamluk and Ottoman Damascus, colonial Egypt, and beyond, this sweeping intellectual and social history offers a panoramic view of Muslim identity, revealing unexpected intersections between religion and other markers of difference across ethnicity, gender, and status. Patel illustrates that contemporary debates in the West over visible expressions of Islam, from headscarves and beards to minarets and mosques, are just the latest iterations in a long history of how small differences have defined Muslim interreligious encounters.
