Karin Nielsen-Saines

*The Tale of Genji* Murasaki Shikibu,2011-04-11 The most famous work of Japanese literature and the world's first novel—written a thousand years ago and one of the enduring classics of world literature. Written centuries before the time of Shakespeare and even Chaucer, The Tale of Genji marks the birth of the novel—and after more than a millennium, this seminal work continues to enchant readers throughout the world. Lady Murasaki Shikibu and her tale's hero, Prince Genji, have had an unmatched influence on Japanese culture. Prince Genji manifests what was to become an image of the ideal Heian era courtier; gentle and passionate. Genji is also a master poet, dancer, musician and painter. The Tale of Genji follows Prince Genji through his many loves and varied passions. This book has influenced not only generations of courtiers and samurai of the distant past, but artists and painters even in modern times—episodes in the tale have been incorporated into the design of kimonos and handicrafts, and the four-line poems called waka which dance throughout this work have earned it a place as a classic text in the study of poetry. This version by Kencho Suematsu was the first-ever translation in English. Condensed, it's a quarter length of the unabridged text, making it perfect for readers with limited time. Not speaking is the wiser part, And words are sometimes vain, But to completely close the heart In silence, gives me pain. —Prince Genji, in The Tale of Genji

**Genji & Heike** ,1994-06-01 The Tale of Genji and The Tale of the Heike are the two major works of classical Japanese prose. The complete versions of both works are too long to be taught in one term, and this abridgement answers the need for a one-volume edition of both works suitable for use in survey courses in classical Japanese literature or world literature in translation and by the general reader daunted by the complete works. The translator has selected representative portions of the two texts with a view to shaping the abridgments into coherent, aesthetically acceptable wholes. Often called the world's earliest novel, The Tale of Genji, by Murasaki Shikibu, is a poetic evocation of aristocratic life in eleventh-century Japan, a period of brilliant cultural efflorescence. This new translation focuses on important events in the life of its main character, Genji. It traces the full length of Genji's relationship with Murasaki, the deepest and most enduring of his emotional attachments, and contains all or parts of 10 of the 41 chapters in which Genji figures, including the Broom Tree chapter, which provides a reprise of the themes of the book. In romanticized but essentially truthful fashion, The Tale of the Heike describes the late twelfth-century political intrigues and battlefield clashes that led to the eclipse of the Kyoto court and the establishment of a military government by the rival Minamotho (Genji) clan. Its underlying theme, the evanescence of worldly things, echoes some of the concerns of the Genji, but its language preserves many traces of oral composition, and its vigor and expansiveness contrast sharply with the pensive, elegant tone of the Genji. The selections of the Heike, about 40 percent of the work, are taken from the translator's complete edition, which received great acclaim: this version of the Heike is superb and indeed reveals to English-language readers for the first time the full scope, grandeur, and literary richness of the work.—Journal of Asian Studies For both the Genji and the Heike abridgments, the translator has provided introductions, headnote summaries, and other supplementary materials designed to help readers follow the sometimes confused story lines and keep the characters straight. The book also includes an appendix, a glossary, a bibliography, and two maps.

The Tale of Genji Murasaki Shikibu,2018-04-03 The most famous work of Japanese literature and the world's first novel—written a thousand years ago and one of the enduring classics of world literature. Written centuries before the time of Shakespeare and even Chaucer, The Tale of Genji marks the birth of the novel—and after more than a millennium, this seminal work continues to enchant readers throughout the world. Lady Murasaki Shikibu and her tale's hero, Prince Genji, have had an unmatched influence on Japanese culture. Prince Genji manifests what was to become an image of the ideal Heian era courtier; gentle and passionate. Genji is also a master poet, dancer, musician and painter. The Tale of Genji follows Prince Genji through his many loves and varied passions. This book has influenced not only generations of courtiers and samurai of the distant past, but artists and painters even in modern times—episodes in the tale have been incorporated into the design of kimonos and handicrafts, and the four-line poems called waka which dance throughout this work have earned it a place as a classic text in the study of poetry. This version by Kencho Suematsu was the first-ever translation in English. Condensed, it's a quarter length of the unabridged text, making it perfect for readers with limited time. Not speaking is the wiser part, And words are sometimes vain, But to completely close the heart In silence, gives me pain. —Prince Genji, in The Tale of Genji

The Tale of the Heike Helen Craig McCullough,1988 The Tale of the Heike is one of the masterworks of Japanese literature, ranking with The Tale of Genji in quality and prestige. This new translation is not only far more readable than earlier ones, it is also much more faithful to the content and style of the original. Intended for the general audience as well as the specialist, this edition is highly annotated.

**The Tale of Genji** Murasaki Shikibu,Murasaki Shikibu,2010-03-10 What Waley did create is literary art of extraordinary beauty that brings to life in English the world Murasaki Shikibu imagined. The beauty of his art has not dimmed, but like the original text itself retains the power to move and enlighten.—Dennis Washburn, from his foreword Centuries before Shakespeare, Murasaki Shikibu's The Tale of Genji was already acknowledged as a classic of Japanese literature. Over the past century, this book has gained worldwide acceptance as not only the world's first novel but as one of the greatest works of literature of all time. The hero of the tale, Prince Genji, is a shining example of the Heian-era ideal man—accomplished in poetry, dance, music, painting, and, not least of all to the novel's many plots, romance. The Tale of Genji and the characters and world it depicts have influenced Japanese culture to its very core. This celebrated translation by Arthur Waley gives Western readers a very genuine feel for the tone of this beloved classic. This edition contains the complete Waley translation of all six books of The Tale of Genji and also contains a new foreword by Dennis Washburn with key insights into both the book and the importance of this translation for modern readers.

