**Abloh-isms** Virgil Abloh, 2021-03-16 A collection of essential quotations from the renowned fashion designer, DJ, and stylist Abloh-isms is a collection of essential quotations from American fashion designer, DJ, and stylist Virgil Abloh, who was a major creative figure in the worlds of pop culture and art. Abloh began his career as Kanye West's creative director before founding the luxury streetwear label Off-White and becoming artistic director for Louis Vuitton, making Abloh the first American of African descent to hold that title at a French fashion house. Defying categorization, Abloh's work has been the subject of solo exhibitions at museums and galleries, most notably in a major retrospective at the Museum of Contemporary Art Chicago. Gathered from interviews and other sources, this selection of compelling and memorable quotations from the designer reveals his thoughts on a wide range of subjects, including creativity, passion, innovation, race, and what it means to be an artist of his generation. Lively and thought-provoking, these quotes reflect Abloh's unique perspective as a trailblazer in his fields. Select quotations from the book: "I believe that coincidence is key, but coincidence is energies coming towards each other. You have to be moving to meet it." "Life is collaboration. Where I think art can be sort of misguided is that it propagates this idea of itself as a solo love affair—one person, one idea, no one else involved." "Black influence has created a new ecosystem, which can grow and support different types of life that we couldn't before.

**Weiwei-isms** Ai Weiwei, 2013 This collection of quotes demonstrates the elegant simplicity of Ai Weiwei's thoughts on key aspects of his art, politics, and life. A master at communicating powerful ideas in astonishingly few words, Ai Weiwei is known for his innovative use of social media to disseminate his views. The book is organized into six categories: freedom of expression; art and activism; government, power, and moral choices; the digital world; history, the historical moment, and the future; and personal reflections. Together, these quotes span some of the most revealing moments of Ai Weiwei's eventful career—from his risky investigation into student deaths in the 2008 Sichuan earthquake to his arbitrary arrest in 2011—providing a window into the mind of one of the world's

most electrifying and courageous contemporary artists. Ai Weiwei is one of China's most influential and inspiring figures. Artist, architect, curator, and activist, he has been an outspoken critic of the Chinese government's stance on human rights and democracy.

**Arsham-isms** Daniel Arsham, 2021-04-13 The work of renowned contemporary artist Daniel Arsham blurs the lines between art, architecture, archeology, and design. In his distinctive style, he takes ancient art works and objects from twentieth-century pop culture and casts sculptures of them in geological materials such as quartz or volcanic ash, colliding past, present, and future in haunted yet playful visions that prompt viewers to question their everyday surroundings. Gathered from interviews and other sources, *Arsham-isms* is a collection of lively, thought-provoking, and memorable quotations from this exciting young creative talent on a wide range of subjects—including art, architecture, film, design, pop culture, the art world, and what it means to be a globally recognized artist today.

**Are Four Isms Killing America?** Robert A. Taft,2018-04-26 The answer to the question raised in the title of this book is yes. This well-documented account explores the four culprits: progressivism, communism, Islamism, and globalism. After presenting the American concept and its key vulnerabilities, the book tracks the history of each of these isms, comparing their similarities and describing why Americanism runs totally counter to their principles. From 1900 to the present, this chilling but factual account shows the impact the isms have had on the evolution of America. Starting in 1960, the four have combined forces to attack the family, religion, and education in order to take down this country, its Constitution, and moral firewall. In the end, the fallacy of the four isms, along with their collective operational formula, is exposed and how emerging generations are the unwitting victims of their assault.

*Basquiat-isms* Jean-Michel Basquiat,2019-06-04 A collection of essential quotations and other writings from artist and icon Jean-Michel Basquiat One of the most important artists of the late twentieth century, Jean-Michel Basquiat explored the interplay of words and images throughout his career as a celebrated painter with an instantly recognizable style. In his paintings, notebooks, and interviews, he showed himself to be a powerful and creative writer and speaker as well as image-maker. *Basquiat-isms* is a collection of essential quotations from this godfather of urban culture. In these brief, compelling, and memorable selections, taken from his interviews as well as his visual and written works, Basquiat writes and speaks about culture, his artistic persona, the art world, artistic influence, race, urban life, and many other subjects. Concise, direct, forceful, poetic, and enigmatic, Basquiat's words, like his art, continue to resonate. Select quotations from the book: I cross out words so you will see them more; the fact that they are obscured makes you want to read them. I think there are a lot of people that are neglected in art, I don't know if it's because of who made the paintings or what, but, um . . . black people are never really portrayed realistically or I mean not even portrayed in modern art. Since I was 17, I thought I might be a star. The more I paint the more I like everything. I think I make art for myself, but ultimately I think I make it for the world.

**Isms and Ologies** Arthur Goldwag, Goldwag Arthur, 2013-12-05 What's the difference between an anarchist and an anarcho-syndicalist, a Platonist and a Neo-Platonist? And how modern can Modernism really be if all the famous modernists are dead? To those who've been humiliated by a knowing reference to Wahhabism at a dinner party, caught short by a casual allusion to Orphism at a private view, or flummoxed by a smug mention of post-structuralism by a fellow member of a suburban book group, *Isms and Ologies* offers hope and enlightenment. Crackpot convictions, perplexing philosophies, tricky tenets, and wacky Weltanschauungs - *Isms and Ologies* lists them all, and explains their salient features clearly and accessibly. So, if you're genuinely curious to know the crucial characteristics of phenomenology or just want to lend a veneer of intellectual rigour to your small talk, *Isms and Ologies* could be just the book you are looking for.
