Jake Miller's Wheel James Ostby,2014 In this Dostoyevskian novel, Jake Miller, a minor character drawn from James Ostby's first literary work-Men With Broken Faces-is a homesteader in northeastern Montana who suffers life to a higher degree than do most people. Uneducated, though intelligent and noble of spirit, he plods on over the

open prairie and the vast wheatfields of his life, trying to find solace in farming, everyday life, and through his somewhat ironic sense of humor. Jake is haunted by both his Wheel of Life and the Fatidic Light. His Wheel of Life, more like a grindstone, is a relentless psychological encumbrance that he has had to endure from childhood. Its severity varies from mild to unbearable, though Jake has no choice but to suffer it valiantly and with little complaint. The Fatidic Light is more frightening. It is an actual hallucination that Jake first sees as a harbinger of misery and doom. Only late in life does he discover its essence. A main thread through the book is Jake's ups and downs as he struggles for peace and normalcy. In his continual and noble efforts to endure his difficult existence, he turns to philosophy, religion, and to any other contrivance or device that makes his way easier. In the end Jake

CHILDREN OF THE GREAT DEPRESSION Jake; Daphne Miller, 2009-10-31 Daphne and Jacob Miller wrote this book with a vivid recollection, which is communicated instantly to the reader. It is unusual and innovative to have the same story told in two different but harmonizing voices. The style is factual, laconic, and detailed it is the more impressive for its lack of exaggeration. The facts speak for themselves with immense authority. Daphne and Jake Miller would like to pay a distinctive tribute to the people who defied the odds and emerged from the Great Depression and World War II to lead highly successful lives. Page 38 from the book: ...one another without being caught. I think we liked each other. ...(Daphne) When we were staying in the Hampton Roe area of London my cousin Joan and I were in the kitchen doing some chores. We suddenly heard one of those buzz bombs coming in our direction. We heard the engine suddenly cut out. This meant it was starting its drop earthward. We heard the the V1 bomb coming down as we stood there in the kitchen, both facing each other. We were scared so bad both of us looked as if our eyes were going to pop out of our heads. In our panic we forgot the stair case shelter, dived to the floor of the kitchen and pulled a small throw-rug over our heads! After the V1 bomb came down we had a good laugh at our stupidity. ***** Page 119 from the book. ,,,about those women that would catch one's eyes in a flash was their bare boobs. The boobs hung down their chests for about sixteen inches before you could see the nipples on the lower end. The Island Commander who we dubbed a spoil sport, thought us Allied Military people did not need such a viewing. The Island Commander called the local Papuab

Chief and his wife to a council meeting. Much to our regret he got the Chief and his wife to understand his directions. He would issue two white Navy T-shirts (U.S. Navy underwear tops) to them for each female. He ordered the Chief to see that they wore one of those T-shirts at all times. So far so good...in no time from our viewing point we could see white clad females along the forest and on the beaches. In a couple of days we had to make a run for another load of supplies and the personnel of a U. S. Navy Construction Battalion. As we were entering the port on our return the forward main deck of our ship suddenly became occupied by more than the normal number of people who should be there. Those men on the forwarded deck were the first ones to view a great scene. The natives had cut holes in the chest of the T-shirts...

Vacation Rental Freedom Jake Miller, 2016-12-18 Do you ever want more out of life, yet struggle with time and financial constraints? This was the recurring life question I often thought about before I started my vacation rental business over a decade ago. Growing up in different resort communities and working in a family owned property management business, I became very familiar with the housing market and tourist trends. As an emerging entrepreneur, I was seeking different ways to invest my time, knowledge and skills in a career that was somewhat untraditional, flexible, and financially sustainable. At the same time, I was interested in becoming a homeowner within my local resort town, but did not want to feel constrained by the commitment to live there for years to come. This was the point of conflict that opened my eyes to the window of opportunity before me -the epiphany of starting a vacation rental business. In this moment, I knew this was investment that would afford me with time and income to pursue new learning opportunities and passions. Ten years later, the passive income generated from the vacation rental industry, led to a pathway of freedom - the freedom to organize my time and resources to simultaneously manage a successful business from any virtual location. My intention in writing this book is to share this message of freedom by illustrating practical and effective ways to start your own vacation rental business. As you read, you will encounter a variety of ideas to guide your success such as: Innovative approaches to purchasing your home Creating a home environment that attracts a diverse range of individual preferences Advertising to your target market Automatizing your vacation rental business Maximizing your rental revenue Jake Miller has over a decade of experience in the vacation rental industry. Owning multiple vacation homes that are each financially profitable, he has the freedom to pay for college, expand his business, travel, and give back to his communities through charitable foundations.
