Let's Bring Back Lesley M. M. Blume,2013-04-09 An illustrated A-to-Z tribute to old-fashioned items worth rediscovering: "Wistful . . . charming . . . like a stroll down memory lane." —Elle Whatever happened to cuckoo clocks? Or bed curtains? Why do we have so many "friends" while doing away with the much more useful word "acquaintance"? All of these things, plus hot toddies, riddles, proverbs, corsets, calling cards, and many more, are due for a revival. Throughout this whimsical, beautifully illustrated encyclopedia of nostalgia, Lesley M.M. Blume breathes new life into the elegant, mysterious, and delightful trappings of bygone eras, honoring the timeless tradition of artful living along the way. Inspired by her much loved Huffington Post column of the same name and featuring entries from famous icons of style and culture, Let's Bring Back leads readers to rediscover the things that entertained, awed, beautified, satiated, and fascinated in eras past. "Witty . . . recommended reading." —Country Living "If you're feeling lousy and you read this book, it awakens you to things that have made you happy in your life. It reminds you of a time when certain things ideas, gestures got you through . . . and revels in an idea of life that's lived in 3-D, not 2-D." —Sally Singer, editor, T: The New York Times Magazine

Intellect Encounters Faith - A Synthesis J. Harold Ellens,John Tracy Greene,2014-10-21 Intellect Encounters Faith – A Synthesis is a Festschrift crafted to honor a renaissance man: a literary tribute to Dr. Jay Harold Ellens that has been long overdue. While attending the 2014 International Meeting of the Society of Biblical Literature at the University of Vienna (July 6–10), Professor Ellens celebrated his eighty-second birthday. He is still a most engaged and active scholar, practicing clinical psychologist, and military chaplain (with the rank of Colonel). He publishes widely in Second Temple Judaism, and works that are on the cusp between religious studies/history of religions and psychology, as well as spirituality. He is a marvel to behold and is an excellent, indefatigable Vorbild for both professional colleagues, as well as an ever-growing number of aspiring scholars he mentors. He is the model of the modern peripatetic scholar. The Festschrift acknowledges the major foci of Professor Doctor Ellens' own work: Psychology, Religious Literature, and Military History. Moreover, there are included in this volume several personal reflections by some of his friends and colleagues, also. The essays/chapters contained herein are works of deep and broad scholarship. Yet, they are deeply personal tributes to a master pedagogue who has touched many lives in many walks of life. All, however, reflect Professor Ellens' influence on the contributors as if one is looking at them through their writings and seeing him. The reader will find this a most informative volume, and will return to it often as an up-to-date reference work on trends in religious studies, psychology, psychology of religion(s), and even the archaeology of the Second Jewish Temple period. One will discover between these covers a rare and valuable reference work that honors a rare, prolific, and generous man.

Spend Low, Live High Catherine Morsink,2002-09 Spend Low, Live High is a self-help book for busy people who are trying to find balance in their lives. Based on more than 50 years of collecting, testing, refining, and developing ideas, the author presents a sensible way of living well by managing time and money and maintaining good health. The book talks to readers in the conversational, sometimes humorous style of friends chatting over coffee. It offers alternatives rather than prescribing solutions. To find an appropriate spend low-live high lifestyle balance, readers are urged to compare potential savings in money with their cost in time and energy. The book reminds readers to choose realistic diet plans, practical fitness

routines, and reasonable budget rules that can be maintained. Readers start their individualized approach by taking the Two-timing Survey focused on the ways they spend their time and money, compared with goals they would like to reach. Book chapters creatively address ten major issues: two-timing, savvy saving, casual organizing, crafty decorating, lazy gardening, domesticated cleaning, human conditioning, lighthearted eating, simplified meal planning, and naked traveling.

The Ivy, a Monograph Shirley Hibberd,2018-05-02 Excerpt from *The Ivy, a Monograph*: Comprising the History, Uses, Characteristics, and Affinities of the Plant, and a Descriptive List of All the Garden Ivies in Cultivation It is proper, in these prefatory Observations, to indicate to what extent the author is indebted to other than his own labours and resources. As to the collection then; many of the varieties have been obtained from gardens again and again, but usually under different names, and those names too Often SO utterly unsuitable as to convey false impressions of the plants they were applied to. Others have been Obtained direct from woods and ruins, where nature had produced and planted them in her own way; and others, again, have been raised in the author's garden, and represent the capabilities of the ivy for variation as the result Of crossing. AS to the names, there was but one course possible - so it seemed, at least - and that was, to abolish them without hesitation in every case in which they had a cumbrous form, or were misleading, or were other than descriptive. The result is, that only some half-dozen of the original garden names remain, and the whole of the names in the enumeration now presented, are framed upon a system the two principal requirements of which are, that they must be as simple as possible, and in every case indicative of the most striking characteristics of the plants to which they are applied. The rude handling to which the names heretofore recognised have been subjected, will, perhaps, arouse a shadow of indignation; but the reader who is familiar with the incongruities and absurdities of botanical nomenclature, and especially the more strictly horticultural branch of it, will only need to glance through the following pages to be convinced that in a work of this kind a new and systematic nomenclature was actually needed to save it from the guilt of making confusion worse confounded. Pay the Piper Joan Williams, 2014-12-30 The electrifying story of a woman whose search for love and fulfillment brings her to the very brink of disaster Laurel Wynn is haunted by her insecurities. Raised in a backwater Mississippi town by an alcoholic mother, she is now the author of largely ignored novels and the unhappy wife and mother of an upper-middle-class New England family. She continues to hold out hope, however, that the right kind of love might change everything for the better. When she begins a correspondence with Hal MacDonald, a wealthy Mississippian incarcerated for the accidental murder of his stepson, Laurel comes to believe that she has finally found a partner passionate and charismatic enough to make her feel whole. Enthralled by Hal's ardent letters and their brief jailhouse meetings, Laurel leaves her husband and child to move back to the South. But when Hal is finally released, the fantasy romance she imagined quickly turns into a nightmare. At fifty-three years old, Laurel is in life-threatening danger and must find within herself the courage and the determination not just to survive, but to set herself free once and for all.
