Great Britain, France, Italy and Germany in a Postwar World, 1945-1950 Josef Becker,Franz Knipping,2011-11-02

A Handbook of Diction for Singers David Adams,2022-08-30 Now in its third edition, A Handbook of Diction for Singers is a complete guide to achieving professional levels of diction in Italian, German, and French. Combining traditional approaches in the teaching of diction with new material not readily available elsewhere, author David Adams presents the sounds of each language in logical order, along with essential information on matters such as diacritical marks, syllabification, word stress, and effective use of the variety of foreign-language dictionaries. A Handbook of Diction for Singers places particular emphasis on the characteristics of vowel length, the sequencing of sounds between words, as well as the differences between spoken and sung sounds in all three languages, all while taking care to clarify concepts typically difficult for English-speaking singers. This revised third edition offers significantly expanded coverage of each language as well as a new chapter that introduces readers to the specific sounds unique to those languages. The result is a concise yet thorough treatment of the three major languages of the classical vocal repertory, and an invaluable reference for vocalists and voice teachers.

The bad German and the good Italian Filippo Focardi,2023-08-29 In the Axis War on the side of Germany, Mussolini's Italy was responsible for serious war crimes, especially in Yugoslavia and Greece. This 'dark side' of the fascist war, however, is not present in the national memory built after 1945. To distinguish Italy from the former German ally and avoid a punitive peace, the monarchist and anti-fascist ruling classes elaborated a master narrative that highlighted the opposition of the Italian people to Mussolini's war and the humanitarian behavior of Italian soldiers, depicted as saviors of Jews. All responsibility for the crimes committed in the Axis war was placed on the shoulders of the Germans, who thus became a convenient alibi for the national conscience.

Italian Foreign Policy 1870-1940 C.J. Lowe,F. Marzari,2013-10-15 This is Volume VIII of eleven in a collection of works on Foreign Policies of the Great Powers. Originally published in 1975, and looks at the policies of Italy from 1870 to 1940 including topics from independence to alliance, Mancini, Robilant, the Crispi period, the Prinetti-Barrere agreement, War during 1914 and 15, Mussolini, Italo-French relations, The Rome-berlin Axis, and the war in 1940.

The German Language in a Changing Europe Michael G. Clyne,1995-11-16 Recent sociopolitical events have profoundly changed the status and functions of German and influenced its usage. In this study (published by Cambridge in 1984) Michael Clyne revises and expands his original analysis of the German language in Language and Society in the German-speaking Countries in the light of such changes as the end of the Cold War, German unification, the redrawing of the map of Europe, increasing European integration, and the changing self-images of Austria, Switzerland and Luxembourg. His discussion includes the differences in the form, function and status of the various national varieties of German; the relation between standard and non-standard varieties; gender, generational and political variation; Anglo-American influence on German; and the convergence of east and west. The result is a wide-ranging exploration of language and society in the German-speaking countries, all of

which have problems or dilemmas concerning nationhood or ethnicity which are language-related and/or language-marked.

Education and Work in Great Britain, Germany and Italy Annette Jobert,Catherine Marry,Helen Rainbird,Lucie Tanguy,2013-05-13 This volume examines the multiple connections between education, broadly defined, and work, through an analysis of the literature on the transition from school to work, on vocational training and on the labour market. It shows that concepts such as skill, unemployment rates, young people and the transition from school to work are socially constructed and are thought about in ways which are nationally specific. This book is essential reading for students of European training systems and for those conducting comparative European research.

Ladies of the Reformation. Germany, Switzerland, France, Italy, and Spain James Anderson (of Edinburgh.),1857
Remembering the Holocaust in Germany, Austria, Italy and Israel Vincenzo Pinto,2021-10-11 Remembering the Holocaust in Germany, Austria, Italy and Israel: “Vergangenheitsbewältigung” as a Historical Quest offers an account on post-war coming-to-terms with the Holocaust tragedy in some European countries, such as Germany, Austria, and Italy.
