Poker: The Real Deal Phil Gordon,Jonathan Grotenstein,2008-12-26 The secret is out. Poker has become the hottest game in town. No longer viewed as the pastime of husbands seeking refuge from their wives, it is regularly played by an estimated 80 million people. Many play at home or online, but taking the game out of the kitchen and into the casino can be intimidating. That's where POKER: THE REAL DEAL comes in. World-class poker player and co-host of the hit show CELEBRITY POKER SHOWDOWN Phil Gordon has paired with writer Jonathan Grotenstein to write this comprehensive guide to the game. They examine the different breeds of players from the Rock to the Manic, detail what to wear, drink and tip, and profile the legends of the game with tips from some of the biggest names in poker today. Superior Texas Hold'em Dave Erickson,2014-06-01 This is a complete, comprehensive Texas Hold'em book. It is far, far more analytical of the subtleties of a specific form of Poker, Texas Hold'em than the usual poker books. It doesn't just claim you can win at poker, it provides the skills needed to dominate the game. Any table, any opponent. Pros don't play with a game plan, they understand the game better than amateurs. Reading this book is like playing 500,000 hands of Texas Hold'em because it explains it all. Well worth the investment at ten times the price. Read and profit from it. NOTE: There was a card corruption in the latest version with the new custom cards (the ones with skulls) in the PDF starting at page 60ish. It did not raise alarms when uploaded. I'm sorry Google didn't catch it and neither did I. If you paid for a pdf book with corrupted cards please show me your receipt and I will personally send you one with the old cards until I can get the latest SNAFU corrected. The current PDF has the old cards. You can get the epub version, which works on lean pub but for some reason Google won't approve, elsewhere... NOTE2: I resolved the problem no help from Google. The current version has correct cards. ISBN: 9780993819704

Exploitive No Limit Holdem Paul Ratchford,2014-06-26 My biggest strength at the poker table is my ability to adapt in real time to my opponents. Exploitive No Limit Holdem was written not just to help you understand advanced NLHE theory, but more importantly to help you apply that knowledge exploitively at the poker table. I focus more on the attacking side of poker than the defending side. In many ways I feel like a good defense will come naturally for those who have a good offense. If you understand how and why you are targeting an opponent, you will also notice when you are the mark. When you finish reading this book I am confident that you will be a better player. Wherever possible I try to give you real world examples of the concepts I am discussing. Theory without applications is useless, and I recognize that my readers need more than just theory to help them improve. Included in Exploitive No Limit Holdem is an extensive discussion of how to improve your red line, the mental game, math, expected value, game theory, and risk management. Very little in poker is "solved" and that makes teaching the game challenging. Exploitive No Limit Holdem focuses not only on how to fix leaks in your game and attack opponents' weaknesses, but also on how you can keep growing as a player after reading this book. Exploitive No Limit Holdem can help you deepen your understanding of No Limit Holdem, which will enable you to adapt and stay profitable in a dynamic and rapidly changing industry like poker.
