Books and Written Culture of the Islamic World Andrew Rippin, Roberto

Tottoli, 2014-12-04 An international group of twenty-one friends and colleagues join together to explore authors, genres and traditions of the Muslim world reflecting and honouring the contribution of Claude Gilliot to Islamic studies.

The Sectarian Milieu John E. Wansbrough, 2006 In this influential work originally published in 1978, the author, one of the most innovative thinkers in the field of Islamic Studies, analysed 'early Islamic historiography -- or rather the interpretative myths underlying this historiography -- as a late manifestation of Old Testament salvation history'. Continuing themes that he treated in a previous work, *Quranic Studies*, Wansbrough argued that the traditional biographies of Muhammad are best understood, not as historical documents that attest to 'what really happened', but as literary texts written more than 100 years after the facts and heavily influenced by Jewish, and to a lesser extent, Christian, interconfessional polemics. Thus Islamic 'history' is almost completely a later literary reconstruction, which evolved out of an environment of competing Jewish and Christian sects. As such the author felt that the most fruitful means of analysing such texts was literary analysis. Although Wansbrough's work remains controversial to this day, his fresh insights and approaches to the study of Islam continue to inspire scholars.

No God but One: Allah or Jesus? (with Bonus Content) Nabeel Qureshi, 2016-08-30

BONUS: This eBook includes downloadable videos and a Q&A with Nabeel Qureshi that are not found in the print edition. Having shared his journey of faith in the New York Times bestselling *Seeking Allah, Finding Jesus*, Nabeel Qureshi now examines Islam and Christianity in detail, exploring areas of crucial conflict and unpacking the relevant evidence. In this anticipated follow-up book, Nabeel reveals what he discovered in the decade following his conversion, providing a thorough and careful comparison of the evidence for Islam and Christianity--evidence that wrenched his heart and transformed his life. In *Seeking Allah, Finding Jesus*, Nabeel Qureshi recounted his dramatic journey, describing his departure from Islam and his decision to follow Christ. In the years that followed, he realized that the world's two largest religions are far more different than they initially appeared. *No God but One: Allah or Jesus?* addresses the most important questions at the interface of Islam and Christianity: How do the two religions differ? Are the differences significant? Can we be confident that either Christianity or Islam is true? And most important, is it worth sacrificing everything for the truth? Nabeel shares stories from his life and ministry, casts new light on current events, and explores pivotal incidents in the histories of both religions, providing a resource that is gripping and thought-provoking, respectful and challenging. Both Islam and Christianity teach that there is No God but One, but who deserves to be worshiped, Allah or Jesus? Muslim Names Adam Marlow, The Prophet Muhammad, peace and blessings of Allah be upon him, always taught his followers that people should always be given names with good meanings so they could take on their attributes and grow into the name. Not only being a representative for him or herself but for the rest of the Muslim Ummah. Because of this, the Prophet, peace and blessings of Allah be upon him, disliked names with no or bad meanings and told people to avoid them. Whether you are a revert, a parent or just someone that is curious about other names, this book could determine who you or someone you know will grow into insha' Allahu. A person's name is one of the most important gifts a parent can bestow on someone. Toys, clothes and books will eventually fade away in time but a person's name shall remain forever in sha' Allahu. The editors searched around and we have been unable to find a larger compendium of Muslim names anywhere. In print or in ebook for the English speaking reader. We pray that this book reaches you all in good health and Iman.

