Sexuality Education from an Islamic Perspective G. Hussein Rassool, Muhammad Aftab Khan, Shaikh Abdul Mabud, Muhammad Ahsan, 2020-02-13 We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such, sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject, contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around 'Islamic sexuality', which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.

Sex and Sex Education Hisham Altalib, AbdulHamid AbuSulayman, Omar Altalib, 2014-01-06 What are children being taught about sex? What are they learning from peers, television, movies, magazines, computer games, pop music, popular culture? The authors use a holistic approach to include what morality requires of humanity in this regard, and also focus on the issues of healthy relationships, responsibility, emotional wellbeing, and good physical health. The publication is intended to give parents practical advice, using clear and precise information, to address some of the most common issues parents are likely to encounter and questions they are likely to face.

Sex Education in Islam Yasir Uqdah, 2023-08-14 Allah is never shy with the truth (Qur'an 33:53). This verse of the Qur'an epitomizes our approach as Muslims with regards to very sensitive topics, and specifically Sex Education. The need for clear and usable information is paramount. And even though there may be other material detailing sex-ed for Muslims, and specifically the youth, hopefully this book will make a tangible contribution as well. Even though Muslim parents may be perturbed by sex-ed instruction in schools or the idea of such, it does beg the question, what should our Muslim children learn concerning sex-ed? And more importantly, what are our values and principles within this subject? We pray that this book clearly elucidates the previous in a way that leaves virtually no room for disagreement within our tradition.

A Taste of Honey Habeeb Akande, 2015-08-12 A Taste of Honey provides a scholarly exposition on the prominent place that sexuality and erotology enjoyed in traditional Islam. The book is divided into two parts; part one presents a critical examination of sexual ethics and part two consists of a concise treatise on the art of seduction and lovemaking. The central aim of this book argues that Islam is a sexually enlightened religion which teaches that sensuality should not be devoid of spirituality. The book also argues that the loss of sacred sensuality afflicting modern society can be reclaimed by a revival of the classical erotological tradition. Drawing upon the Qur'ān, ḥadīth and traditional erotological literature, the book follows the style and composition of classical Eastern and Afro-Arab love texts such as the Kama Sutra and Jalāl ad-Dīn as-Sūyūṭī's erotic treatises. A Taste of Honey is a thought-provoking work on a highly sensitive, yet extremely important subject.

Islamic Guide to Sexual Relations Muhammad Ibn Adam al-Kawthari, 2020-08-19 Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shari'ah. Islamic Guide to Sexual Relations is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night.

The Miracle of Life Fatima M. D'Oyen, 2000

LGBT and Islamic Education Ghulam Falahi, 2019-06-07 Role of Muslim parents in educating children on sexual matters Muslim parents must realize that children must be guided in sexual matters in a more comprehensive manner based on the Islamic perspective so that they will be in the

Islamic path pertaining to sexuality. Nowadays children are surrounded by materials that lure them to involve in sexual activity from young. If parents fail to perform this task it is likely the children will resort to other sources for sexual information that can mislead them from the Islamic path which then may harm the children and the society. It is therefore crucial for Muslim parents to be proactive and open in discussing appropriate sexual matters with their children. Resorting to regard sex as taboo is not a wise choice for parents because children crucially need appropriate guidance in dealing with the existing numerous bad influences on sex. Islam has provided the information and guidelines in sexual matters that parents may use and apply suitably to their children's needs. First fact about sexuality in Islam that parents should observe is sex is part of human life; it is not an unusual matter that parents should avoid communicating it appropriately to their children. For that matter parents should convey this message clearly to their adolescent children that sex is not a thing to be ashamed of or to be treated lightly; but it is also not to be indulged excessively and that is why we need Divine rules to regulate sexuality. In Islam, educating children in sexual matters begins years before the age of puberty since when a child reaches puberty, he or she is by then accountable on their deeds and sayings. Hence, Islam does not prohibit sexual fulfilment, it only regulates human's sexual behaviour in order to protect one's dignity and morality which Islam regards as vital for the healthy spiritual development of the person as well as for the well-being of the whole community. Guidance on sexual matters is a duty that Muslim parents need to undertake effectively in order to tackle the problem of unregulated sexual practices especially among young adolescents. Today's Muslim parents must be conscious on the negative influences that the present borderless world can bring to their children's lives particularly with regard to sexuality. The major influence comes from the internet culture that propagates a liberal lifestyle compared to a more conservative lifestyle of the Muslims' culture which is visibly appealing to many of the Muslim adolescents. Islam provides guidelines on sexuality because human has the tendency to indulge in excessive sexual gratification by following their desires blindly as mentioned in the aforementioned Quranic verses. Muslim parents need to guide their children to be a master of own desires, not a slave to lusts in order to protect one's dignity and morality which Islam regards as vital for the healthy spiritual development of the person and the community.

Sex & Sexuality in Islam Muhammad Aftab Khan, 2006

Sexual Issues in Modern Era & It's Solution in Islam Mufti Allie Haroun Sheik, 2008

Living West, Facing East Fida Sanjakdar, 2011 Sexuality education has been the cause of much dissension in the Western Muslim community. Delivering sexuality education that is both Islamically inclusive and reflective of the real world of Muslim youth remains a challenge for many school communities. Through the eyes of Muslim teachers, students, and members of wider Islamic communities, this book offers a comprehensive understanding of the problems, perspectives, and possibilities of sexuality education for Muslim youth living in the West. The book explores how these youth negotiate between Muslim and popular cultural constructions of sexuality, and how teachers attempt to develop sexuality education programmes that honour Islamic teachings and culture. Based on empirical research with Australian Muslim communities, this book presents a contemporary conversation which responds to the intense battle concerning sexuality education in Western Muslim communities and will be of great interest to educational researchers, cultural theorists, and policy-makers.

Evil Eye, Jinn Possession, and Mental Health Issues G. Hussein Rassool, 2018-08-16 Evil Eye, Jinn Possession, and Mental Health Issues raises awareness of the cultural considerations, religion and spirituality involved in the assessment of Muslim patients with mental health problems. The belief that Jinn spirits can cause mental illness in humans through affliction or possession is widely accepted among Muslims, meaning this belief is a crucial, but frequently overlooked, aspect of mental health problems with Muslim patients in psychiatric care. This book explores the nature of such beliefs, their relationship to mental health and the reasons for their importance in clinical practice. The book argues that it is vital to consider mental disorders as a multifactorial affair, in which spiritual, social, psychological and physical factors may all play a role. It suggests differential diagnostic skills may have an important part to play in offering help to those who believe their problems are caused by possession, and provides accessible literature on clinical issues and practice, interventions, management and evidence-based practice to help health workers achieve a better understanding of Muslim beliefs about possession and how to work with patients that hold such beliefs. Evil Eye, Jinn Possession, and Mental Health Issues is an essential manual for mental health professionals, social workers and psychologists. It should also be of interest to academics and students in the healthcare sciences.