Shanks' Mare Jippensha, I.,Satchell, T.,2001 A pair of irrepressible scoundrels are the heroes of this madcap chronicle of adventure, full of earthy humor, along the great highway from Tokyo to Kyoto. The lusty tale of their disreputable doings is Japan's most celebrated comic novel. Shank's Mare was originally issued serially beginning in 1802, and was so successful that the author wrote numerous sequels, appearing year by year, until 1822. This novel portrays all the varied colors in Japan's Tokugawa era.

*The Tale of Genji* Murasaki Shikibu,2013-02-06 In the eleventh century Murasaki Shikibu, a lady in the Heian court of Japan, wrote the world's first novel. But The Tale of Genji is no mere artifact. It is, rather, a lively and astonishingly nuanced portrait of a refined society where every dalliance is an act of political consequence, a play of characters whose inner lives are as rich and changeable as those imagined by Proust. Chief of these is the shining Genji, the son of the emperor and a man whose passionate impulses create great turmoil in his world and very nearly destroy him. This edition, recognized as the finest version in English, contains a dozen chapters from early in the book, carefully chosen by the translator, Edward G. Seidensticker, with an introduction explaining the selection. It is illustrated throughout with woodcuts from a seventeenth-century edition.

**Nihongi** ,2011-07-12 Nihongi: Chronicles of Japan from the Earliest Times to A.D. 697, often called the Nihonshoki, is one of Japan's great classics of literature. Regarded as one of the seminal original authorities on the mythology and ancient history of Japan, it remains as fresh today as when it was written in the eighth century. It provides a vivid picture of a nation in formation. In the Nihongi, we see the growth of national awareness following the assimilation of Buddhism and the general Chinese and Indian influence on Japanese culture. Before its history stretch the mysterious archaeological ages of Jomon and Yayoi. From the first chapter, “The Age of the Gods,” the fantastic world of ancient Japan is laid before us. Ritual myth and superstition meet with bare feet and folk custom. Strong emotions and conflict are seen surging in Japan’s antiquity. Few historical documents are as “human” as the Nihongi. For a thousand years, emperors, scholars, courtiers, and imperial historians have found in the Nihongi knowledge and guidance. It remains a key to early Japan, a gateway to the actual old Japan. The translator of the Nihongi, William George Aston, pioneered the translation of Japanese into English.

**Murō Saisei** 1985

A History of the Japanese People from the Earliest Times to the End of the Meiji Era Frank Brinkley,1915 This lengthy work contains 150 woodcut illustrations and intricate maps which help outline the complex story of Japan from its prehistory andearliest mythology to the more modern conflicts with China and Russia.

Adaptions of Western Literature in Meiji Japan J. Miller,2001-12-06 This book examines three examples of late nineteenth-century Japanese adaptations of Western literature: a biography of U.S. Grant recasting him as a Japanese warrior, a Victorian novel reset as oral performance, and an American melodrama redone as a serialized novel promoting the reform of Japanese theater. Written from a comparative perspective, it argues that adaptation (hon'an) was a valid form of contemporary Japanese translation that fostered creative appropriation across many genres and among a diverse group of writers and artists. In addition, it invites readers to reconsider adaptation in the context of translation theory.

Industrial Development in Postwar Japan Hirohisa Kohama,2007-10-04 Structured into sub-sector by sub-sector analyses, this book provides a clear and accessible examination of industrial development, without over-generalizing or being weighed down by historical details. Written by an authority in the area of development economics it explores the companies and the individuals that have pushed Japan's economy forwards. Kohama situates the ‘miraculous growth’ of the Japanese economy in the 1960s in the trade liberalization policy of 1960 and the income doubling plan that commenced in 1961, yet also analyzes the pre-war structures that were in place to facilitate such a 'miracle.' Combining policy analysis with empirical industry-specific analysis, he argues that private dynamism was the real driver of change, rather than policy alone. Reviewing the macroeconomic development of the economy but focusing on the development of the industrial sub-sectors that dominated Japan’s industrial scene at various stages of development and structural changes that happened in the process of industrial development, this book is ideal reading for graduate students taking courses on economic development.

**The Tale of Genji** 1976 Set in 11th century Japan, the work recounts the life of a son of a Japanese emperor, known to readers as Hikaru Genji, or Shining Genji. For political reasons, Genji is relegated to commoner status (by being given the surname Minamoto) and begins a career as an imperial officer. The tale concentrates on Genji's romantic life and describes the customs of the aristocratic society of the time. -- Wikipedia.com.

**The Silver Spoon** Kansuke Naka,2015-07-20 Japan's most beloved memoir from the early twentieth century, an extraordinarily beautiful evocation of the world of childhood (Howard Hibbett).

Botchan Sōseki Natsume,2013 Following the death of his mother, it is the servant Kiyo who provides Botchan with the only love and understanding he knows. When his father dies, his brother gives him a small portion of the legacy and disclaims any further family responsibility. So Botchan's story begins.