The Quran About The Copyright Issue No Copyright On Islam Ibn Kathir, Faisal Fahim, Sheikh Feiz, 2021-02-15 This book explains why claiming copyright on Islam (example: Islamic contents, books, literatures, articles, audios, videos, cds, dvds. etc) is innovation is forbidden is haram in the Sharia of Islam thus there is no copyright on Islam or on anything that contains any part of Islam even if it's a single verse or word or name that is from Islam as Islam belongs to Allah regardless of on what language the content of Islam is available on as the knowledge of Islam is from Allah so in the Sharia of Islam there can not be copyright on the contents that is based on knowledge information of Islam which is from Allah. Abdullah ibn Amr reported: The Messenger of Allah, peace and blessings be upon him, said, Verily, Allah does not withhold knowledge by snatching it away from his servants, but rather he withholds knowledge by taking the souls of scholars, until no scholar remains and people follow ignorant leaders. They are asked and they issue judgments without knowledge. Thus, they are astray and lead others astray. The Quran Allah, 2023-12-16 The Quran is the central religious text of Islam, believed by Muslims to be a revelation from Allah. Muslims regard the Quran as Muhammad's most important miracle; a proof of his prophethood; and the culmination of a series of divine messages. The Quran describes itself as a book of guidance for mankind. It offers detailed accounts of specific historical events, and it often emphasizes the moral significance of an event over its narrative sequence. The Quran consists of 114 chapters of varying lengths, each known as a sūrah. Chapters are classified as Meccan or Medinan, depending on whether the verses were revealed before or after the migration of Muhammad to the city of Medina. Each sūrah consists of several verses, known as āyāt, which originally means a sign or evidence sent by God. The Quranic content is concerned with basic Islamic beliefs including the existence of God and the resurrection. Narratives of the early prophets, ethical and legal subjects, historical events of Muhammad's time, charity and prayer also appear in the Quran. The Quranic verses contain general exhortations regarding right and wrong and historical events are related to outline general moral lessons. In this edition of Quran the sūrahs are ordered chronologically.

Orthodoxy in Arabic Terms Najib George Awad,2015-04-24 This volume presents Theodore Abu Qurrah's apologetic Christian theology in dialogue with Islam. It explores the question of whether, in his attempt to convey orthodoxy in Arabic to the Muslim reader, Abu Qurrah diverged from creedal, doctrinal Christian theology and compromised its core content. A comprehensive study of the theology of Abu Qurrah and its relation to Islamic and pre-Islamic orthodox Melkite thought has not yet been pursued in modern scholarship. Awad addresses this gap in scholarship by offering a thorough analytic hermeneutics of Abu Qurrah's apologetic thought, with specific attention to his theological thought on the Trinity and Christology. This study takes scholarship beyond attempts at editing and translating Abu Qurrah's texts and offers scholars, students, and lay readers in the fields of Arabic Christianity, Byzantine theology, Christian-Muslim dialogues, and historical theology an unprecedented scientific study of Abu Qurrah's theological mind.

Seeking Allah, Finding Jesus Nabeel Qureshi,2018-08-21 NEW YORK TIMES BESTSELLER
• 2015 Christian Book Award winner • Nabeel Qureshi describes his dramatic journey from Islam to Christianity in this expanded edition with new bonus content and reflections. My friend Nabeel Qureshi was courageous enough to chase down the truth with intellectual integrity, no matter the personal cost, --Lee Strobel, bestselling author of The Case for Christ. Providing an intimate view into a loving Muslim home, Qureshi shares how he developed a passion for Islam before discovering, almost against his will, evidence that Jesus rose from the dead and claimed to be God. Unable to deny the arguments but not wanting to deny his family, Qureshi struggled with an inner turmoil that will challenge Christians, Muslims, and all those who are interested in two of the world's greatest religions and the quest for truth. Qureshi--with great courage and intimacy--wrote this book with three major purposes in mind: To tear down walls between two of the world's major religions by giving non-Muslim readers an insider's perspective into a Muslim's heart and mind. To equip the reader with facts and knowledge, showing the strength of the case for the gospel contrasted with the case for Islam. To portray the immense inner struggle of Muslims grappling with the gospel, including all the sacrifices and doubts that rise up along the way. Seeking Allah, Finding Jesus is more than the memoir of a man's pursuit of answers to the most important issues of life and faith. Ultimately, it's the story about the transformative grace and mercy of the one true God. This edition has been expanded to include: A revised foreword and introduction A new afterword by apologist Mark Mittelberg and a reflection by Nabeel's wife A substantially extended epilogue that shares how Nabeel told his friend David of his decision to follow Christ, how his parents found out, and more Expert contributions from scholars and ministry leaders on each section of the book, contributions previously included only in the ebook edition An appendix with a topical table of contents (for teaching from Seeking Allah, Finding Jesus) An appendix tackling the objection that Ahmadi Muslims--the Islamic movement that Qureshi was raised in--are not true Muslims And a sneak peek prologue from Nabeel's book, No God but One: Allah or Jesus?
