**Transgressive Sex** Hastings Donnan,Fiona Magowan,2012-02-15 Sex is often regarded as a dangerous business that must be rigorously controlled, regulated, and subjected to rules. Sexual acts that defy acceptable practices may be seen as variously defiling, immoral, and even unnatural. They may challenge and subvert both cultural preconceptions and the social order in a politics of sexual transgression that threatens to transform permissible boundaries and restructure bodily engagements. This collection of essays explores acts of sexual transgression that have the power to reconfigure perceptions of bodily intimacy and the social norms of interaction. Considering issues such as domestic violence, child prostitution, health and sex, teenage sex, and sex with animals across a range of settings from contemporary Oceania, the Pacific, South Africa, and southeast Asia to Euro-America, this book should interest all those who question the naturalness of sex, including public health workers, clinical practitioners and students of sex, sexuality, and gender in the humanities and social sciences.

**The Girl with the Shark's Teeth** Cerrie Burnell,2019-01-03 Minnow is different from the other girls in her town and there's plenty to set her apart: the blossom of pale scars which lie beneath Minnow's delicate ears, the fact that she has an affinity with the water which leaves people speechless, and that once - she is sure - in deep, deep water, her body began to glow like a sunken star. When her mum gets into trouble and is taken from their boat in the dead of night, Minnow is alone with one instruction: sail to Reykjavik to find your grandmother, she will keep you safe. Minnow has never sailed on her own before, but the call of the deep is a call she's been waiting to answer her whole young life.Perhaps a girl who is lost on land can be found in the Wild Deep.The stunning middle grade debut from Cerrie Burnell

**Field Guide to Drawing & Sketching Animals** Tim Pond,2019-01-02 Artist Tim Pond's lively and engaging book fuses science with art, providing the reader with the skills, techniques and knowledge they need to create sketches of animals filled with life and movement. There are some very good books written on life drawing, yet when it comes to drawing wildlife, illustrators and artists often revert to working solely from photographs, which can leave the artwork looking lifeless and flat. In this inspirational book, artist Tim Pond shows you how to observe and draw animals in zoos, farms, wildlife parks and aquariums, teaching you some fascinating facts about the animals along the way and ultimately bringing you closer to nature. One of the challenges with sketching wildlife is that animals are constantly moving. However by having some basic understanding of the biology of an animal, such as knowing that a duck has a cheek or that a cheetah can't retract its claws, can influence how you might sketch them, and results in a lively drawing that captures the form, movement and ultimately the spirit of the animal in question. Combining scientific knowledge with expert practical guidance is key to creating successful drawings of animals, and Tim's ability to convey this in a way that is both accessible and engaging makes this a unique and inspiring guide suitable for artists of all levels. Tim's book takes you on a journey of discovery that will enable you to develop the skills, techniques and knowledge you need to sketch a broad range of wildlife, encompassing mammals, reptiles, birds, fish and insects. It includes quick, gestural sketches as well as linear and tonal studies, in a variety of media - pencil, pen and ink, and watercolour. There are numerous studies comprising how to represent the different patterns of animals' coats, how to capture the plumage of an exotic bird in watercolour, and how to sketch a hippo's hooves, as well as guidance on tools, materials and basic techniques. The result is a treasure chest of fascinating facts, studies, sketches and annotated drawings that will not fail to ignite your enthusiasm for drawing animals from life.

**Across an Angry Sea** Cedric Delves,2019-01-01 In early summer 1982--winter in the South Atlantic--Argentina's military junta invades the Falklands. Within days, a British Royal Navy Task Force is assembled and dispatched. This is the story of D Squadron, 22 SAS, commanded by Cedric Delves. The relentless tempo of events defies belief. Raging seas, inhospitable glaciers, hurricane-force winds, helicopter crashes, raids behind enemy lines--the Squadron prevailed against them all, but the cost was high. Eight died and more were wounded or captured. Holding fast to their humanity, D Squadron's fighters were there at the start and end of the Falklands War, the first to raise a Union Jack over Government House in Stanley. Across an Angry Sea is a chronicle of daring, skill and steadfastness among a tight-knit band of brothers; of going awry, learning fast, fighting hard, and winning through.

The Oxford Art Book Emma Bennett,2018-09-12 A colourful showcase of one of the most beautiful cities in the world. Inspired by Oxford's unique architecture and historic university, over 50 artists have produced a unique collection of contemporary images illustrating all aspects of the city and surrounding area. Its ancient buildings are the wonder of the world, still used and inhabited by an energetic and passionate student community. From tightly-packed Cornmarket street catering for the shoppers of the busy city to Oxford's lush riverside walks that provide an asylum from the bustle of everyday life, to traditional St Giles's Fair and May Day that attract visitors from across Oxfordshire and beyond, this book represents them all, including: - Quirky hidden gems such as The Eagle and Child (the pub frequented by J.R.R. Tolkien and C.S. Lewis) and the many cafes of the Covered Market - Innovative representations of classic tourist sites: the Bodleian Library, the Radcliffe Camera, the Sheldonian Theatre, Christ Church College, Magdalen College and many more... - The Mini Car Plant and Cowley Road transformed into artworks There is so much to wonder at in this lovely book. Its enthusiasm reveals a passion for both contemporary art and the lovely city of Oxford. It will renew memories and inspire visits and revisits to all its haunts.

DI Maya Rahman is running out of time. A headmistress is found strangled in an East London school, her death the result of a brutal and ritualistic act of violence. Found at the scene is a single piece of card, written upon which is an ancient Buddhist precept: I shall abstain from taking the ungiven.
