**Islam: A Brief Look at Faith and History (Revised Edition)** Hafiz Ikhlās Ansari, 2018-12-15 Paperback. Islam has influenced and continues to influence many cultures around the globe. It is shaping history, cultures and civilizations. Sadly, most of us only receive a two-dimensional look at Islam? a view that is often distorted by the brevity of the media sound-bites or by opinionated agendas. Our intention with this book is to present Islam, its teachings and the history of those who follow it. It is not a comprehensive study? nor should it be seen as definitive. Rather, it should be used as a stimulus for further detailed study. We hope and pray that this effort becomes a source of promoting (much needed) harmony, peace, tolerance, and coexistence in the human family. This can be done through school education systems, interfaith sessions, mosque open houses, educational seminars and individual readership. This new Revised Edition has larger text, clearer graphics and many new additions to the previous text.

**Islam** Tamara Sonn, 2010 This second edition keeps the key elements from the first edition, but includes sections on the interpretation and role of the Qur'an, the nature of Islamic spirituality, the importance of Islam outside the Middle Eastern world, and the role of women.

**Islam - A Brief Outline of Islam according to the Quran and the Prophetic Sunnah** Muhammad ibn Abdullah as-Saheem, A book translated into English makes a brief introduction to Islam with proofs from the Quran and Sunnah. It illustrates its most essential pillars, teachings, and beauties drawn from its original sources, the Noble Quran and Prophetic Sunnah. This book is addressed to all Muslims and non-Muslims in their languages in all times regardless of their different circumstances.

It offers both historical overviews and modern perspectives on Islamic beliefs and practices. **Islam** Suleyman Eris,2006 Intended to open a small window into Islamic belief and practice in order to assist beginners desiring to learn the basics of Islam, this work also includes: Islam - The Universal Faith; Belief - a Pillars; and Practice - Five Pillars.

*A Brief Guide to Islam* Paul Grieve,2013-02-07 Exploring the beliefs, history and politics of the ordinary people of Muslim countries, Grieve cuts through the complexities as he examines all aspects of Islam. He also addresses the big issues: can Islam support true democracy? Is true democracy what the West really wants for Muslim countries or are we merely seeking a cover of legitimacy for a policy of 'might is right'? Paul Grieve is an unbeliever - he is not a born-again Muslim, a proselytizer or a frustrated desert romantic. His aim is to inform. The result is an accessible but never simplistic guide that challenges stereotypical views, from women and banking to war and Malcolm X. Complete with advice for visitors to Muslim countries, and with carefully chosen primary sources, maps and illustrations, this is the ideal summary for the reader looking for an unbiased overview of the religious and political world issues that have become part of our everyday lives.

**A Brief Illustrated Guide to Understanding Islam** I. A. Ibrahim,1997 The book provides information on the evidence for the truth of Islam, some benefits of Islam, and general information on

Islam.

Believing Women in Islam Asma Barlas, David Raeburn Finn, 2019-01-16 Is women's inequality supported by the Qur'an? Do men have the exclusive right to interpret Islam's holy scripture? In her best-selling book *Believing Women in Islam: Unreading Patriarchal Interpretations of the Qur'an*, Asma Barlas argues that, far from supporting male privilege, the Qur'an actually encourages the full equality of women and men. She explains why a handful of verses have been interpreted to favor men and shows how these same verses can be read in an egalitarian way that is fully supported by the text itself and compatible with the Qur'an's message that it is complete and self-consistent. A Brief Introduction presents the arguments of *Believing Women* in a simplified way that will be accessible and inviting to general readers and undergraduate students. The authors focus primarily on the Qur'an's teachings about women and patriarchy. They show how traditional teachings about women's inferiority are not supported by the Qur'an but were products of patriarchal societies that used it to justify their existing religious and social structures. The authors' hope is that by understanding how patriarchal traditionalists have come to exercise so much authority in today's Islam, as well as by rereading some of the Qur'an's most controversial verses, adherents of the faith will learn to question patriarchal dogma and see that an egalitarian reading of the Qur'an is equally possible and, for myriad reasons, more plausible.

*The Facts on Islam* John Ankerberg, John Weldon, Dillon Burroughs, 2008-08-01 John Ankerberg, John Weldon, and Dillon Burroughs team up to revise and update *The Facts on Islam*, a popular Facts On book (more than 1.9 million copies of books from this series sold). Known for their extensive research and Bible knowledge, these authors offer readers the essential facts they need to evaluate and discuss today's issues regarding Islam. The concise, easy-to-follow information helps readers

answer such questions as: How did Islam begin and who was Muhammad? What do Muslims believe and what do they teach about Jesus? Is Allah the same “person” as the biblical God? Whether readers are merely curious or searching for specific information, The Facts on Islam will give them what they are looking for—easy-to-understand, factual, and relevant information about Islam.

**Islam in a Nutshell** Bill McCann, 2019-10-22 To many Europeans, perhaps to a great many, Islam is something of a puzzle. In the news media and on the Internet they witness scenes of great piety during the hajj in Mecca, but also witness scenes of great barbarity in that same holy city itself and in other great cities and the deserts of Islam. They can experience the glorious and highly sophisticated architectural, horticultural and culinary delights of Moorish Spain, but are then faced with evidence of corruption, depravity, and terrible slaughter within and by the Muslim communities in their own cities. And now, in the 21st century fear and hatred have returned to the streets in the cities of Europe. Modern Europeans are themselves experiencing that hate and those fears that once stalked the pages of their mediaeval history. And they ask why? This book seeks to understand Islam. Not to defeat it, but to answer the question - why? Is there anything in this religion that encourages the use of the barbaric violence that we are now witnessing in its name? Its conclusions may anger some, and irritate others, but they should surprise no one.
