Jumping for Joy Chris Scullion,2022-09-08 The platformer is one of the most well-loved video game genres ever, having entertained players for over 40 years. Jumping For Joy is a celebration of everything platform games have to offer, spanning their entire history. The first part of the book is a complete guide to every platform game starring Mario, Nintendo's mascot and the most popular video game character of all time. With nearly 80 games featured in this section, it's the definitive history of a true gaming hero. There are always two sides to every story, though, so the second part of the

book focuses on every one of the 50+ platformers starring Sonic the Hedgehog, Mario's former rival. After this it's the book's main course: a huge 100-page section detailing 50 other iconic and notable platform games covering the entire history of gaming, from the days of the Atari 2600 and ZX Spectrum all the way up to the Nintendo Switch, PS5 and Xbox Series X/S. Whether you're a long-time veteran of platform gaming or a newcomer who wants to learn more about one of the most entertaining genres in video games, this is the perfect book for you. And there are some bad jokes in there too, if that's your thing.

Ultimate Speed Samuel Hawley, Craig Breedlove, 2018-10-02 An L.A. hot rodder with a high school education, a family to support and almost no money, Craig Breedlove set out in the late 1950s to do something big: harness the thrust of a jet in a car. With a growing obsession that would cost him his marriage, he started building in his dad's garage. The car's name: Spirit of America. Through perseverance and endless hard work, Craig completed Spirit and broke the land speed record on the Bonneville Salt Flats, setting a new mark of 407 mph in 1963. In the early 1970s he turned to rockets and set an acceleration record at Bonneville that stands to this day. He built a jet car in the 1990s, Spirit of America-Sonic Arrow, to go head-to-head against Britain's ThrustSSC to be the first to Mach One. Craig's subsequent crash at 675 mph remains the fastest in history. Even today, at the age of 80, he is going strong with plans for yet another Spirit of America racer. The ultimate goal: 1,000 mph. Ultimate Speed is the authorized biography of Craig Breedlove, a candid revelation of one of motorsports' most interesting figures based primarily on countless hours of interviews with Craig and dozens of people connected to his life.

Wayne how to really throw a movie punch. Life also got exciting outside of the movie business. I had my Ferrari stolen right from under my nose, flew in a twin-engine Cessna with a passed out pilot, rescued the cast and crew from a Russian invasion in Czechoslovakia, and once took six flight attendants on a date. I owned the Skoal-Bandit NASCAR race team, the sound-barrier breaking Budweiser Rocket Car and drove a souped-up, fake ambulance in a little cross-country race called The Cannonball Run, which became the movie I directed by the same name. Oh yeah, I also directed Smokey and the Bandit, Hooper and several other action/comedy movies that I liked a bunch. I was a sharecropper's son from the hills of Arkansas who became a Hollywood stuntman. That journey was a tough row to hoe. I continually risked my life but that was the career I chose. I was never late to the set and did whatever I had to do to get the job done. Hollywood's not all sunglasses and autographs. Let me tell you a few stories...
